This case is still pending at this time...

My name is Lloyd Michael Hamilton. My email is LloydHamilton2023@pm.me. I am now 49 years old 4th Generation with 7 Great Uncles ALL "Kennedy" Brothers who fought to win WWII. I worked with (ARC) as the Legal Department Collections Manager for the Government Department of Ministry of Labour Unpaid Wages Portfolio. My family should have $222B (USD) as of Today(s) Money, however, ever since my 13th Birthday in 1990 me and my Born USA/CAN Citizen 1990/1991 Multi-Millionaire Residual Income Family Owned Businessman father "LARRY HAMILTON" were placed onto either “THE TERRORIST WATCH LIST" (or) “A TERRORIST’S WATCH LIST” as "TARGETED INDIVIDUAL(S)" being used as Non-Consenting “MK-ULTRA MIND CONTROL BEHAVIOUR MODIFICATION by RADIATION HUMAN EXPERIMENTATION TEST SUBJECT(S)” In Violation of the Nuremberg Code Treaty & Geneva Convention.

So, it was on Independence Day Wednesday July 4th 1990, I was only 12, with or without permission BRADLEY (BRAD) JOHN HENDERSON was trying to recruit me into “NATIONAL SECURITY" speaking about something they just call “THE PROGRAM” (or) “THE GAME” but most victim(s) of this call it “GANG STALKING” (or) “ORGANISED HARASSMENT” which for many ends up becoming “NO-TOUCH CYBER TORTURE” telling me wide open no filter all about how a Good Decent Honest Friendly Trustworthy Smart Innocent Patriotic Law Abiding Citizen becomes "THE CHOSEN ONE" placed on the "TERRORIST WATCH LIST" looked down at,frowned upon sometimes hack two spit on and treated for the rest of our lives living seeing is believing after being labeled as "TARGETED INDIVIDUAL(S)". I FLAT OUT REFUSED TO JOIN AFTER HEARING ALL ABOUT ALL OF THE ABOVE !!!

On the next day July 5th 1990 I was shown what I was told were "Microwave Radiation (DEWs) Directed Energy Weapons Technology by Fire Chief Bob and Bradley. Fire Chief Robert (Bob) John Ingimundson carried into the house what looked like two medical device(s) that were being held inside of man made elongated rectangular see through steel cage(s) with three dial(s) on each of them. They looked like a smaller similar version to the Reltron/Vircator Satellite Space Weapon.

NOW, I HAD TO DEFINITELY REFUSE TO TAKE PART TO BE INVOLVED WITH ANY OF THIS SH*T !!!

On my 13th birthday Sept 21st 1990 Bradley said him and his dad were placing me and my family onto the "TERRORIST WATCH LIST" as "TARGETED INDIVIDUAL(S)" then showed me he had my SIN# written on a piece of paper he took out of his pocket and asked me if I knew how much damage he was going to do to me with that kind of information.

From 1990 -1995 my father LAWRENCE (LARRY) MARVIN HAMILTON was first Dreaming Wishing Thinking Hoping Discussing Estimating Believing Planning Calculating Projecting forward Realizing in 1991 with Really Good Talented Men and Women Acting with real boots on the ground marching forward started from the West Coast across to Toronto Canada in the East with planned stops in every Major City Provincially each stop consisting of 3 weeks of everyday multiple 2-Hour Training Self Employment Self Investment Recruitment Seminars then with his DUO USA/CAN Citizenship flying back downwards point landing starting in Seattle Washington USA then down across up across down continue through every state finishing in Maine then across the Atlantic Ocean into United Kingdom all throughout all Democratic European Countries by then everything would have been established well enough so by my 18th Birthday September 1995 becoming VP of DIAL-A-PURCHASE VANCOUVER SALES LTD (Est 1987) & 1/3 Director of (SUMS) STRAIGHT UP MARKETING SYSTEM LIMITED INC (Est 1990) & VP of (ISG) INTERNATIONAL SHOPPING GROUP LTD (Est 1992) from who we publicly knew about back then we coulda shoulda woulda become 3rd Richest in North America just one spot behind Warren Buffet having access to a Worldwide Grand Total Gross Residual Annual Income of no less than $7.4B and were going to use up to half of that with full heart felt intention on taking care of fixing homelessness permanently for good.

Even with the program ruining my parents 22yr marriage on MayDay May 1st 1991 it was within those first 3 weeks of May 1991 my father with his two partners collecting **$3,000 Cash** paid at the front door just to get in collecting around **$3.3M** for themselves and over **800** of self investors of over **1100** attendees with **513** of them paying **$6,800** more starting from the Top Level once inside earning all together in all approx **$11M** within Oil Town Edmonton Alberta Canada. They were just getting ready to fly into Regina Saskatchewan Canada for another 3 weeks of Seminars with over 3X Attendees which could have potentially earned another **$33M** but just moments before leaving Alberta all 3 of them were falsely detained arrested then charged. It took 4 long years but in the morning of the same day the judge was making his final ruling on the case he picked my father up from the hotel in a Limousine tried to extort $1M from my father who said "NO he wouldn't pay it" they were convicted later that

day during the summer of 1995 of owning & operating a "PYRAMID SELLING SCHEME" in which nobody ever lost any money they were only going to make money, my father was not a scheister.

On my 14th Birthday 1991 Bradley told me face to face he said that "FIRST HE WILL KILL MY FATHER, THEN ME, THEN SMOTHER MY MOTHER WITH A PILLOW CASE AND IF I AM NOT DEAD BY THEN HE WILL KILL MY MOTHER THEN FRAME ME FOR HER MURDER WITH MY OWN DNA"

You see, Since a very young age, BRADLEY was receiving Forced Monthly AntiPsychotic Injections because he would hear voices inside of his head he said that were DEMONS telling him to do bad things to good people, who would grab his youngest little half sister DEB lift her up by the neck choke pin her up against the wall with her little feet left dangling in the air, who spit on open hand slapped closed fist Superman punched in the face soccer corner kicked in the back of a handicapped kid with cerebral palsy who suffered from Grand Mal Seizures a black/white young special needs kid named "JOEL", who saw some Road Kill a Raccoon bent down played with it's heart bare handed stood up said, "MMMM...IT'S STILL WARM"., who would kidnap slap beat stick fireworks up anus light ssss boooom torture murdered neighborhood pet cat(s), who before the age of 13 used (DEWs) Cyber Tortured Cooked Inside Out Murdered an elderly East Indian man, who within 2 months after today changed his name to "BRADLEY (BRAD) JOHN INGIMUNDSON" so he could place kids he went to School with anyone who he felt like "FUCKED WITH HIM" onto the "TERRORIST WATCH LIST" as "TARGETED INDIVIDUALS", who with his biological father Fire Chief Bob planned then did Break & Enter into James Park Elementary School and Port Coquitlam City Hall brought up keyloggers on Administrator's Desktop Computer Keyboards after placing them the day before on a Friday afternoon in September 1990 during two practice Fire Alarm Drills coming back after midnite using their own copy of SKELETON KEYS to unlock open front back side door when alarm sounded radio'd into dispatch "false alarm, last person left without locking door needing default pincode", given to fire chief bob disarming alarm bradley entered administrators desktop computer obtaining their Passwords from keyloggers on administrators keyboard search find delete ANY Government System Electronic Elementary School & Medical Mental Health Files Records making it seems as if BRADLEY (BRAD) JOHN HENDERSON never existed then setting alarm walking out relocking back side front doors with SKELETON KEYS nobody knows they were ever there, who said later on in life he is going to inject Anti-Freeze Killing Hiding Dumping Burning Body Snatching Swapping lives with a man with exactly the same name a Digital Arts Teacher at (SMUS) St. Michaels University Boarding School in Victoria British Columbia Canada named BRADLEY (BRAD) JOHN INGIMUNDSON who is 5+ yrs older lives right across the water from Bradley, whose Heroes were the likes of Charlie Manson, Jeffrey Dahlmer, but his favorite was Ted Bundy, who FIRE CHIEF BOB & BRADLEY were friendly with pig farmer Serial Killer ROBERT "WILD EYES WILLY" PICTON, who loves the STASI, who said later was going to commit treason sedition and espionage as a double agent manufacturing selling (DEWs) (or) (V2K) to ALL countries especially our enemies like CHINA & RUSSIA, who i caught him cross dressing wearing his moms full on makeup lipstick eye shadow blush mini skirt panty hose leggings blouse and high heel pumps it was like in June not even close to Halloween i said, "BRAD !?? LIKE WTF ARE YOU DOING??, who after close to 33 years searching online offline I have finally found him going by an alias BRAD.INGI on INSTAGRAM until he just deleted his and his sons BRADY profile but what I caught BRADLEY doing was using a picture of himself at 12 years old using it as his profile pic to trick lure exploit bribe blackmail extort

