AFFIDAVIT OF LISA ANN HILDWINE

State of FLORIDA
County of PINELLAS

On this 16th day of DECEMBER, 2024, LISA HILDWINE appeared before me, an individual known personally to me the person that affixed his/her signature to this document below and being first duly sworn on this oath, hereby deposes and says:

I, LISA ANN HILDWINE, am over the age of 18, and am fully competent in all manner to make this affidavit. I have personal knowledge of the facts herein, and if called as a witness, could and would testify completely thereto.

1. Born June 30, 1964, at the Naval Hospital in Philadelphia Pennsylvania. My mother, Arlene Marie Gimbel and my father found to be Bobby Saint in 2019; both were in the Navy. I am the mother of 4 children, 2 girls the eldest and 2 boys, one of whom I had adopted to the Reeder family in Wappingers Falls, NY. I have 7 grandchildren and 2 great granddaughters.

2. My education includes:
- 1983 Associated Business Careers in Haddonfield, NJ for Medical Secretary.
- 2006 The International Academy of Design & Technology for Digital Photojournalism, Tampa, FL
- 2018 TTC Spa School for Thai Massage Therapist, Chiang Mai, Thailand.

I had 2 education attempts stopped due to covert and overt surveillance and the effects of gangstalking, V2K and RNM.
- 2024 Traditions Herbal School – Herbal Professional Therapist.
- 2021 Gaia Herbal School of Healing.

3. My financial situation is: I am on SSDI for Ulcerative Colitis starting in 2013 after my first severe hospitalization in 2011 for DVT & Pulmonary Embolism. Today this amount is $1,260. It began in the amount of $790.

As of 2024, I now work within the Allsup Ticket to Work Program with SSDI and have a nominal position returning to work with Aquity Solutions as a Medical Scribe at the age of 60. I have to work because I cannot afford the high rents and I am grateful to have work. I need to work Remote because of the ulcerative colitis and I have no transportation, so this allows me this. I was hired FT and make $13 an hour with less than 17 hours a week at this time. My contract is under negotiations because of my situation, I am having connectivity issues and security issues with my ISP. However, I am being promised work with their company. This is an Indian company merging into American Hospitals and I have experienced humiliation with the pay scale and hours offered.

I have worked as a medical transcriptionist for 27 years with 22 of these remote for major accounts across the nation. Starting in Florida with in-hospital work at All Children's Hospital then to a service for 7 years JLG that afforded me the ability to gain my own accounts. In this experience I had over 20 daily different physicians and accounts and it was standardized documentation, and I

was a specialist with Specialty dialects. I had security clearance for CDC within this time. I owned two businesses DocXpress and TransXpress and procured many accounts with the help of my prior employer JLG. My job varied ALL FIELDS OF MEDICINE from Pathology, Diagnostics, Infectious Disease, Psychology, Pediatrics, Cardiology, Geriatrics, Plastic Surgery, Orthopedic Surgery, Bariatrics, Holistic practices, and more. This was when it was typewriter, then to DOS and now to AI.

I have created multiple businesses and have branded myself in 9 businesses.
I create Websites, Logos and obtain all the legal setup necessary to have a full running business.

None of these things I have ever gained great benefit from. Either because of hacking or the inability to maintain a home and the constant moving and attempting recovery. There are a few reports filed on records in attached documentation.

I am the author of 2 books as Bella Moon, Lisa Hildwine
- "The Last of the Ancient Earth Keepers"

4. KNOWN PERPETRATORS AND EVIDENCE

On February 21, 2016, I met a man who was placed in my path. He was homeless and hoping to find a home for him and his 60-year-old girlfriend. He was 23-year-old Shemuel Steven Hidenzikel Lynn Chandler Plasky. AKA Kevin Greene. By this time, 2024, it is known he is a Human Trafficked individual with a large family that has been "handled" by the CPS system in Alexandria, Minnesota. His handler was his 60-year-old girlfriend Melissa Louise Penney.

