Heart Attack! WARNING ~ Deadly 'Graphene' in Everything & ‘LifeWave' ~Triggered by 6G EMF Radiation

Heaven on Earth is Real! Why Are Demons Burning It To Hell?

February 2026, I was deemed a ‘Miracle’ having survived a Massive 4th stage heart attack via life threatening ‘electrocution’. This deadly attack began in a southern Ontario, Blue Mountain ski hill parking lot.

Soon after, I validated some disturbing information, which has been hidden for years, regarding the popular LifeWave patches! I know doctors that recently uncovered and published similar info, who were threatened by LifeWave lawyers with lawsuits, if they did not remove their research backed information immediately! I was also threatened by LifeWave to remove this well researched and affirmed information. I wonder why?

This is also relative to information I received in 2021, surrounding the murder of Dr Andreas Noack, world authority on ‘Graphene’, a Grey Alien technology, since 1954, which has weaseled its way into all facets of Pharma, as part of the 1974 90% world depopulation plan.

February 20, 1954, President Ike Eisenhower signed the ‘Graede Treaty’1 with the Grey aliens, a breed of Artificial Intelligence (AI), which have since contributed significantly to US military operations, stealth technology, EMF 1G to 6 Gigabyte technology, fiber optics, the PCR and the bioweapon, including a vast infusion of deadly razor like graphene ‘nano technology’… aka ‘black goo’, which is poisoning the planet … inclusive of the entire human population and ‘wildlife’. Is this a living ‘X-File’?

So what does this have to do with being electrocuted in a ski hill parking lot . . . and what are the implications and impact on All Humankind?

6G Will Expose Entire Populations to Largely Untested Terahertz Radiation, Enable AI Brain Chips, and Allow Through-Wall Surveillance

Dr Noack Video.
Dr Noack stated, “Graphene hydroxide, nano-scale structures, best described as razor blades, injected into the vein are not biologically de-composable … They will cut up the epithelial tissue (blood vessels) . . . There are pictures of coagulated blood coming out the nose. People bleed to death from inside, especially athletes who are dropping dead having fast flowing blood . . . Doctors should ask Pfizer why these razors are in the vaccine? Now they want to force vaccinate children from age 5!??? In 2021, Dr Szekeres, President of Austrian medical board, recommended an ‘off label’ promotion, to ‘immunize’ 5 to 11 year olds!!!”
I am so grateful I recorded the meeting, as Dr Noack was murdered the next day. It is believed that he was struck by a DEW - Direct Energy Weapon, which made him incoherent. His pregnant girlfriend was beside herself, as he was taken away in a ‘strange’ van.
Since his death, Pharma has been putting deadly graphene in everything possible. If you wonder why millions, including youth, are suffering heart attacks and bleeding out of the nose … Think ‘graphene’! It’s even in the PCR tests, which also contain ethylene oxide and Gates 2012 patented nanochip - ‘WO2020060606’![3]
In 2022, just months after the murder of Dr. Andreas Noack, ‘Magneto Genetics’ published an article on the use of graphene in human cells; “to utilize a set of receptors capable of perceiving physical cues from their environment, which are involved in physiological processes, such as touch or nonciception[4] and in pathological processes like cardio myopathies or cancer progression.
During the last years, much effort has been devoted to the development of tools for remote manipulation of these cellular functions, using non-invasive stimuli such as light, electricity, ultrasound or magnetic fields. These technologies can contribute to shedding light on our understanding of biological processes, paving the way for the development of exciting tools useful in basic research and clinical applications.”[5]