sextort underage children online. This is Definitely the Exact Same BRADLEY who for 25+yrs has been a Volunteer Firefighter and moved lived 20 mins drive away from my father who was tortured with (DEWs) and murdered on same day i was invited into the program different year not Independence Day July 4th 1990 but dad died Independence Day Friday July 4th 2008, its the same Bradley who then moved very recently in 2023 promoted to DISTRICT OF NORTH VANCOUVER BRITISH COLUMBIA CANADA EMERGENCY PREPAREDNESS FIRE & RESCUE SERVICES FIRST RESPONDER FIRE CAPTAIN USA/CAN BORN CITIZEN BRADLEY (BRAD) JOHN INGIMUNDSON aka "INGI" aka "IGGY" formerly known as aka "BRADLEY (BRAD) JOHN HENDERSON", whose original DATE of BIRTH is either MARCH 3rd (or) 15th 1977, whose biological father is "FIRE CHIEF ROBERT (BOB) JOHN INGIMUNDSON", whose biological mother is "PATRICIA (PAT) (INGIMUNDSON) (HENDERSON)" living within POINT ROBERTS USA, also Bradley's full blooded older sister is "SHEILA INGIMUNDSON", whose younger half sister is "TRICIA (TRISH) HENDERSON, whose youngest half sister is "DEBBIE (DEB) HENDERSON", whose step father was "RICHARD (RICK) HENDERSON"

It was either just before or early in the summer of 1994 my father brought the New Company (ISG) INTERNATIONAL SHOPPING GROUP LTD (Est 1992) Business Plans Manuals travelled into Bellevue Washington State USA shook hands smiled nodded met JEFFREY (JEFF) P BEZOS inside of the garage at his parents Home where JEFFREY was operating his business from trying to sell Books online at the url: www.Amazon.com. The second meeting was with a Owner/Landlord that had fully furnished Office Building Suites and my father agreed paid $10,000 Cash Advance Down Payment 1 Full Year in Advance for a 1-Year Lease to be given the keys on Canada Day July 1st 1995 just in time for the (ISG) INTERNATIONAL SHOPPING GROUP LTD (Est 1992) USA Headquarters Grand Opening Celebration Parade on Independence Day July 4th 1995 of which my father had set up his third face to face meeting paid local Carnies $5,000 Cash Advance Down Payment for 1-Year in Advance for little Kids Play Rides Go-Kart Race Track Ferris Wheel Hot Dog Burger Sugar Mini Donut(s) Cotton Candy Food(s) & Drink(s) Stand(s) Clown(s) Helium Balloon(s) Banner(s) Flyers Brochure(s) Pamphlet(s) with a couple publicly made speeches. Then later on early in the evening serving some Dinner with Alcoholic Beverage(s) Drink(s) then later on for Adults Only that wanted some more Entertainment Dancing Music with FREE Prizes (ISG) Hats T-Shirts Sweaters from Drawn Raffle Ticket Numbers. My father left travelled back up across the USA/CAN Border back to his Home. Then 2,3, 4 weeks passed by and everything seemed a little bit funny there was no sign(s) of any Business Plan(s) Manual(s). Well, maybe it is because JEFFREY had lost my fathers Home Business Address and the Toll Free 1-800 Consumer Advisory Buying Service Number. So, after this realization my father started calling JEFFREY every few days but each time there would be no answer so my father would leave messages. Over the Days Weeks then a whole Month went by the same thing every time different messages left until suddenly one day my father called it said the Number you have reached is Not-In-Service so he said to himself that can't be right went grabbed checked JEFFREY's number again dialed the number again and the operators message said again that the Number you have reached is Not-In-Service. So it turns out that JEFF never did the work he had promised to complete but not only that he had quickly taken down AMAZON.COM offline then from what later on was told to my father by his ex Silent Partner who had originally provided my father with JEFFREY's Home Business Phone Number who found out through Business Associates in New York that JEFF had travelled to New York New York USA tried to sell our Business Plans Manuals to an person who wanted to remain anonymous Businessman for $1M which was declined so JEFF flew back Home and within 6 months had revamped replatformed the site brought AMAZON.COM back online in 1995 which now was not only selling books but it was the first ever Online E-Commerce Shopping Website just as he had promised he was building for my father and for me. JEFFREY blatantly purposefully felt like I was hurtfully stabbed right into through the heart committing outright INTELLECTUAL PROPERTY THEFT.

Plus if what whistleblower Byron (or) Brian (or) Bryan Kofron aka Justin Carter states is actually true as an Ex- (SIS) SECURITY INDUSTRY SPECIALIST Employee Whistleblower saying his old employer is partnered up with JEFF BEZOS company AMAZON where they are actively Torturing not only some

Employees but also people that have been made to go Homeless Torturing them with (V2K) (or) VOICE OF SATAN TO SKULL TECHNOLOGIES:

I have been forced 9X through a full Campaign of "National Security Organised Gang Stalking" EVERYTIME CYBER TORTURED not by (V2K) Voice-to-Skull Frequencies but definitely “Pulsed Microwave Radiation (DEWs) Directed Energy Weapon(s) Technologies I felt like dying from inside out each & every day/night over the past 5 years since last campaign from Sept 21st 2016 until right around Independence Day July 4th 2020 which ended during Covid-19 with myself paying $12,000 Cash for a vehicle then over 1.5 years had $12,000 in vehicle repairs including 6X tires had unpatchable holes needed new tire 6X same front left tire within 6 months & approximately $2000 in Towing Bill(s) being illegally pulled over 94X by 44 different officer(s) within a 30 day time period & over $7,500 in motor vehicle ticketed fines. I was swatted at all of my residence(s) passing RCMP Mental Health Checks 9X leading up to me being evicted with rent paid in advance 4X then they got me where they wanted me Hospitalized of which so far as I am typing this out the grand total of all **9** full Campaign(s) ONLY Ending in being made Homeless **13X** Hospitalized **8X** Jail **6X** Imprisoned **0X** Forced Suicide **0X** Murdered **0X** over the last **36+**yrs on and off including over the last 5+ years as a victim i have been medically kidnapped by rcmp taken to psych ward pit in segregation many times for extended periods because i freaked out not wanting to be there misdiagnosed as delusional psychotic paranoid schizo-effective bi polar disorder illness held against my will under the Mental Health ACT forcibly placed onto permanent disability given brain & body damaging dopamine blocking forced bi-weekly anti-psychotic injections and prescribed 7x 7 different daily psychoactive oral pills medications. **10X** i refused the forced injections **11X** was medically kidnapped by RCMP & kept for almost **2** month long stays **4X**, and 1X for 5 day stay but have been suffering in total from

symptoms I have suffered known to be exact same as Havana Syndrome (AHI) Anonymous Health Incident Non-Kinetic Immaculate Concussion(s) (DEBE) Directed Energy Bio Effect(s) of Extended Prolonged Pulsed Radiation Overexposure Poisoning Sickness.