I met him in Pahoa Hawaii at the Community Center. I tried to help a **homeless** man. This crime that has been carried out has been carried out by his large family and Melissa Louise Penney, and at the start, his "Biological" Mother Cynthia Chandler. The evidence is such that he shared youtube video of him on "Jessie Goes There", "My Boyfriend Lives on Skid Row". This within

the first week. He spoke of a "platform" and his dad was a computer Harley Riding man who died from cigarettes. In the video he said that he was an "aged-out" CPS Foster Kid. He was 23 when I met him. He spoke of "Tampered Food" and this lifestyle is not something I was accustomed to.

By the 4-5 week, his girlfriend Melissa was horrifically stalking, harassing and threatening me. When my cat was killed, a fled my home on Opihikao, where I had just signed a lease. This man followed me and asked for my help to get away from her. He asked me to go to Social Security to get his money, which I became his Payee for Social Security, opened his account and sent him on his way.

Before he returned to his family in Minnesota, the stalking included hacking into my gaiaVision808@gmail account to steal my Copyright for the book from my Publisher, American Star for "The Last of the Ancient Earth Keepers". My email is still unobtainable. Helping this man, afforded him a phone on my GaiaVision account with AT&T and this iphone allowed him to begin covertly stalking me.

He left in August of 2016. Still stalking, threatening from Melissa and him sending Love letters, calling, acting obnoxious. He then told me, "You have undetectable tracking devices in your car" and your "Friends aren't your friends". People were getting angry at me for what I did not know.

I was getting thrown out of my friend's house because of my fear and the story is well documented in attachments.

By March of 2017 – I began to hear the voices on top of all the bizarre gaslighting. I became terrified. Again, this is well documented in the attached volume of pages with Police Reports to Hawaii, PD, NSA, FCC, Attorney General, Prosecuting Attorney and the MULTIPLE Voluntary Hospitalizations that I have had to endure for my safety.

By September of 2020 – I now know who are doing this in my mind. Love Has Won. Please refer to documentation provided.

I do not have a life. I have been isolated from family and friends. I go nowhere, I do nothing. Anyone I get the chance to talk to become dead. (Tosh Christopher, Scott Huckabay, Al Morgan, Donnie Eslick, Bobby Burgess). Anyone I admire becomes dead (Thicht Nat Han, Jamie Sams). My spirituality has been attempted to be taken from me. All of my intellectual property from the past is now in hostage. Any new material is taken right off of my computer screen and worse yet, Out of My Mind. Horrifying to know that this can happen to people. It drove me to the point of suicide in 2017. I ran out in front of traffic on a very busy off ramp and merge in Hilo Hawaii. My reputation and my life has been such as to feel the false persecution of someone who did something so dangerous, yet to this date, I do not know the details. What I am experiencing is ENOUGH.

The iPhone documented text message I received in 2016 from Melissa Louise Penney, with Shemuel in my Lexus on the way to the police department the morning my Cat Satori was killed was "Expect Us You Cannot Hide". Then they let you know in dangerous ways that they are around you. They damage your cars by dents and dings, scratches and flat tires, wires crossed and

cut, fuses removed. You just get it out of the shop and then it breaks down AGAIN. Things in the gas tank, gunpowder scattered on the vehicle, paint, huge dents where nothing but a brick can explain it.

My V2K and RNM is horrifying. I have been what feels like "biologically tethered" to a man the likes of infamous "Richard Huckle" who was found guilty of 71 charges of torture and sexually depraved acts that were broadcasted via video on multiple platforms. He wrote the book "how to be a pedophile and get away with it". In addition, he was imprisoned in 2014 and later was murdered in prison on October 14, 2019. This was Shemuel Plasky's mentor. I had to feel what it feels like from the perpetrators perspective not just hearing a video, but feeling the way he feels doing the most humiliating and terrifying things, always to a child.

My innocence has been shattered. How I am still here is a miracle. I am firmly in belief that our DNA can be altered by sounds, memories, thoughts, and this was in my head. My body and my senses had to hear, smell and feel the insanity of raping and murdering and torturing a child. Breaking necks, cutting their heads off, burning them with cigarettes.