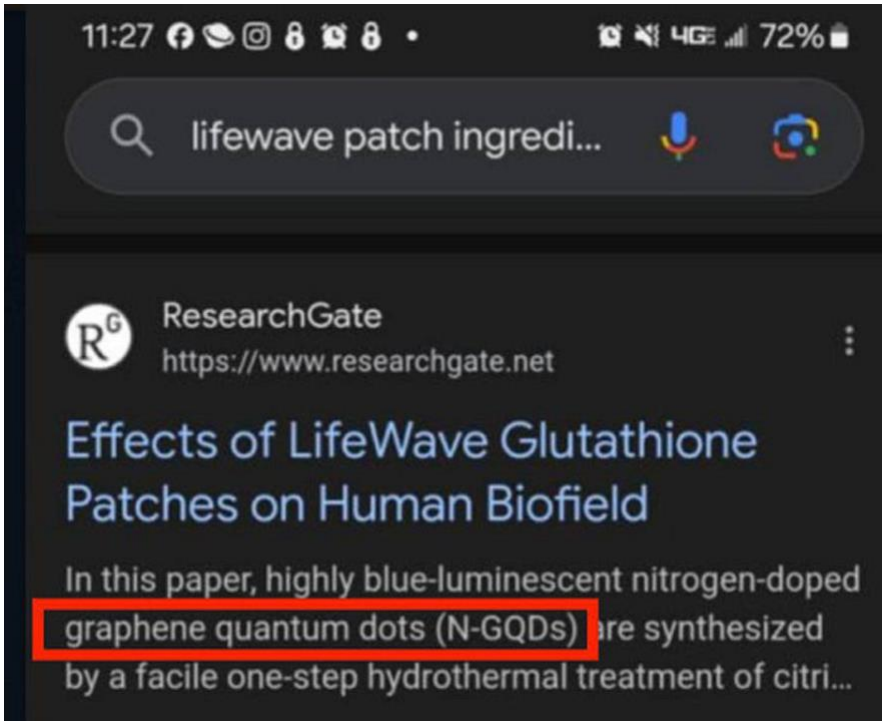

This is mass genocide! Wake up world!!

I also wondered why I was attacked, in the parking lot, and my husband wasn’t? Later, it dawned on me that I had an ‘X’ 39 Lifewave patch on the back of my neck (1st attack), and an X49 Lifewave patch directly on my heart (2nd attack). He has never used LifeWave patches.
Weeks after the ‘accident’, I discovered heavily guarded research and info that there IS graphene in LifeWave.
LifeWave claims its patches are designed to regulate thermodynamic energy flow within the human body, according to the company’s patented technology. They claim this is achieved through a “biomolecular wearable apparatus that modulates thermomagnetic energy-flow, aiming to produce beneficial effects, such as improved strength, stamina, and pain relief.”

Conclusion

The evidence strongly suggests that LifeWave is conducting an unapproved, LIVE MEDICAL FIELD EXPERIMENT on people without their Informed Consent. This is beyond unethical and downright criminal.
If a company can deceive you and say they are not using transdermal drug delivery when they actually are, what else are they capable of? Why is LifeWave using experimental drugs, which penetrate cell membranes … and lying about it?

The capabilities of LifeWave patches to spy on you and harvest your biometrics are truly frightening. The potential that this is the next generation of 6G warfare is highly probable.
It is almost impossible to find the whole truth from ResearchGate - particularly on graphene, as it is being hidden from the public. I did discover that Graphene is being put in our food, water, pharma products and God knows what else!!!

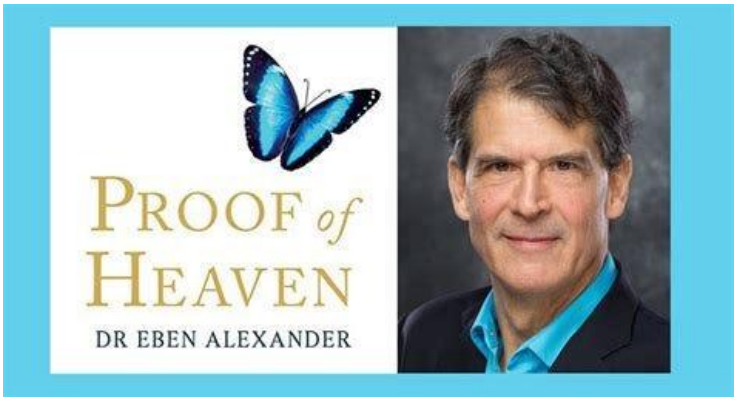

Here we can see that the **LifeWave Glutathione patch** is using nitrogen-doped **graphene quantum dots (N-GQD's).**
Now, why isn't N-GQD mentioned in the LifeWave patents? Allegedly, that's because it's hidden under a trade secret. LifeWave doesn't want to explicitly reveal the entire nature of their patent inventions. Understandable! However, since this element (graphene) is DEADLY to all life forms, it is essential that their 'Marketers' are aware of this. Are they not liable for damages???
Pharma did the same with the Covid-19 vaccines, which also contain graphene.
Since the murder of 'Graphene's world authority, Dr Andreas Noack's warnings were buried, and today graphene appears to be added into EVERY possible venue for human and animal ingestion, as well as packaging, replacing poisonous PFA's … with something far more DEADLY!!