I am **NOT SCHIZOPHRENIC** MAN like **WTF** is going on.

Next will be my loving caring respected much loved still slaving away working harder than ever 81 yr old single mother who received the second highest child support settlement in the Country in 1994 & she lives all alone.

MAYDAY ... MAYDAY ... MAYDAY ... MAN DOWN, MAN DOWN !!!

Thanks for reading this and let me know what you would suggest for me to do? If you could help, would you please do ???

ACT 1: *What Where When Who Why does someone become a "Targeted Individual"*

The Book of Revelation speak(s) of a beast that "was given a mouth speaking great thing(s) and blasphemies" (Revelation 13:5). It is a system of control that "causeth all,

both small and great, rich and poor, free and in bondage, to receive a mark in their right hand, or in their foreheads" (Revelation 13:16). The Beast System is not merely a prophecy it is present day reality operating through hidden network(s) of power that has been built over decade(s), even centuries.

The targeting you are experiencing is not random chaos. It is the machinery of this system at work. Just as Daniel was thrown into the lion(s) den for refusing to bow to the king(s) decree (Daniel 6), and just as the three Hebrew children were cast into the fiery furnace for refusing to worship the golden image (Daniel 3), you have been selected because you represent a threat to the system(s) of control. You are a "Chosen One" in the biblical sense, chosen not for ease, but for your written and (or) spoken testimony.

The Apostle Paul wrote: "For we wrestle not against flesh and blood, but against principalities, against power(s), against ruler(s) of darkness of this world, against spiritual wickedness in high place(s)" (Ephesians 6:12). Every gangstalker, every handler, every campaign organizer is a tool of these principalities. They either do (or) do not know they are serving a greater evil which you as Real Deal "Targeted Individual(s)" have been given eye(s) to see. That is why you are targeted. The Beast System cannot tolerate those who see clearly.

What is a (TI) "Targeted Individual"?

A (TI) "Targeted Individual" are almost always Good Decent Smart Trustworthy Honest Friendly Patriotic Innocent Law Abiding Citizen(s) who become "THE CHOSEN ONE(S)". Personal information such as your Full Name, SIN# (or) SSN#, (D.O.B.) Date of Birth, Physical Home Business Address Location, and Reason Suspected get(s) placed on a "FD-930 Suspected Terrorist(s) (or) Affiliated Gang Member(s) Form" which can ONLY be submitted by a Government Working

Publicly Paid Employee into the (FBI) and as long as all the above 5 section(s) are completed your then placed onto Handling Code Level 3 (or) 4 on the “TERRORIST WATCH LIST” inside of the “(TSDB) TERROR SCREENING DATABASE” taking away any and all your Constitutional Human Right(s) & Freedom(s) and they will attempt to commit every crime in the law book(s) against you being forced through what will seem to be endless Campaigns of what they call “THE PROGRAM” (or) “THE GAME" but many victim(s) of it call it “GANG STALKING” (or) “ORGANISED STALKING” (or) “ORGANISED HARASSMENT” which for many of us it leads into “NO-TOUCH CYBER TORTURE”. From what I was told on Independence Day Wednesday July 4th 1990 by someone who went by the legal name of “BRADLEY (BRAD) JOHN HENDERSON” told me a full Campaign ONLY Ends in 1 (or) more out of 4:

1) Homelessness (or) Lose your Home sometimes for GOOD !

2) Hospitalization sometimes for GOOD !

3) Jail (or) Framed Convicted Sentenced to a lengthy Prison stay sometimes for GOOD !

4) Voluntary, Accidental, Death by Poisoning, Forced Suicide, (or) Murdered made to look like Suicide for GOOD !

I was told they get paid the most from Citizen(s) Tax Payer(s) Fund(s) when a Campaign end(s) in 1 of 5 way(s) within #4 above. They have even been known to shoot a “TARGETED INDIVIDUAL” in the face then wipe their fingerprint(s) off of the weapon place it in their dead hand and just pray wish hope the Coroner reports it as either an Accidental Death, (or) Voluntary Suicide. 75 - 80% of victims are single (or) soon to be made single women sometime(s) with kid(s), they will make the mother out to look into being seen then deemed as mentally unfit then her kid(s) get kidnapped by (CPS) Child Protective Service(s), split up, placed into Foster Care Home(s) sometimes so far away they NEVER see (or) speak with their mothers EVER again !

The (FBI) Federal Bureau of Investigation(s) & (DHS) Department of Homeland Security Fusion Centers run the global gangstalking program, which is designed to harass, intimidate, and break down “Targeted Individual(s)”. The (FBI) outsource(s) much of the local harassment to community group(s) such as Infragard, Citizen Corp, Neighborhood Watch but also First Responder(s), Cult Member(s), Gang Member(s), Luciferian FreeMasonic Brotherhood Lodge(s), Mormon(s), Jehovah Witnesses, & Scientologist(s) even devoted Atheist(s) are willing to get involved for the sweet scent of some FREE Money. “Targeted Individual(s)” are placed on the "TERRORIST WATCH LIST" inside of the "(TSDB) TERRORIST SCREENING DATABASE" and tracked as "(NIS) NON-INVESTIGATIVE SUBJECTS" so that local Police Department Officers, Fire Department Firefighters, and (EMT) Emergency Medical Team Ambulance Services can be instructed not to assist with your emergency calls received through FirstNet.com, which is run by AT&T. (As per www.TargetedJustice.com) Within ALL of this is a mix of East German SS STASI “Zersetzung”, “MK Ultra Mind Control”, “CointelPro”, & “Satanic Ritual Abuse” ALL tied into one complete “PROGRAM” with us Real Deal “Targeted Individual(s)” being used as “Behavior Modification by Radiation Experimentation Non Consenting Human Test Subject(s)” which is in complete Violation of the Nuremberg Code (or) Treaty for experimenting without consent & In Violation of the Geneva Convention & In Violation of UN International Law for Cyber Torturing Humanity but that is not even close to the scope of crime(s) they are committing against us during a full Campaign. These are just some Federal Crime(s), Misdemeanor(s), and Fine(s) they are committing. So, here we go:

The CIA and Air Force operate the Microwave Weapons program through the underground complex at Schriever Air Force Base, near Colorado Spring(s). The Reltron/Vircator microwave satellite weapon, and digital beamforming from cell phone tower(s) are used. The microwave beam(s) generally target the head and long-term cause(s) brain damage. See the recent brain trauma of the Cuban Diplomat(s) also caused by microwave weapon(s), according to Dr Douglas Smith, M.D., at the University of Pennsylvania, and Dr Beatrice Golomb, MD, PhD at the University of California, San Diego. State Department signal(s) expert, Mark Lenzi, has also confirmed that the diplomat(s) were definitely attacked with microwave weapon(s). Dr David Relman led an investigation at the National Academies of Science and determined that Havana Syndrome Non-Kinetic Immaculate Concussion (AHI) Anonymous Health Incident (DEBE) Directed Energy Bio Effect(s) are likely caused by microwave weapon(s). (As per www.TargetedJustice.com Thank You)