I was physically assaulted after an eviction from 10909 E. Trails End Road, Floral City Florida on 10/22/2022: Citrus County Sherriff Officer Valencia 1581 Report # 22-144113. Julie Conner's Associates. My new bridge was broken and throat deeply scratched as they put something in my throat, possibly a gun. I blacked out. Bruised and treated in the hospital. Info provided.

I lost the last of my belongings and clothes by November 23, 2023 in another eviction documented Hillsborough County Sherriffs Office 9890 Montague Street, Tampa, FL Report # 23-1141176, Officer Karl Scholl, given 20 minutes to bring all my valuable belongings down 3 flights of steps with an autistic grandson. I suffered a compression fracture, treated at the hospital. Records provided.

MOST EXPLICIT – Re: E-Rape:

One detail I will leave with you here from 2018, while in Tampa Florida and 24/7 V2K& RNM overt & covert stalking by Shemuel Plasky, I was E-raped. One of daily situations: I am forced to hear the torture of a 4-year old girl and it appears there is a woman with a big blue eye on a TV screen in front of the child that speaks degradingly to the child and gives directions to someone on what to do with the child, I could not get this to stop.

To this day, it is hard for me to express because it is done by multiple people in my mind controlling the technology and speaking to each other in addition. I heard this: "You outdone yourself this time Shemuel, give her a cookie! it always makes them smile!" Speaking of a "gorgeous" "beautiful blue eyed" 4 -year-old girl who they ripped her hair out of her head, put pins in her heels so she could not run or crawl with pins in her knees. They tortured & raped her with tampons and then split her open so that they could have the blood and the "adrenochrome". All the while they were sending electrical shocks to my mons and attempting to have me "touch myself" so I would have an orgasm while they were torturing this child while viewed by their "sponsors" on videos somewhere. (WELCOME TO VIDEO would become evident by 2019). I did not know who Love Has Won was until September 2020 when watching the Hawaii News. Following a Link I was

lead to “How Amy Mother God Handles Children” on Youtube. All the incidents I have been experiencing was coming from these people in the video. That is Melissa who began her stalking in 2016.

Over the years from March 2017-2022, there were uninterrupted situations as such that always involved rape, torture, having to eat their own excrement and vomit that went through my mind that involved frozen teddy bears, clowns, outside my home the smell of cigarette smoke and art installations using their props. These crimes were happing nearby. Slitting their throats with box cutters and taking their eyes out after dousing them with gasoline and forcing them to keep them open while they set them on fire. It is that severe. I am psychologically damaged. They have taken my innocence in ways that have violated my Sacred Space. However, it is more terrifying because these children are suffering in ways, and I CAN’T DO ANYTHING ABOUT IT! I never touched myself and I never allowed them to alter my sexuality. In fact, I learned how to shut them down to a degree and use my thoughts elsewhere while letting them know they had no effect on me and that they were not demons, merely “psychologically damaged” souls. They are not embodied in a human body. They are thoughts and manipulations and to “Shut the F UP!

They place the names of my family on their victims.

As of 2024, they are speaking of my Grandson Madden IAm McGee and his torture and rape.
END EXPLICITLY of events E:Rape.

I attempted to seek help by numerous agencies from local, state, federal, NSA, FCC, you name it. If I spoke to the police, I was told that they could not protect me and that perhaps hospitalization to stabilize would be better, which I take my mental health seriously and I had 7 or more Voluntarily hospitalizations 3 states with 2 islands in Hawaii and it is in the medical records that I have signed release for, that you can find the details, if you really need to understand the horror that has happened regarding logistics and constant unsettled life. This has caused illness and despair leaving me isolated away without love, affection or attention. I no longer have sex. I went up to 189 pounds in my isolation keeping to a very few friends. I have aged faster than I should have. My chest and throat have deep crevice’s and lines that I know is coming from the Dew weaponry that they point at me. See the high levels of EMFs that were coming from under my bed from the apartment below me. They were cooking me in my sleep.