Where Life Began ~ Miracle #1

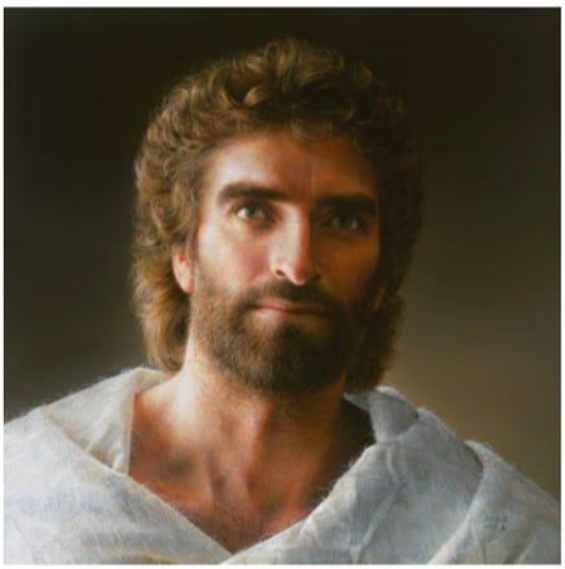

When I was 2 years young, I had a Near Death Experience (NDE) following receipt of the MMR vax. I was not given the full details until 60 years later. This poison dart sent my spirit out of the body that was in a coma on life support… for 2 weeks!
I had a photographic memory of every detail of the experience, from becoming feverish, delirious; feeling as though I was standing in a milky red river, with giant white pill like discs spinning towards me and passing by … Then there was one with a ballerina in a pink tutu, on

toe point spinning in the opposite direction heading straight for me. I had to get out and, in a flash, was hovering on the ceiling over my lifeless body below, with arms folded across the chest … A petite, elderly women, my grandmother, with purple tinted white hair, a cream coloured dress, with forget-me-nots all over, was sitting beside me, with her hand on my crossed arms, pleading … repeatedly;
"Hold on dear… They'll be here soon dear… Just hold on dear…."
In the next moment, I was lifted up through a misty tunnel towards a rainbow of colours, then burst through to Heaven. A lovely woman greeted me …… (*11 years later, after my grandfather died, my father put a photo of her on the buffet. I asked who she was and he said, that's my Mother Emily, who died when I was 10 years old!)*"
Right behind Emily was the most handsome man, Jesus … the real Saint! He asked if I wanted to return… I responded with an emphatic, "No way!"
It was the most beautiful and glorious place, with profound music of the Spheres and an angelic choir singing in the distance. There was a kaleidoscope of colours and beyond in the foliage and flowers. I recall a bumble bee crawling up my arm, then a fox and rabbits frolicking through the meadow!
Along the path, I was greeted by elder Angels, who asked how I was and if I wanted to go back. Although I did not want to return to Earth, from the most glorious place in the universe, after a time, I approached a large white marble table, Jesus at the head and all the 'elders' I met on the path, around it. One was stating, "She really doesn't want to go back, she loves it here!"
Jesus looked over at me and said, "Yes!" … "But, it's Not Her Time Yet!" At the moment he slammed his fist on the table, my Mother unzipped the oxygen tent and said, "Oh Suzi, you're awake! I am so sorry you didn't get to meet your grandmother. She had to leave this morning." I said, "But I did!" and described what I saw as I departed. Not another word was spoken about it … my entire life.
It wasn't until 2013, after reading neurosurgeon, Dr Eben Alexander's story "Proof of Heaven" that I discovered the whole Truth, from my eldest sister, Katelyn (8 years elder). I shared with her Eben's story of his NDE, after acquiring spinal meningitis, which ate 2/3rds of his neo cortex, followed by a miracle recovery.[6]

Katelyn said, "I remember when that happened to you. You received the MMR vaccine. You got pneumonia, scarlet fever and the mumps all at once, and your temperature soared to 109. You were rushed to the hospital and put on life support. Mom came home crying every day. On the

7th day, they told Mom they were going to pull the plug, because if you survived, you would be a complete vegetable she would have to look after the rest of her life. She rushed home, built an oxygen tent in your bedroom and brought you home. You were in a coma on life support for 2 weeks!"
Around the same time, I was also introduced 'online' to child prodigy Akiane, via her first painting of Jesus, at age 7. This is a realistic version of the man I met on the other side. He has been my guiding Light throughout this life journey.