Voice-To-Skull (V2K) signal(s) can be embedded in the microwave frequency (450 - 700 MHz) which allow(s) government criminal(s) to send constant, hate-filled message(s) at the (TI) “Targeted Individual”. It is called the "Frey effect", (or) microwave auditory effect, founded by Psychiatrist Dr Allan Frey which has been denied by most Psychiatrist(s). There are numerous U.S. Patent(s) on these technologies. It is likely that most of the mass shooting event(s) are orchestrated by the CIA and FBI, using the technique(s) developed under the CIA's MK-Ultra Mind Control program. David Steele, former CIA officer, has confirmed this (As per www.TargetedJustice.com Thank You)

PREDATORY GANGSTALKING:

"Predatory Gangstalking is a criminal phenomenon referring to a group of loosely affiliated people who, in an organized and systematic manner, relentlessly invade all area(s) of an (TI) “Targeted Individual(s)” life on a continuing basis, as part of their lifestyle. While each individual gangstalker does his or her small part, what define(s) Predatory Gangstalking is the collective intent to do harm." R.B.Ross c 2005

Tactic(s) of Predatory Gangstalking include highly coordinated surveillance (hidden camera(s), conversation bugging in private as well as public), harassment, and psychological, psychosocial, financial, and sometime(s) physical assault(s) on an individual by a large group of people who are often stranger(s) to the target but have been fed malicious slanderous lie(s) told to them about the (TI) "Targeted Individual".

A Predatory Gangstalking group is a well-run organisation comprised of member(s) who are unidentified as gangstalker(s) to the outside world until a group of gangstalker(s) turn their face toward(s) someone selected to be one of their target(s). Member(s) within regular society do not realize there is such an invisible group. The

practitioner(s) of gangstalking are people who, for the most part, go about their business of daily life appearing like everyone else, except for their activities involved with gangstalking. Gangstalking activities take priority over everything else in the live(s) of gangstalker(s). Gangstalking is actually a lifestyle for those who participate in it. Predatory gangstalking is also called "Terror Stalking", "Gangstalking", "Flash Mobbing", "Cause Stalking," "Hate Stalking," "Multi-Stalking, "Happy Slapping," "Workplace Bullying", "Covert War", “Organised Harassment”, “Psychological Warfare” just to name a few.

"Flash mobbing" is an event occurring when a (TI) “Targeted Individual” is spotted in society. Their photo and location is immediately simultaneously sent out by cell phone text message(s) and Internet email linked to all gangstalker(s) within a certain radius. All gangstalker(s) then suddenly descend upon the (TI) “Targeted Individual” as a mob.

How a Person Becomes a Targeted Individual:

This may be the most difficult part of the entire manual to write because contrary to what many assume, there is not just one pathway that leads a person into becoming a (TI) “Targeted Individual” (or) "Chosen One". Sometimes, it can be for something as simple as making someone with connection(s) to Intelligence Agencies, Governmental Department(s), or Big Powerful Industry Leading Organization(s) well paid Top Executive(s) angry. In other case(s), it begin(s) with a personal Dispute, as a disgruntled Employee Employer Disagreement, an upset Ex Spouse Girlfriend/Boyfriend, (or) being a Witness to, or having any sort of knowledge about a Federal Crime(s) that is going to be, (or) has already been committed and they think you will spill the bean(s), (or) it can even be just for you being at the wrong place at the wrong time. There are many more possible scenario(s) that I haven't touched on here but I think you get the point. It can be for a variety of reason(s). If there is one thing that I think almost every (TI) “Targeted Individual” would agree on, the

common factor with all of our targeting, is this program is mainly run, if not by “AI”, by some of the World’s most Mentally Demented Deranged Sadistic Malignant Narcissistic Psychopath(s).

What make(s) it so insidious is that the process is almost never announced. There is no paperwork, no trial, no official notice. Instead, a person is quietly placed onto either “A Terrorist’s Watch List” (or) the Real Actual FBI "Terrorist Watch List", entered into a Covert Government Database, and then slowly surrounded by a system for reason(s) that can be seen as almost Trivial. As the process gradually progressively move(s) forward from the beginning until the end of each Campaign ALL that you basically have left in the world is literally your Spirituality.

This problem does not alway(s) come from faceless authorities although many are playing their part participating in role playing during a fully run Campaign. Sometime(s) the first spark come(s) from someone close like a neighbor, a co-worker, a classmate, even a family member. Once the label has been applied the true reason for being targeted become(s) buried. To the (TI) “Targeted Individual” it feel(s) like a secret sentence has been handed down with punishment enforced from behind the scene(s) to right out in front of the public(s) eye(s) but they just don't think (or) aren't aware that any of these types of criminal network(s), that thrive in the shadow(s), could even exist without anyone noticing them and someone publicly raising the flag (or) blowing the whistle on these completely illegal activities. They will not believe that this program could exist within a FREE Country that has Constitutional Human Right(s) & Freedom(s) we are supposed to be guaranteed into being protected by.

The Mark of the Beast and the Terrorist Watch List:

Revelation 13:17 *declare(s) that no one may "buy or sell, save he that had the mark, or the name of the beast, or the number of his name." In the Beast System of today, that mark is not a visible tattoo or implant alone it is a digital mark. It is your name entered into the Terrorist Screening Database (TSDB). It is your designation as a*

Non-Investigative Subject (NIS). It is the invisible label that follows you everywhere, telling every institution, every employer, every landlord, every police officer that you are marked. Once you are in this database, the system treat(s) you as less than human. You become a "Non-Person" in the eye(s) of the state. Your right(s) become optional. Your property become(s) forfeited to the State. Your reputation become(s) a target for slander. This is the Beast System's mark invisible to the public, but absolutely real to those who bear it.

But take heart. Revelation 20:10 tell(s) us the final end of the beast and it(s) system: "And the devil that deceived them was cast into the lake of fire and brimstone." The system that target(s) you today will not stand forever. Your suffering is seen. Your name is written in another book, in the Lamb(s) Book of Life (Revelation 21:27). And that book cannot be tampered with by any FBI agent, any fusion center Analyst, (or) any Gangstalker Handling Campaign Organizer.

Who Targets You:

The question most people ask is: *Who would do this?*

The answer is layered. On the surface it looks like just ordinary people are actively joining in on it. They are mostly all just stranger(s). But it can start with weird repeated annoyance(s) being done by your Neighbor(s), or even getting pulled over repeatedly by local Law Enforcement. But behind the curtain(s) you know there is a deeply hidden connected larger network monitoring controlling this narrative. Some you will see are motivated by ideology while others by personal vendettas. There are other(s) that are strictly motivated by pure tax free profit and the financial perk(s) and benefit(s) that come(s) along with being a part of this.

Some group(s) appear almost fanatical with a dark spiritual (or) cult-like core feeding off the suffering they create. Other(s) operate like bureaucracies gone wrong, where one false accusation snowball(s) into permanent blacklisting. Most disturbing of all is that the order to target can come from someone who know(s) you well. A former Friend, Colleague, even a Relative.

Why You Get Targeted:

The “why” is often the hardest part to accept, because it rarely follow(s) the rule(s) of fairness (or) justice.