5. EFFECT ON FAMILY AND FRIENDS

KIMBERLY LAUREN HILDWINE MIDEL
Daughter March 22, 198?
KAIMI CARL MIDEL
Son-in-law

My second child, a daughter, Kimberly Lauren Hildwine-Midel, was Kidnapped in June of 2016. She blacked out but remembers coming home from a gathering for her friend’s wedding and was stopped at a lonely stop sign by a man with a mask, long black coat and a gun. She blacked out

and the details of what happened to her would be broadcasted through the V2K covert and overt stalking with reference to Welcome to Video. Sexually assaulted with a Dangerous Weapon. She could have been killed. I had to endure the sounds of the video V2K while they overtly stalked outside the house terrorizing me, one year later in 2017. Her vocal singing voice was damaged during the assault. This was something that was intended when she was "Punched in the Face" by whomever joined "The Game". My daughter was assaulted, implanted, and verified with medical records to reveal a "heterogenous mass" over her temple and eye and 2 pineal gland cysts, that have largely gone untreated until 2023 when I begged from help from the now very cooperative Hawaii County Police Department and Attorney General. Thank You! Mahalo!

It is to be noted, Shemuel had a long black wool coat when I met him that was "given to him by Rabi Eli". Reference to Safety Harbor Grafitti in 2022. Note that the Safety Harbor Pier has been totally lost to Hurricane Helene 2024. Shemuel also owned a Green knit mask with eye and mouth cutouts. He put that on at night when he sat in front of his alter. When he did this, the next morning, my cat Satori was found dead. I attempted to get away from him, but he continued to follow me.

Kimberly Lauren Hildwine Midel is kept on a multitude of psychiatric medications but has not been given a psychiatric diagnosis (as per her statements). My daughter is very protective of her medical information, and may have a diagnosis, however, IF she had a psychiatric diagnosis, she would be given SSI Disability. She has been attempting this to no avail over the numerous years. She now claims the current medication regimen started in 2023 and this has begun to help her with her nightmares.

I have talked her down from suicide multiple times. Her husband, Kaimi Carl Midel is very strong and loving and stands by her. She has angry outbursts. At times she is delusional. I miss my daughter, our conversations and our relationship. We have been through this together and she has helped me greatly. She is witness to what I have experienced and how she is on another level entirely, is because of the generation gap and her understandings of what is going on. Kaimi & Kimberly know who Shemuel and Melissa are. They understand my V2K and also at times, get lost in the fear. They blamed me for all of this. They are angry at me.

In 2016, Kimberly's "KIDNAPPING" case was not handled by the police any longer and was "dropped" the same day the case of my attempt to have a TRO placed against Melissa Louise Penney was dropped by the Pahoa/Keauu police department. The events were simultaneous.

In 2020(1), Kimberly received an AIG Life Insurance Death Claim for myself in the mail. This traumatized her greatly and caused a rift between my mother and myself that to this day, my mom will never speak to me. The AIG life insurance details are in a video for review. She was a benefactor of a life insurance policy that my mom had been paying for in my name. I ended up hospitalized because of this in Florida June 2021.

My daughter throughout this time of 2016-2024 managed the situation by Attending College courses to keep her mind alert and stay focused, while obtaining 2 years of college to go from Associates to Bachelor's degree with Honor Roll status! She continued to push through the horrifying events I witnessed alongside her and her dream of having a family and children began

with reality having married her long-time partner Kaimi Midel in 2022. They are together for 12 years, 2024. They are unable to have children. My daughter had multiple surgeries and has gone through very many attempts and suffers with Infertility, along with the pineal gland cysts and the heterogenous inoperable mass that gives her visual disturbances. She is talented, committed to family, very humorous and extremely intelligent. She is a great mother to her brothers and sister, nieces & nephews, has mothered me at times, and to all animals and all her relations, she is the best mom! I pray that the Midel family, my daughter included, be released from this Crime against our Civil Rights. Kaimi and his family are greatly affected and are in danger

In 2016 all evidence regarding the online stalking that was threatening our personal security and my granddaughter's life on FB went missing from the Police Department. This was submitted with disc data. This evidence showed all communications between Melissa, Shemuel and myself and all screen shots regarding the severe situation where my daughter's phone number was placed online and the phone calls to my family were evident they were going to be there showing them their location by google Earth!

