MK-ULTRA NEVER ENDED

Evolution of MK-ULTRA • 1950s to Present

1950s-1960s • Classic MK-Ultra

- LSD, hypnosis, sensory deprivation, and "psychic driving"
- In-person experiments on prisoners, mental patients, and soldiers
- Goal: Break and reprogram minds for interrogation and behavior modification

1970s-1980s • Electromagnetic Shift

- Shift to electromagnetic and subliminal methods
- Early microwave auditory effect and remote experiments
- Official "termination" but continuation in classified programs

1990s-2000s • Remote Monitoring Era

- Remote Neural Monitoring (RNM) and "no-touch" torture begins
- Satellites, cell towers, and microwave delivery
- Expanded to civilian targets and government "prototype" families

2010s–2026 • Modern MK-Ultra 2.0

- Advanced synthetic telepathy, real-time brainwave reading/alteration
- 5G/6G, AI-driven targeting, subliminal behavioral modification
- Fully remote, scalable, global operations with plausible deniability