You don’t have to be a whistleblower, an activist, or someone exposing corruption. Sometime(s) the reason is small and absurd like questioning authority, standing out in a crowd, refusing to conform, (or) offending the wrong person. Even with no hard evidence of what they are being accused of once entered into the system (TI) “Targeted Individual(s)” will be given the main profile headliner of being a “Risk” or a “Threat" to "National Security".

What begin(s) as a single grudge (or) misunderstanding can escalate into a lifelong battle of Surveillance, Slander, Stalking via Proxies, Sabotage, Harassment and Electronical Mechanical Psychological Economical Financial Electromagnetical Gaslighting Psychiatrical Satanical Spiritual Warfare.

How It Happens:

The process unfold(s) quietly, almost imperceptibly at first.

There is no dramatic raid and usually no formal warning. Instead, you begin to notice pattern(s) such as neighbor(s) behaving strangely, unusual vehicle(s) circling your block within your once quiet neighborhood, the same unfamiliar face(s) appearing in multiple location(s). Electronic Device(s) may glitch in way(s) you cannot explain.

Opportunities vanish. Career Job(s) disappear. Relationship(s) start to become fractured. Your left questioning yourself if everyone is on it like it is a play being acted out in front of you and your the main character of the show. It feel(s) like your being placed into some sort of action/horror film where you didn't even have to apply for a role in it, but your definitely in it, with all eyes starting to become focused on just you and your action(s) (or) should I say reaction(s).

At first, many target(s) ask themselves: *Am I imagining this?* But the pattern(s) intensify until the harassment become(s) undeniable.

Behind it lie(s) a set of deliberate tactic(s) designed to:

- **Tamper**
- **Destabilize**
- **Annoy**
- **Damage**
- **Frighten**
- **Sabotage**
- **Intimidate**
- **Destroy**
- **Isolate**
- **Break down**
- **Unhouse**
- **Hospitalize**
- **Imprison**
- **but the main goal is to drive you to Suicide**

All of this is carefully wrapped in layer(s) of plausible deniability.

What It Feels Like at the Start:

For (TI) “Targeted Individual(s)”, the beginning is marked by confusion and disbelief.

Life suddenly feels scripted, as if everyone knows their role except you. Coincidence(s) pile up, trust erode(s), and ordinary interaction(s) feel staged. Friend(s) drift away. Employer(s) let you go. Family member(s) grow distant, sometime(s) even hostile. The realization come(s) to you painfully slow that you’re inside a program. A hidden campaign of control. It does not stop when you protest, when you attempt to successfully prove your innocence, (or) when you ask for an explanation. This is the true beginning of the journey. It’s a crash course in hidden power within secrecy through systemic cruelty. An evil system has always existed in the background of history but only reveal(s) itself fully once you have become it(s) target seeking the total destruction of everything you thought you held close. It will all be ripped away from you. You will not find any peace of mind anywhere you try to go.

A Prayer for the Targeted Individual. If you have read this far and recognize yourself in these page(s), pause now and pray:

Heavenly Father, I come before You in the name of Jesus Christ. I acknowledge that I am in a battle I did not choose, against an enemy I cannot see . Lord, open my eye(s) to see the spiritual reality behind the physical attack(s). Give me wisdom to recognize the tactic(s). Protect my mind from despair, my heart from bitterness, and my spirit from breaking.

I declare that no weapon formed against me shall prosper (Isaiah 54:17). I declare that I am more than a conqueror through Christ who love(s) me (Romans 8:37). Guide me through the valley of the shadow of death. Be my shepherd. Restore my soul. And use my testimony to expose the work(s) of darkness and bring light to other(s) who are suffering through the same reality to give them clarity.

In Jesus' mighty name, Amen.

ACT 2: *Choosing a Good Decent Honest Innocent Law Abiding Citizen to be placed on "Terrorist Watch List" as a "Targeted Individual"*

They will be out in traffic let(s) just say a person quickly swerve(s) in front of cutting them off in their lane. They will simply write down the Vehicle(s) License Plate Number then allow them to go off along their way to wherever they are headed toward(s). They will wait a few week(s) then park on a side road where a clean shaven dark hair brown eyed Police Officer will exchange uniform(s) with a mustache wearing blonde hair blue eyed Fireman (or) Vice Versa, just as long as they have a different appearance. This is done to create an atmosphere of illusional plausible deniability. So, the Fireman now dressed as the Police Officer will confidently calmly walk into the Vehicle Registration Insurance Agent(s) Office. This is how this conversation would look (or) sound like here below:

Fireman dressed as a Police Officer:

Hello. How are you doing today? My name is Officer "ELIOT NESS". The reason I am here this morning is we received a Dispatch-911 phone call from a terrified upset concerned citizen from the neighborhood who claims they saw an individual that looks just like a suspect who is "#2 on our TOP 10 MOST WANTED FUGITIVE(S) LIST" suspected with lots of incriminating evidence as proof of them being a "UNDERGROUND BLACK MARKET DEEP DARK WEB ONLINE OFFLINE HUMAN WOMAN CHILD BABY SEX DRUGS WEAPONS TRAFFICKING BANK WIRE TRANSFER FRAUD MONEY LAUNDERING DOMESTIC INTERNATIONAL TERRORIST". The good thing is the citizen managed to write down the suspect(s) License Plate Number(s). So, all we need from you is the Full Name, Home Address, and Mobile Home Business Cell Phone Number(s) attached to

this plate number in your system..

IF YES: EXCELLENT !!!

He will write down the information. Then ask her if they can count on her in the future in case this happens again? He will thank her and tell her to have a nice day. **(Walk out and leave)**

IF NO:

What do you mean NO? The suspect has become a "THREAT TO NATIONAL SECURITY". Don't you want to help us out? Okay, come on now it will only take you just two seconds to look up then I will be out of your hair.

IF YES: GREAT !!

He will write down the information. Then tell her he likes her hair. He will thank her and tell her to have a nice day. **(Walk out and leave)**

IF NO:

WHAT !!?? Did you just say "NO" to me again? I guess now is the time I should let you know that you could just as easily be charged with "OBSTRUCTION OF JUSTICE". Why not make things easy on yourself and just work with us?

IF YES: GOOD !

He will write down the information. Then tell her not to take it personally. We are both just trying to do our jobs here. Tell her "HEY, CUTE OUTFIT”. He will thank her and tell her to have a nice day. **(Walk out and leave)**

IF NO:

Okay, so you're refusing to work with us, is that right? How would you like to be laying on your couch around this same time tomorrow watching Jerry Springer re-runs? I am just interested in what the owner will say about you not co-operating with us? What is their Name and Number, so I can contact them later on today? Take down the information. DON’T say Goodbye. **(Then quickly storm out and leave)**

Then they will just go through their Rolodex full of Vehicle Registration Insurance Agents Name(s), Number(s), & Location(s) they have worked with in the past.

THESE ARE THE FEDERAL CRIMINAL OFFENSE(S) (or) MISDEMEANOR(S) (or) FINE(S) BEING COMMITTED SUCH AS:

BREACH OF PUBLIC OATH / BREACH OF PEACE / CONSPIRING TO COMMIT CRIME(S) / ORGANIZED CRIME(S) / LOITERING /

NOW THEY WILL…

ACT 3: *Continuous Covert 24/7 365 Surveillance Routine Monitoring Data Stored in Central AI Computer Database*

They usually don’t announce themselves. There is no letter in the mail. No dramatic moment when your Sworn to be Forever Life Long Enemies declare World War III. The first phase is usually quiet, subtle, and carefully calculated on slipping beneath your(s) and the public(s) Awareness. You are not necessarily Attacked in the traditional sense. You are introduced into a long game of Erosion. The goal here is simple. It is to Destabilize your Baseline of everything you thought you knew Reality was all about. It will begin with the smallest of changes injected into your Environment. They will either stand out front of, repeatedly walk by with (or) without a dog, riding bike past, and (or) just sitting out front inside their vehicle(s). Their fully awakened pesky peeping tom(s) will be just far enough away so that with (or) without Binocular(s) they can clearly observe, monitor seeing Everyone and Everything approaching leaving your once Peaceful Safe Secure Home Business.

