Angela Duschenes the viscious violent home health aid forced out of Agawaum housing authority because she was a troublemaker I believe she was worst than that she was a selfish killer,who had decided Stephanie's husband was to be hers. Angela Duchenes hated Stephanie who was treated and tortured by Angela to drive her away using Stephanies husband so she ,Angela Homeless now,no one wanted her could move in 4 women moved out of my building because of this viscious violent bitch and her control over Don McLaughlin and through him control over his pathetic but stoic wife Stephanie..
Autumn, Pat, Chris ,and now me. At this time I have decided to move. 16 sept 2026. Mike Lane our pervert neighbor next door to Don is also active with Mike's girlfriend Judy the jew hater " because the Jews killed Jesus" . Michelle witnessed that scream from Judy jumping up in my face. I had a shirt on that said "by a Auchwitz prisoner ," If there is a god he will have to beg my foregiveness" She asked me to explain,I said he had lost his faith ,this is when she jumped up and screamed in my face,"but they (meaning the Jews) had killed Jesus."I know she hates me for being an Athiest, as I mistakenly told her, not interested in her drival. I knew more about her religion than she ever would ,thats why im an athiest,ten years I read about Catholic Church, Islam and Judiasm. I know they are the" men's club for men." In ancient times the women invented Democracy, they were called Oracles. Oracles were destroyed by the CC by sodimizing young boys considered unclean after they were sodimized by" THE WAY " CC, and branding the women evil as witches.*****
Today Mike is under Judys control after the stress Judy caused Mike's wife ,a diabetic she died sooner than later, because of Judys friendship and suggested as was Judys MO,to have Aldana harrass me. That made Aldana who now had a best friend to please, more than willing to please Judy. The day before Aldana died , that morning she came over to Judys door. and shouted in our echo chamber hall,,"Mike has these weapons (frequency devices),I dont."
She knew I would hear her,she shouted it and knew where I sat.
 She died the next day. Explain diabetic.*******
I think Aldana and I liked each other and I was very sad when she died. Judy slid into her place,I think it was Mike's car she liked more than Mike.

Angela used to come over to Caroline Ave every day 6-7 times a day. Lighting up Don like a light bulb,he went into a raving rant for a year and a half all day every day, and that's during the time Autumn,Pat and Chris moved in and out. I didnt understand it,no one said anything , not one person spoke out in Stephanie's defense except me, it was not only Stephanie's elder abuse but all of ours. I told Don and Angela if anything happens to Stephanie I'll go to the police. That seemed to calm Angela down and then she started to point her attention on me. She threatened to have me incarcerated,then she asked twice if I would take over Stephanie's care,I said no twice. I have a family I love very much .Don also told .e he wanted money from me every month in order to live here I had to pay him rent ,I told Stephanie about it and she pooo,pooed it ,oh now it was not extortion.. ok Corri e what was it. Corrine has this pulsed weapons too she followed me to TJMax ,I had told Stephanie that the reason Angela came to live here was because Agawaum had thrown her out. I was told by staff she was a troublemaker. Angela said it was family housing her son turned 18 they had to move but Agawaum didnt find her a place there,, they

brought her here in caroline Ave,"crazy town". Because she's a troublemaker and she's worse than that she is viscious and violent, mean,nasty bitch I ever met, ruthless.The extortion idea was hers. Don just mouthed it.
I brought up the harrassment idea to Stephanie and his screaming at her to pack her bags and leave her reaction surprised me. She started to laugh about it. Sounds like mind control to me. 5 women moved out. I believe Brock Thomas killed a woman named Chris so he could have her apt. Reeva asked me to go to the office about Don ,she felt he was dealing drugs which he was . Angela ,Stephanie and Terry was Dons runners. I told Kate about it,she told Terry to stay away,he didnt so Kate crippled him. He never came again. Kate at least started to get people to stop several things like Stephanie breaking into my apt. Kate when I picked up my keys ,asked me if I was a very generous person,I heard from Tim Robbins son said Kate left with a lot of money for Australia, suddenly he said a group of them was going to go into Boston about Kate. Tim said . She suddenly left.