I gave this information to the police in Pahoa. It included information on Indra and my models being stalked by Melissa Louise Penney & Shemuel Plasky. This is when my gaiavision808@gmail was hacked. I could not get an attorney anywhere. My data was compromised severely. FB did nothing about the complaints.

The online harassment on my granddaughter included calling her a pedophile and being threatened by anonymous looking characters and profiles.

My daughter Kelline has been affected by this because her children have been traumatized. My grandson Leo has autism. I know he is affected. The episodes are what she understands, but she does not believe it is gang-stalking or V2K or any of that. She blames me and we do not talk about it. She has worked so hard to be the wonderful mom that she is and she suffers silently. She waitressed faithfully for 10 years at Bob Evans. Returned to school to get her GED and then her degree as a Graphic Artist. he always feels judgment from me, and that is the last thing I would ever do. She needs help physically, emotionally and psychologically. Please help my family. Leo is hearing too much violence and hate in his mind. She has suffered abuse from relationships. She is a talented photographer, self-taught, who made a name for herself in her photography business.

She is a quiet, faithful spirit. I feel she has been threatened to feel the way she does about me as of recently. Please help her and her children.

Junior,(Esteban Santana, Jr.) has had car accidents and I hear V2K that they are watching him and know where he is at all times trying to set him up for doing a crime.

CHRISTOPHER REEDER

Son who I surrendered for Adoption

By September 2020, I left Hawaii permanently. I left belongings of Nissan Juke in storage, Safety Deposit Box at HFS bank in Keaau, and all else with Julie Conner and my daughter Kimberly Lauren Hildwine Midel. I mailed the rest of what I wanted to keep to my Son, William Patrick McGee's address in Tampa, Florida. I purchased a van while in Hawaii on FB Marketplace from the "BandAid Room" vanlife couple who blogged their journeys being massage therapists and photographers travelling to festivals, venues and events. This van cost $5000 obtained from Pandemic Unemployment Assistance. I prepared it mechanically and customized it comfortably and it is then that Topaz became my partner. Topaz is targeted also. She is an 8lb 8oz Chihuahua Havanese mix who I cannot even think of living without. I was attempting "VanLife" during COVID. I was looking for home.

I had been in connection with my adopted son, Christopher Reeder in Newburgh, NY since 2018 and we both decided that it was finally time to meet. I mapped my journey to meet Christopher, his wife Leticia and my two grandchildren, Lyla and Christopher Jr. Needless to say, I heard the group V2K before I even got there. I am aware of Love Has Won by this time. The V2K was able to tell me who and where they were standing about 15 minutes before I drove up to his home for the first time. They even stated that Leticia's father was there.

I was sickened to the point of turning around and leaving, but if they knew where he was, then I needed to contact the FBI in Newburgh, which I did. The visit did not go well. It started fine, but addictions and childhood trauma with anger and loss of recent mother-in-law, along with COVID, financial & possible foreclosure issues, created a hostile environment. I felt Love Has Won were on the property and scaring the children. I just learned of them weeks prior. Gaslighting was evident. Topaz went missing for an hour. I began to hear them play out torture scenarios of the children after their father Christopher Reeder moved out of the home to Albany, closer to his work.

V2K Example: V2K mans voice "Leticia found a tick on Lyla's head, she's freaking out". When I went into the house from my van, where I slept and stayed the majority of the time, Leticia said to me, "I found a tick on Lyla's head. We might need to check ourselves."