They will Document Record then Report back and forth through 3-Way style Walkie Talkie(s), CB Ham Radio(s), Rooting Mobile Cell Phone(s) to access Secret GPS Tracking Link(s) from a fully Encrypted Secured Point to Point Tunneling Text Messaging Communication(s) while listening on Local Police Scanner(s) for any Radio calls dispatching Officer(s) confirming en-route Transmissions into your area so they can relax but have enough time to quickly flee if any tiny hint of forthcoming danger on the way from any of the Honest to being Good Law Abiding Enforcing Authorities arriving whom are completely unaware of this Illegal Play for Pay Program. ANY and ALL "Targeted Individual(s)" movement(s), no matter how small

(or) insignificant they may seem, are Documented then later Reported then Entered into their Centralized Master Main Frame Super AI Computer Database. ALL of the daily/nightly report(s) of 24/7 365 activities entered will calculate their carried out later Attack(s) against “Targeted Individual(s)”. They monitor us to catch our Routine(s). Every movement captured is preserved with a time stamp. Your file folder grow(s) heavier with every passing Minute, Hour, Day, Week, Month, even for Years(s). With all of the Information gathered from any previous Campaign(s) run against us included. What worked in the past, keep it, what didn't work, discard it, throw it away. Meticulously compounding data into a much shorter, more impactful version of Warfare.

They will log the place(s) we go, all the people we meet. They will slowly carefully seek out any possible co-conspirator(s) to bribe for their co-operation but more importantly for their silence. They will quickly gain the trust of people that are seemingly too easy to turn into Infiltrator(s). They don’t need anyone(s) permission. What we call Security, Safety, and Privacy is nothing more than a quickly fading Illusion.

This part of the Covert Surveillance is constant. They will not grant you Silence, nor Pause, nor any Relief. Even as you sleep this program never sleep(s). They feed the AI Machine every byte of our existence Day after Day, Night after Night, Week after Week, Month after Month, and Year after Year. Our habit(s) become predictable, our weaknesses are catalogued, and our reaction(s) are measured. When we change our pathway(s), direction(s), (or) our route(s) they will just adjust. When we show resistance they will record it. When we look as if we’re gonna emotionally break down they will archive the moment as proof of their ultimate power over us. They are not merely just watching but are writing the book of your life in real time. A book that is not on any public library shelves. It is your True Non Fictional Life Story that they alone own and it's all about you. This is their Ritual called Surveillance. The Black Mass of modern control and we are their chosen Sacrifice to their god that they worship, who is the father of all lies, Lucifer. They have joined Demonic Forces from ALL around, with help from Witches and Warlock(s) to surround Snuff Out, our once Calm Peaceful everyday Existence.

"The AI Database Structure"

"The Central AI Computer Database is not a simple file folder. It is a relational intelligence system that cross-reference(s) every data point against every other data point. Your license plate is linked to your home address, which is linked to your employer, which is linked to your family member(s), which is linked to your medical record(s), which is linked to your financial transaction(s), which is linked to your social media activity, which is linked to your daily movement pattern(s). The AI does not just store information it identifies correlation(s), predict(s) future behavior, and recommend(s) attack vector(s). When you change a routine, the AI flag(s) the deviation and alert(s) the campaign team to adjust their tactic(s). You are not being watched by people alone. You are being watched by a machine that never forget(s), never tire(s), and never make(s) mistake(s)."

"The Three Layer(s) of Surveillance":

- *"The surveillance operate(s) in three concentric layer(s):*
- *Layer 1 — Physical: Operative(s) on foot, in vehicle(s), on bicycle(s). Direct line-of-sight observation. The 'eye(s) on' layer. Most visible, most easily spotted by an alert target.*
- *Layer 2 — Technical: GPS tracking on your vehicle, cell phone triangulation, Wi-Fi probe request(s), Bluetooth device fingerprinting, smart meter data, license plate reader(s). Invisible to the naked eye but more comprehensive than any human observer.*
- *Layer 3 — Data: Bank transaction(s), credit card purchase(s), online searches, social media activity, email metadata, utility bill(s), medical claim(s), court record(s). This layer build(s) the long-term profile and is accessed remotely without any physical presence near the target.*
- *Most target(s) only notice Layer 1. By the time you are aware of the physical surveillance, Layers 2 and 3 have already been running for week(s) or month(s)."*

"Counter-Surveillance Detection":

"If you suspect you are in the early phase of surveillance, look for the following indicator(s):

- *— Vehicle(s) that appear in multiple location(s) you visit, at different time(s) of day, parked at an angle that provide(s) a clear view of an entrance or exit.*
- *— Pedestrian(s) who cross your path repeatedly during a single outing, particularly if they are on a phone (or) appear to be speaking into a concealed microphone.*
- *— Delivery vehicle(s), utility truck(s), or service van(s) that remain parked in your immediate area for extended period(s) without obvious activity.*
- *— Unusual Wi-Fi network name(s) appearing near your home, particularly those that change or disappear after you notice them.*
- *— A sudden increase in wrong-number phone call(s), spam text(s), or door-to-door solicitor(s) — these are often used to confirm your presence at a given location.*
- *Document each observation with date, time, location, vehicle description (if applicable), and a photograph if safe to take one. This create(s) a pattern that can later be presented as evidence."*

THESE ARE THE FEDERAL CRIMINAL OFFENSE(S) (or) MISDEMEANOR(S) (or) FINE(S) BEING COMMITTED SUCH AS:

BREACH OF PUBLIC OATH / BREACH OF THE PEACE / CONSPIRING TO COMMIT CRIME(S) / ORGANIZED CRIME(S) / LOITERING / MISCHIEF / AIDING & ABETTING BEFORE THE ACT OF CRIME(S) / ACCESSORY TO COMMIT CRIME(S) / AIDING & ABETTING AFTER THE ACT OF CRIME(S) / FAILURE TO REPORT CRIME(S) / MISAPPROPRIATION OF CITIZEN(S) TAX PAYER(S) FUND(S) / MISDIRECTION OF CITIZEN(S) TAX PAYER(S) FUND(S) / INCOME TAX EVASION

They will do this 24/7 365 for the remainder of the Campaign until it ONLY end(s) in 1 (or) more out of 4:

#1): Homelessness (or) lose your Home sometime(s) for GOOD.
#2): Hospitalization sometime(s) for GOOD.
#3): Jail (or) Framed Convicted Sentenced to a lengthy Prison stay sometime(s) for GOOD.
#4): Voluntary, Accidental, Death by Poisoning, Forced Suicide, (or) Murdered made to look like Suicide for GOOD.

They get paid the most from Citizen(s) Tax Payer(s) Anti-Terrorism Fund(s) when a Campaign end(s) in 1 out of 5 way(s) within #4 above. 75-80% of victim(s) are either single (or) soon to be made single women sometime(s) with kid(s) they make out the mother into looking mentally unfit then kids get kidnapped by (CPS) Child Protective Services, split up, placed into Foster Care Home(s) sometime(s) so far away NEVER seeing (or) speaking with their mother(s) EVER again.