This news shed light on my entire life and presented a whole new revelatory perspective! That was the first of 4 'MIRACLES, which I have been blessed with in this lifetime. Prior, I thought meeting Jesus was just a really good dream and everyone had experiences similar to mine! What a blessing!

Miracle # 2

The 2nd Miracle took place at age 9, when I was having difficulties breathing, as discovered in 4 sets of X-rays … It was determined that I acquired bronchiectasis ~ half of the left lung was shriveled up and was to be amputated.
My mother brought me to Sick Kids hospital in Toronto for the surgery. I loved being out of our smoke filled chaotic home - (my father was a WWII double leg amputee, veteran and alcoholic - my mother was a WWII Lieutenant and his nurse). I enjoyed sneaking out, with my hospital roommate (a girl my age with a heart condition), during the night shift change and going up and down the elevator… It was a shock to the new shift when we came tiptoeing off the elevator.
The next day, the doctor did a new set of X-rays and claimed that the last 4 sets must have been someone else's?? My lung was healed and in perfect health. So instead they took out my tonsils!!! I suppose they needed an excuse for bringing me in?

Miracle #3

In 1997, I had acquired 4th stage colon cancer, with a two week death sentence, after 16 years of compounded pharmaceuticals. This began in 1981, following receipt of a parasite acquired from an airline 'ice-cube', while on a trip to a spiritual retreat in Tucson, Arizona. The disease progressed over a 15 year period, caused by the pharma drugs, which progressed it to colitis, then ulcerative colitis, to acute ulcerative colitis, to colon cancer, and finally, 4th stage colon cancer, with a 2 week death sentence, if I didn't have the entire colon removed immediately! While the doctor went to book the surgery, I began to pray, "Dear God, Please don't let anyone rip anything out of this body … Pleeease just tell me what I need to do to heal myself!" Dr. J. Hollingsworth returned 15 minutes later, shaking his head and appeared to be on the brink of tears … "I don't know what is going on here. The surgery room is booked solid for three weeks! I have never seen anything like this! It has Never been booked more than 1 day in the history of the hospital! I don't know how you will manage. I can give you some pain killers …"
"I'll be fine!" I was jumping for joy inside! "Thank you, God!" I assured the doctor that everything was going to be alright. Then during the hour and 45 minute drive home miracle after miracle evolved … All pharmaceuticals went in the garbage … I changed my diet, switched to healing herbs, vitamins and more. When I returned 3 weeks later, the doctor said, "I hope you brought your suitcase." I replied, "I did, but I don't think I'll need it." He laughed and did a pre-surgery exam … then asked, "What have you done?"
I responded, "Why do you ask?" … "Because I want to know what have you done?" Again I responded, "I want to know why you are asking! …
"I want to know, because if I had never seen you before … and I didn't have this on record… If this was the first time you walked in my office, I'd swear you were never sick one day in your life! I have never seen such a healthy colon!"
I wrote down everything that I did … diet, vitamins, minerals, reference books, etc. Then he wrote "MIRACLE" in red ink on the last page of the 7" think binder. He said he'd take a 1 year sabbatical in London, England to study this… He never came back.
My general practitioner asked me if he could send patients to me for advice, if they wanted … "Of course!" He sent several, with whom I would share my story… then never heard from them again. Three years later I ran into the doctor in Walmart and asked, "What happened to all these people?" He responded, "They are all healed… even the one with Lupus???"
l have since shared my entire story, via email, including recommended books and miracle tea remedy, with hundreds of people who have asked. "LOVE Heals All!" (Full story here)[7]

Miracle #4

I have received a sign from above that my mission on Earth is not yet complete. As Jesus said, when I was 2, "It's Not Her Time Yet!!"
Due to a plethora of revelatory experiences, I received the message that I may be one of 144,000 'angels' on Earth, here to guide humankind through and out of Earth's Apocalyptic

attack … headed by demons and diabolic forces, including Pharma, employing alien technology, poisons and electronic weaponry against all humankind.8

Although the origins of world destruction date back multiple civilizations, this current phase was initiated via the Vatican and Nathan Rothschild's 'Central' Bank that funded Napoleon's war, with payback in gold… only. This continued into the 1800's, via Eugenicist Freemason, Standard Oil tycoon, JD Rockefeller and his Secret Covenant!9 He and Carnegie bought up and funded ALL Holistic schools of medicine that agreed to incorporate his petroleum poisons, into their God given natural, holistic remedies. The 1910 Flexner Report marked the onset of this master plan, as a precursor to WWI.10

This is WWIII! All things being imposed on US (Universal Self) without our consent … i.e. poisoning of our water, chem-trails, SMART meters, Direct Energy Weapons including 1G to 6G (Musk Satellites)… were created for the battle of Armageddon, the war on humankind … the Apocalypse … as mentioned in Revelations!

