Background and Initial Targeting (1990)

4. On July 4, 1990, when I was 12 years old, a former childhood friend, Bradley (Brad) John Ingimundson (formerly Henderson), attempted to recruit me into what he described as a covert “national security organized gang stalking” program.
5. Ingimundson explicitly described the program’s methods, including:
    - Placing innocent citizens on a “Terrorist Watch List” as “Targeted Individuals”;
    - Covert electronic surveillance, phone tapping, GPS tracking, and vehicle sabotage;
    - Use of directed-energy weapons (DEWs) and voice-to-skull (V2K) technology;

    - Psychological operations such as “street theatre” and “directed conversations”;
    - Recruitment of neighbors and community members under threat of NDAs.
6. On July 5, 1990, Ingimundson and his father, Fire Chief Robert (Bob) John Ingimundson, showed me two medical-looking devices in steel cages with dials, which they identified as DEWs.
7. I unequivocally refused to participate. Ingimundson then stated that my family and I would be placed on the watch list as Targeted Individuals.

Targeting of My Father, Lawrence Marvin Hamilton

8. My father, Lawrence (Larry) Marvin Hamilton (deceased July 4, 2008), was subjected to repeated campaigns of organized stalking and electronic assault for over 18 years.
9. He experienced homelessness (1 time), hospitalization (1 time), jail (6 times), imprisonment (1 time), and severe health decline consistent with prolonged exposure to directed-energy weapons.
10. Symptoms included extreme brain swelling, vertigo, insomnia, induced rage/paranoia, heart fluttering, and internal organ damage — symptoms now associated with “Havana Syndrome” and microwave weaponry.
11. My father’s legitimate businesses — Dial-A-Purchase Ltd. (est. 1987), Straight Up Marketing System Limited Inc. (est. 1990), and International Shopping Group Ltd. (est. 1992) — were systematically sabotaged. In 1991, in Edmonton, Alberta, he and his partners were falsely arrested and convicted of operating a “pyramid scheme” despite no investor losses (Alberta Securities Commission proceeding).
12. The conviction halted international expansion and caused catastrophic financial and reputational harm. I believe this was deliberate interference tied to the stalking program.
13. My father died on July 4, 2008, at age 66, after being medically detained and placed in a nursing home. I believe his death was hastened by prolonged non-consensual exposure to directed-energy weapons.

My Own Targeting (1990–Present)

14. Since September 21, 1990, I have endured nine full campaigns of organized stalking and electronic harassment.
15. Consequences include:
    - Homelessness: 13 times
    - Hospitalization: 7 times (including forced psychiatric detention)
    - Jail/detention: 6 times
    - Chronic health effects consistent with radiation poisoning and Havana Syndrome (brain trauma, vertigo, insomnia, induced mental health symptoms)
16. Specific tactics I have experienced include:
    - Vehicle sabotage (cut brake lines, loosened lug nuts, oil leaks, etc.)

    - Home break-ins and placement of hidden cameras
    - Mail tampering and interception
    - Phone hacking, GPS tracking, and Stingray-style interception
    - Directed conversations and street theatre
    - Neighbor recruitment for noise campaigns and psychological harassment
    - Exposure to pulsed microwave or directed-energy weapons causing acute neurological and organ symptoms
17. From September 21, 2016, to July 4, 2020, one campaign resulted in over 94 illegal traffic stops, $7,500 in fines, multiple evictions, and forced psychiatric commitments with misdiagnoses (delusional disorder, schizophrenia) despite no prior mental health history.
18. I have been subjected to forced bi-weekly antipsychotic injections and multiple psychoactive medications against my will under the British Columbia Mental Health Act.

Evidence and Attempts to Seek Redress

19. I filed a 146-page incident report with the RCMP in 2023; no meaningful action has been taken.
20. Multiple Freedom of Information Act requests to the U.S. National Security Agency (2025) regarding records on myself and gang stalking complaints were met with Glomar responses (“neither confirm nor deny”) or demands for clarification, which I believe indicates classified involvement.
21. I have compiled extensive documentation, including medical records, police reports, court documents from 1991, and whistleblower materials supporting the existence of such programs (e.g., Akwei v. NSA, Gunderson affidavit, UN neurotechnology reports).

Impact

22. The cumulative effect has been the destruction of my health, finances, relationships, and ability to work. I have lost over $500,000 in cash and more than $1 million in potential earnings.
23. I fear for my 80-year-old mother’s safety and believe the program continues to target my family.

Sworn Statement

24. I make this affidavit conscientiously believing it to be true and knowing it is of the same force and effect as if made under oath.

SWORN BEFORE ME at the City of Surrey,
in the Province of British Columbia,