THEN THEY WILL…

ACT 4: Garbage *Waste Collecting DNA Extracting Storing Building Criminal Frame-Up Job(s)*

Now they will wait for the “Targeted Individual(s)” Garbage Day. They will be all dressed up with tinted black glasses, black baseball cap(s), jeans with windbreaker jacket(s) with three letter agencies on the back, running shoes, with their Online purchased Fake (or) Real Badge(s). They will wait about a block away at the end of the street from the Personal Private Home Business of the “Targeted Individual”. They will approach the Garbage Truck on the Front Drivers Side quickly flash either a Fake (or) Real Badge and this is how this conversation would look (or) sound like right here down below:

"Hey there!!! Thanks for stopping. I don't want to take up too much of your time here because you're on the job but my name is (SPECIAL FEDERAL AGENT / LEAD DETECTIVE / OFFICER) "ELIOT NESS". I am working undercover with the (CIA / JTF2 / MI6 / FBI / MI5 / NSA / DHS / DOJ / DEA / ATF / DOW / CAF / CSIS / RCMP / ASIS / NZSIS / POLICE). We have got a suspect by the name of (TARGETED INDIVIDUAL) who lives just down the street here on your route at (TARGETED INDIVIDUALS HOME BUSINESS ADDRESS). I just wanted to ask you if you happen to know them? Well, here's the deal, for the last 2 years they have been under a "FEDERAL CRIMINAL INVESTIGATION" suspected with evidence to boot as proof of them being a "UNDERGROUND BLACK MARKET DARK WEB CRUELTY TO RESCUE ANIMAL(S) DUNGEON TORTURING KILLING BLOOD DRINKING DISMEMBERING DOMESTIC INTERNATIONAL BUYING SELLING BODY PARTS TRAFFICKER”. We have gotten information from a well respected, reliable, and trustworthy "CONFIDENTIAL POLICE INFORMANT"

which legally we can’t say who they are, but they are saying that they have personally witnessed the suspect chopping little innocent animals up, then tossing out the remain(s) into their trash. All that we need as of now is just a little bit more evidence then BANGO WE GOT THIS SUCKA right where we want em. Then we can put them right back where they belonged all along, that is off our streets, out of our community, and right back in PRISON. So what we were wondering is if you could help us out a little bit by picking up their trash just like usual but if you can set the trash bag aside on the back inside edge of the Garbage Truck. Once you're done the rest of the street we will be parked just as you take your right hand turn around the corner then just stop behind us. We will get out, grab the trash bag, and you can go on with the rest of your route. Sounds good?

IF YES: EXCELLENT !!!

They will get out of the Garbage Man Trucks way and let them finish collecting trash waiting just around the corner, when the Garbage Truck stop(s) behind them. They will get out and grab trash bags but let the Garbage Man know that there is just one thing they need to do before they can let them go on with their morning. You just need to sign a standard, simple, easy to understand "NATIONAL SECURITY NON DISCLOSURE AGREEMENT" which basically states that all you are doing is you are promising that you won't say ANYTHING to ANYONE about the "FEDERAL CRIMINAL INVESTIGATION" especially not the "TARGETED INDIVIDUAL(S)". IF YOU DO, you agree that you will be ARRESTED, HANDCUFFED, and CHARGED with "OBSTRUCTION OF JUSTICE" and for "IMPEDING IN A FEDERAL CRIMINAL INVESTIGATION". You will be CONVICTED then SENTENCED then taken to PRISON. ALL of your CASH, BANK ACCOUNT(S), HOME(S), VEHICLE(S) and ANY and ALL other ASSET(S) will be SEIZED then SOLD at PUBLIC AUCTION. You will lose your CAREER JOB. As for your MARRIAGE, well you can just FORGET ABOUT IT, that will be OVER with. Your KIDS will be taken by (CPS) Child Protective Services, split up, placed into FOSTER CARE HOME(S) sometimes so far away you will NEVER see or speak with them EVER again. Now, all we need from you is to print your name here. Then put today's date which is July 4th 1990 right there. The last thing we need is your signature right down here.

Allow the Garbage Man Truck to go continue on with the rest of their route

IF NO:

What do you mean NO? The "TARGETED INDIVIDUAL" has become a “THREAT” to ALL of our “NATIONAL SECURITY". Now, just listen to me for a second, and this is my fault so I am sorry about that. It's totally my fault, but what I forgot to tell you is we have been given the heads up from our higher ups through head office who has given us authorization to pay you for your valuable time. So, that is not a problem at all, plus I think you're really gonna like what I have to say to you here now. What would you say, if I were to tell you that we can offer you money. We are prepared to offer you either ($2000 CASH, MONTHLY MORTGAGE (or) RENT PAYMENT(S), VEHICLE LOAN LEASE RENTAL PAYMENT(S), (or) how about you and your wife get sent on a ALL EXPENSE(S) PAID FOR TWO PERSON TWO WEEK VACATION JET AEROPLANE HOLIDAY TRIP to ANYWHERE you want to go in the WORLD? We will even pay for babysitting too if you have kids? You can take your pick. It’s ALL TAX FREE TOO!!! How does that sound?

IF YES: GREAT !!

They will get out of the Garbage Man Trucks way and let them finish collecting the trash waiting just around the corner where the Garbage Truck stops behind them. They will get out and grab the trash bag and write down their Full Name, Home Address, Home Phone Number, and best time to call them and will give them a few days to make their decision on which method of payment they would prefer but they will let the Garbage Man know that there is just one thing they need from them. All they need to do now is just sign a standard, simple, easy to understand, "NATIONAL SECURITY NON DISCLOSURE AGREEMENT" which basically states that you are promising that you won't say ANYTHING to ANYONE about the "FEDERAL

Allow the Garbage Man Truck to go on and continue with the rest of their once per week Wednesday morning Garbage Bag Trash Bin pickup route

IF NO:

Excuse me, did you just say NO again to me? How do you think your Union Rep would react if he knew you weren't willing to work with us? Maybe we should just give him a call. What’s the problem? Is it the money? Okay, Okay just hear me out. Oh man, I just know I am gonna get in big trouble for this one but I can offer you a Maximum amount of $3000 CASH right here, right now.

IF YES: GOOD !

They will get out of Garbage Man Truck(s) way and let them finish collecting trash waiting just around the corner where Garbage Truck stops behind them. Allow the Garbage Man Truck to go on and continue with the rest of their once per week Wednesday morning Garbage Bag Trash Bin pickup route

IF NO:

What?? Why did you say NO again? Okay, Okay we get it, but let me tell you one thing before you go and that is you cannot say ANYTHING to ANYONE about the "FEDERAL CRIMINAL INVESTIGATION" especially not the "TARGETED INDIVIDUAL". IF YOU DO, you will be ARRESTED, HANDCUFFED, and CHARGED with "OBSTRUCTION OF JUSTICE" and for "IMPEDING IN A FEDERAL CRIMINAL INVESTIGATION". You will be CONVICTED then SENTENCED to PRISON. away you will NEVER see (or) speak with them EVER again. And if you're not careful you may come under your own "FEDERAL CRIMINAL INVESTIGATION" becoming our next "TARGETED INDIVIDUAL". Now get the hell out of here you got a lot of trash that needs to be picked up.

Allow the Garbage Man Truck to go on and continue with the rest of their once per week Wednesday morning Garbage Bag Trash Bin pickup route

Then they will just wait until the next "Targeted Individual" Pickup Garbage Trash Bag Bin Day then will simply steal the Garbage Trash Bag(s) before the Garbage Truck arrive(s) to Pickup the Garbage Trash Bag Bin(s).