During this time, I was looking at homes in Woodstock and a chance position as a Thai massage therapist in Phoenicia. It was a very promising position at the Menla Center in Phoenicia, NY answering an add for a Massage Therapist. COVID caused the need for fulfilling. When I called,

I had no idea it was THE MENLA Center where the Dali Lama resides at times. It is famous. I could possibly call this home. I had the skill sets, the spirituality and the desire.

Due to my son Christopher coming down with a bad case of COVID exposing the family, I put the interview off and on 2nd call back had to cancel the reschedule. I was informed by the director that many people from PUNA PAHOA Hawaii had contacted them and they thought it was interesting because that is where I was coming from. I knew then, I made the worst mistake possible. I cannot work anywhere without putting anyone in danger. This was an absolutely dream of a position that I was freely offered to belong to.

In 2021 – My son Christopher was now divorcing his wife and living in Albany NY. William, my youngest male, invited Christopher to come visit the 3 of us here in Florida. My eldest daughter Kelline, William and myself. He came on time for his birthday to Safety Harbor FL where he stayed with me on the floor in the living room. He smoked and was often on the front porch. It is here that we met David Harris. FBI officer. The story is documented elsewhere.
Christopher shared Leticia's FB page with me and I saw a man by the name of Christopher, who looked like someone from Love Has Won that had Lyla sitting on his lap. V2K began the torture scenes, and they have "Little Lisa".

When Christopher left after a few weeks of being there, it was again on bad terms and he returned to Albany. We have not spoken since, 2021, other than for him to tell me that I have no "bragging rights" to his kids. He has since remarried a woman Kristin and they have Mila who was born March of 2023, 2 months before Madden I Am McGee born May 3, 2023. Mila is Christopher's 3rd child. Madden is William's only child.

WILLIAM PATRICK MCGEE 12/17/1989
Son

I am witnessing my son experience horrifying incidents.
This has been mentioned throughout this time. Vehicles catching on fire more than once, break downs, thefts, arrests, false accusations, false-imprisonment, attempts on his life by the mother of his only child. He needed to have her placed in jail the day they arrested her when Madden was 5 weeks old. He said she needed to have compassion. She later put him in jail and attempted to have him murdered. Video evidence on file.

Text messages to me vile. She said I could not hold Madden, give him comfort. She was drinking and driving with him in the car. She called me a pedophile when I questioned who these people were around her. She called me the horrible mother who raised a man who beat her. Sadly, evidence shows she is the perpetrator. She does not recall what she does. She is dissociative.

The event with the death threats and the woman Kath Stewart needs investigation before I can say anything. NO ONE IS HELPING! This child is being tortured and neglected by this woman. She hates his father, assaults him online and can never claim to be a good mother with the way she hates his father. I see pictures where her subconscious is sending to me and she does not know! The baby is in danger. PLEASE HELP!

6. FRIENDS & KNOWN ASSOCIATES WHO HAVE SUFFERED AND PERISHED

TIFFANY LEIGH CRIMM
Friend of 26 years

Witness to Everything. Friends with Al Morgan, Donnie Eslick, Joules Kathy Moss. My greatest confidant, who has had her own experiences. She has suffered the truths with me and I know it is hard for her to speak to me. I am being blamed for the death of many people around me.

MAURICE AND SUSAN ANDREWS
Friends of 17 years

Two special friends, Maurice and Susan Andrews. They are witnesses, they have been made homeless and they are in their 70s 80s. Still hardworking helping others as CSA and handyman. A homeless man took their home from them! Susan was in an accident just before I returned home to Florida in September 2020. I have asked them to submit to me their experiences. I find it appalling that they were such a wonderful elder couple who had an artistic gallery for a home, meticulous and unique. They are younger than their years and still hardworking. Maurice a handyman for the community and the owner of the home they lived in for 20 plus years. He was in his late 70s and Susan still working as a care-giver to elder people, active and vital. Her yard and her home her masterpiece. All of her belongings are now in a storage unit. They live at her daughter's home in a bedroom together. I see her slipping down. It breaks my heart.

