Now I know - also extorted.. with their false narrative.

....all under fraudulent identity theft, as a target, to test on with military weaponry and slow kill while trying to steal everything.

With forged life insurance plan and inheritance theft.
Medical tampering.

Hundreds sent after me.
Real estate. Honeypots. And hitmen.
All Being paid with fraudulent funds. That we the people pay for- since we pay for the system.

Weapons: They attacked my heat, throat, bladder and stomach, caused cancer and cysts, and my heart issues. Bone fragility, crumbling.

I have a deadly cyst in my neck, on my brain stem, in my spine-
and can't work or drive.
Bonus- the car wreck. Broke my neck and pelvis.
God brought me back.
They were trying to kill me and my son. Again.

These weapons are SO bad. 💔🙏🙏

Commonly- we have a left eye droop. This is from them trying to attack the consciencesness lobe of the brain.