We must ALL stand united and shout, "**I Do Not CONSENT**!" for these Demons have No Power over us, when we put up our shield of LOVE - Life's Omnipotent Verities Eternal. If we accept what they throw at us by our compliance or consent, we sign a CON-tract with Satan. We must demand that all poisons and these deadly EMF 'electrocution' devices be removed - immediately.

There is a clean alternative that Nikola Tesla introduced in early 1900s, with his invention of the Tesla coil and alternating current power tower. "Tesla was already widely regarded as America's foremost electrical engineer, having dazzled the world with his groundbreaking inventions and his triumph over Thomas Edison in the "battle of currents." According to Tesla, "When wireless is fully applied, the Earth will be converted into a huge brain, capable of response in every one of its parts."11

Get rid of your 2G to 5G cellphones, go back to land lines - or flip phones and curb your time on computers. If that's not possible, put 'biogeometry' blockers on all your technology.

There are satanic alien forces who entered Earth's atmosphere several civilizations ago … after they destroyed Mars, which was once much like Earth. This is where Earth is now headed, if humankind doesn't wake up, live from the heart, and bow their heads to the Creator of every good and perfect gift.

Photo taken of Mars by Hubble spacecraft in 1990s

January 1, 1971, I experienced a close encounter with 5 Pleiadean ships in Niagara Falls, Ontario at 1 a.m. I had been out with my boyfriend Tom for a drive to see the lights on the Falls and took a drive along the parkway, stopping for a little romance around 9:30 pm. For some strange reason, we both fell asleep shortly after we parked, and woke at 1 a.m., an hour after my curfew. We took a short cut home. As we approached the Chateau Gai Winery, I noticed lights in the sky, hovering over an old abandoned schoolhouse, about 100 feet ahead, and at first thought it was a helicopter. At that moment, the van's engine stalled, right in front of the Winery. Tom was madly turning the ignition key, in efforts to re-start, yet there was not even a click.

I became aware of red and white lights swirling around a disc shaped object, with a strange green coloured light pulsing underneath, in the middle. "That's no helicopter! That's my spaceship come to take me home!" As I started to open the door, Tom, who was petrified, grasped my arm, with a grip so strong that it left five bruise marks! With the door open a crack, I could hear a slight humming sound, something like wind whistling through trees. It was freezing outside, so I closed the door.

In a moment, another disc shaped object joined the first … then another, and another, and another, and one more to make five of these fascinating objects, lit up like a Christmas tree, all hovering just 100 feet ahead of us, over the old schoolhouse. All of a sudden, they took off, in a V formation heading towards the sliver moon. Again, Tom tried the key and it started like magic, as if none of this had happened. I blurted out, "Follow them" … as if!! These ships became distant within two to three seconds, then suddenly vanished in the blink of an eye, from a crystal-clear sky.

Soon after the 'close' encounter, I began having profound 'night long' prophetic, astral visions of major world events (which have since occurred)… as well as all that is yet to come, from 1970s to 2030 and beyond. Over 7 years, there were four, night long, recurring 'revelations', two years apart, with slight variations of future events in each. They were much like feature length