I lived with them in 2007 and Susan is a faithful, god-loving woman who is so energetic and full of LOVE. Why should she spend the rest of her life with her entire home in containers in storage.

At the same time,my belongings are in storage, and my son was forced into storage units. ALL WITHIN THE SAME TIME FRAME. Forced by the SAME people.

FRIENDS WHO I HAVE LOST

GaiaVision model, Indra 2016.
- Al Morgan 2020, longtime friend and someone who was going to allow me a place to live.

- Scott Huckabay 2021, friend who called me in fear of people on his 79 acres in Arizona. Please see the youtube videos and evidence provided around Mitch Blackburn and Thundermoon.

- Joules Kathy Moss 2022, I learned she died in a FIRE in UTAH, in 2024. I was in fear she was the Heather Olmstead found burnt in a trash can in 2022 in St. Petersburgh. I called and spoke to detective Bilbrey of Pinellas County Sherriffs Office. Please see video and case information provided. I introduced her to Julie Conner via Messenger FaceTime. Julie mentioned she was travelling to see her cousins New Home in Utah. I did not know Julie had a cousin in Utah.

- Tosh Christopher 2023, I got back in touch with Tosh living in Maui after the Maui fires and asking if he could help my daughter Kimberly as she was being stalked horrifically and traumatized. He said he would help, a few weeks later, he was murdered by someone looking for pedophiles. The man who killed him turned himself in and confessed.

- Donnie Eslick 2024. Julie Conner borrowed my vehicle van to visit her boyfriend in Spring Hill JP in 2022, when she returned that evening, Donnie and I were on the phone. She never knew about Donnie. I told her about our relationship and showed her a photo of myself standing with Al Morgan and Donnie. She became obviously enraged that I had a man on my phone talking to him in her house. She told me the next morning I sounded obnoxious. Really? The truth is, she never ever heard me speaking to any man on the phone since I met her in 2009.

I saw Donnie next at an event where I reconnected with several other friends. He did not come up to say hi! I thought that strange. This was one of my first times out where I knew many of the people. About a year later it was announced on FB that he was in the Critical Care Unit. I do not know the details.

Every single one of these friends, I have had a phone conversation with Julie Conner as a witness. It may sound like I have had a lot of conversations with many friends, however, these are the ONLY CONVERSATIONS I have had with people due to the fear of the stalking. I cannot discuss any of these things, because the facts of peoples deaths or disappearances have not been given to me. People no longer speak to me.

At this time, everything compromised from family, friends, homes, transportation, careers, intellectual property, life and liberty, has been discussed to the best of my abilities. There are many documents that I managed to save throughout this time. The reason for my targeting is becoming clear as I bring in other elements from earlier years to include:

1 – YIIU
2 – ORMAT/GEOTHERAMAL/PUNA GEOTHERMAL VENTURES
3 – TRUST FUNDS/BENEFITS
4 – INTELLECTUAL PROPERTY Documentation Provided to Attorney

This all leads to the motive of this crime. How they are doing this and exactly who is doing this, I leave to the detectives and their abilities to solve this Crime Against Humanity. This is not just affecting me. The way they are doing this crime is affecting every single one of us. We have been traumatized just witnessing how fragile our Civil Rights are.

I no longer go out at night, I lock myself away and sleep at 8 pm. In the beginning I was traumatized around the island of Hawaii and lost weight to 104 pounds, to gain weight up to 189 pounds when I returned to Florida. It was in Florida in Septmeber of 2020 that I followed the stories from the Big Island coming home and deleted my Facebook account, only to have them hack into it completely. The stories on the Big Island were that Love Has Won, was being evicted. When following the story it lead me to "HOW AMY (MOTHER GOD) HANDLES CHILDREN" and these are the people who are V2K in my head. And this IS MELISSA AND SHEMUEL. Please stop them!

I declare under the laws of the United States and the State of FLORIDA that to the best of my knowledge and belief the information herein is true, correct, and complete.