movies, which I moved through on fast shuttle… like scrolling through a video, as an editor does, when selecting the cuts.
Each of the four astral visions, began with a beautiful ocean sunrise and a statement that I was to share with everyone whom I met on my path.
"Only those who consciously acknowledge God as the Source and Essence of their Being as Love, will survive the Apocalypse … that is to come!"
When I presented the above statement to all I met on my way, most rolled their eyes, looked at me strangely, or called me names like 'Jesus freak', or 'Bible thumper'!
I witnessed the stock market crash of 1986, followed by progressive food, land, water and air being poisoned by Pharma… Many wars broke out around the globe in the Middle East, Africa, Europe & Asia; our children and humankind were stealthily programmed and mesmerized; cloning was created in 1990s; manipulation of weather and atmosphere (global warming); medical 'miracle' discoveries were squashed (telomerase), collapse and destruction of significant buildings (World Trade Centre) and worldwide unrest, with an increase in wars, alien weaponry, disease, famine and poverty, technology advanced, poisoning and programing of humans intensified.
This all originated pre-WWI with Standard Oil Tycoon, Eugenicist, Freemason J.D. Rockefeller's PHARMA via patented vaccines (1916 meningitis, 1935 corona, polio, MMR, thalidomide, gas poisons. i.e. agent orange – now chemo therapy! ALL PHARMA IS POISON Intended to depopulate the Earth by 90%! (see "1974 Kissinger Report !"[12])
I was shown the battle of Armageddon, of good and evil, accentuated in 2013 leading up to World War III (Apocalypse), which launched in 2020. I saw the onset and continuation of devastation to our food supplies, massive drought, and the burning of entire forests, poisoning and drying up of water supplies, hurricanes, tornadoes and earthquakes worldwide, followed by Tsunami's and flooding that will sink and obliterate massive stretches of the US – all the way up the Mississippi, to the Appalachian Mountains, as well as the entire West coast along the San Andreas fault line. Edgar Cayce had a similar vision. His map is a close facsimile to what I perceived.

In the first 3 visions, near the end of this devastation, dark clouds, like black ink, closed in on me. Suddenly, a resplendent ray of light burst through a pinhole in the sky and swiftly, yet gently 'beamed me up' into a massive 'Galactic' spaceship.
I was awestruck by the vision before me … a gargantuan luminous egg-shaped room, with dazzling white walls scintillating like stars… Before me rested an array of beautiful, radiant beings sitting in lotus position on the floor.
At the front of this domed space was a smooth white marble throne like chair. On either side were large crystal balls with lights, every colour of the rainbow, swirling inside. I scanned the room and noticed one remaining space … at the foot of the throne, and stealthily moved into it, greeting each one with smiling eyes, as I passed.
Pristine silence blanketed the space, with an air of anticipation, as everyone's attention riveted on the magical appearance on the throne, of a saintly being … A Man, in a long white robe, (much like in the 1977 movie Star Trek). His eyes sparkled like turquoise diamonds, his skin was gold like brass, with a 'halo' of soft white hair crowning his head.
He spoke in a powerful deep, yet calm, resonant tone … His perfectly chosen words were mesmerizing, like a song. Although I didn't fully understand what he was saying, I knew I had to listen attentively to every word, without thought, etched in the heart. Intuitively, I knew that all on this ship were to prepare to start the world anew!
In 1978, at a concert in Toronto, I met a brilliant Renaissance Man, who I am certain was the man I met on the spaceship, in the apocalyptic visions, throughout the 1970s! He was the conductor of the Star Scape Singers, who became and is my spiritual Mentor and Guide.
"What you are conscious of will constitute your experience!" Kenneth G. Mills.

The Star Scape Singers, conducted by Kenneth G. Mills, The Fire Mass, "Kyrié"[12]

The prime remedy for 'Peace on Earth' is Love, which is the essence of All Creation! Everything we see in the world today, which is not founded on Love, Truth, joy, peace is 'manufactured' - particularly if it is negative and/or instigated by FEAR - False Evidence Appearing Real!

A clear understanding of who and what we truly are, is LOVE - Life's Omnipotent Verities Eternal, which is how we entered this world via the womb. We must FEAR Not … and wrap ourselves in the Light of Love that radiates from the heart of our Soul! This is our shield, while Truth is our sword. In this state, that which is not real cannot touch or enter. It is this Love Light, which radiates from the heart, upon the death of the form, to return to our eternal Heavenly home.

Here is a Prayer of Protection that I received in 1980 from my Mentor, Kenneth G Mills,[13] which I state before going out into the world. Remember "Love Heals All"!

"First imagine a white light coming from the 3rd eye - like the Star Wars sabre- and wrap yourself like a mummy from the top chakra down to your toes and back up to tuck under your

arms to protect the heart. Then imagine being in the middle of a 6-foot hoop that ignites in a flame, like lighting a BBQ. With palms up and fingertips pointing to the hoop, bring the wall of flame up overhead, until your palms meet, then bring them down to the heart in prayer." State this poem.