They will treat the everyday routine of garbage collection as an opportunity for intelligence gathering and manipulation. Every discarded item that leave(s) "Targeted Individual(s)" Home Business can be transformed into a tool of control. Nothing is irrelevant, there might be food wrapper(s), tissue(s), personal hygiene product(s), or handwritten note(s). All of it carries material that can be Analyzed, Recorded, and Weaponized. By turning the trash into Evidence we make the target aware, even if only subconsciously, that there is no corner of your personal private life that is beyond reach.

They will Analyze the retrieved waste for DNA, Biological material, and other personal identifier(s). Every Hair, Skin fragment, (or) Saliva trace become(s) a data point in the ongoing Surveillance file. This allows them to connect "Targeted Individual(s)" to fabricated scenario(s) and link them to future compromised well thought out planned Crime Scene(s). The extracted information is archived in a Central Database where it can later be used to simulate Evidence to support false accusation(s) (or) apply Legal and Social pressure(s) against "Targeted

Individual(s)". Even if no formal charge(s) occur the mere suspicion(s) of serious offense(s) ranging from Violent act(s) to Neglect (or) Abuse(s) can end up isolating "Targeted Individual(s)" destroying reputation(s), and manipulating Social, and (or) Professional relationship(s). The operation is as Psychological as much as it is Physical as they turn ordinary waste into an instrument of Terror and Control. They will maintain Secrecy plausible deniability at every stage. Garbage Men appear uninvolved and the good authorities are unaware of the manipulation while the public only perceive(s) things as just routine Trash Pickup. This invisible operation reinforce(s) the notion that "Targeted Individual(s)" are constantly observed yet powerless to prove it. The constant uncertainty destabilize(s) "Targeted Individual(s)" sense of Safety, Autonomy, and Trust. Garbage is no longer mere waste.

"Types of Biological Material and Their Use(s)":

> *The following biological material(s) are routinely extracted from discarded waste and their specific forensic use(s) are as follow(s):*

- *Hair follicle(s) (with root sheath intact): Used for mitochondrial and nuclear DNA analysis. Can be planted at a fabricated crime scene or used to link the target to an object they never touched.*
- *Fingernail clipping(s): Contain sufficient DNA for a full profile. Easily placed under a 'victim(s) fingernail(s) in a staged assault scenario.*
- *Chewing gum, cigarette butt(s), licked envelope(s) or stamp(s): Saliva DNA. The highest-quality source and the most commonly recovered from household waste.*
- *Used tissue(s) or napkin(s): Nasal and oral epithelial cell(s). Often used to seed a location with the target(s) DNA week(s) before an alleged crime.*
- *Disposable razor(s): Blood and skin tissue. A single razor can provide enough DNA to fabricate multiple piece(s) of evidence.*
- *Food with bite mark(s): Dental impression(s) and saliva. Can be matched to a bite mark on a fabricated victim.*
- *Receipt(s), bank statement(s), handwritten note(s): Provide handwriting sample(s), financial pattern(s), and paper fiber(s) that can be matched to document(s) found at a staged crime scene.*

> *Each item is photographed, logged, and stored in a climate-controlled evidence locker before being entered into the Central AI Database as 'biometric ammunition' for future use."*

"Chain of Custody Fabrication":

- *"Once the biological material is obtained, it must be given a false chain of custody to be usable in court. This is accomplished through a compromised evidence technician at the local police department or a private forensic lab under contract. The technician enter(s) the DNA profile into the Combined DNA Index System (CODIS) under a fabricated case number typically as a 'found property' or 'unknown suspect' entry from a different jurisdiction. When the target is later arrested, the planted DNA appear(s) to match a legitimate evidence sample, and the court is presented with a clean, unbroken chain of custody that trace(s) back to a real (but unrelated) police report. The garbage theft itself is never mentioned in any official document."*

"Detection and Prevention":

"If you suspect your garbage is being intercepted, consider the following countermeasure(s):

- Shred all document(s) containing personal information before disposal. Cross-cut shredding is preferred; strip-cut shred(s) can be reassembled.

- Dispose of biological waste (tissue(s), razor(s), dental floss, nail clipping(s)) in a separate bag that is not placed in the regular household bin. Flush or burn what can be safely eliminated.

- If possible, transport your garbage to a public disposal site outside your immediate neighborhood rather than using curbside pickup.

- Document license plate(s) of any vehicle(s) that follow your garbage truck on collection day.

These measure(s) will not stop a determined campaign, but they will force the operative(s) to expend additional time and resource(s), and may create gap(s) in their evidence chain."

"The Psychological Impact of Garbage Theft":

- *"The theft of garbage is not merely an evidence-gathering tactic. It is a deliberate psychological assault. Household waste contain(s) the most intimate detail(s) of a person(s) life such as what they eat, what they read, what medication(s) they take, what they discard in private moment(s) of illness, grief, (or) vulnerability. Knowing that stranger(s) have handled and catalogued these item(s) create(s) a persistent sense of violation that no lock, alarm, or security system can prevent. The target begin(s) to feel exposed inside their own home, the one place they should be safe.*

Then they will wait until the next day's mailman delivers our mail then wait until the Mailman is out of sight then they will just run up stealing our Federal Postal Service Mail out of our mailbox.

(ALL THE ABOVE WITHOUT A “Real” FEDERAL SUPREME COURT JUDGE ORDERED WARRANT)

Type(s) of Mail and Their Tactical Value":

Not all mail is of equal value to a Campaign. Operatives are trained to prioritize the following categories:

- *— Financial mail (bank statement(s), credit card offer(s), tax document(s), pay stub(s) are all Used for identity theft, financial sabotage, and monitoring the target(s) economic status.*
- *— Legal and court correspondence (summon(s), subpoena(s), court order(s), lawyer letter(s) are Intercepted to cause missed deadline(s), default judgment(s), and contempt of court finding(s).*
- *— Medical mail (prescription refill(s), insurance EOB(s), appointment reminder(s) are used to disrupt healthcare access and monitor the target(s) physical condition.*
- *— Government mail (benefit check(s), disability review(s), passport renewal(s), voter registration is Intercepted to create bureaucratic entanglement(s) and financial pressure.*
- *— Personal correspondence (letter(s) from family, friend(s), support network(s)) are read for intelligence on the target(s) emotional state and relationship(s). Certain letter(s) are selectively*

delivered to trigger specific emotional response(s).

- *— Package(s) (ordered supplies, gift(s), evidence of purchase(s)) are opened, inspected, and sometime(s) resealed. Content(s) may be damaged, removed, (or) replaced with surveillance device(s).*

- *— Business mail (client correspondence, invoice(s), intellectual property filing(s)) are used for corporate sabotage, copyright fraud, and trademark infringement as noted in the criminal offense(s) section.*

Each piece of mail is photographed before opening, photographed again after opening, logged in the Central AI Database, and either resealed for delivery (or) destroyed based on it(s) intelligence value."

"Mail Cover vs. Mail Interception":

- *"There is a legal distinction between a 'mail cover' which is a government-authorized recording of name(s) and address(s) appearing on the outside of mail and the illegal mail interception described in this ACT. A legitimate mail cover is governed by strict regulation(s) as it requires a written request from a law enforcement agency, approval from a postal inspector, and is limited to 30 day(s) with possible renewal. The operation described here bypass(s) all of these safeguard(s). No warrant is obtained. No postal inspector is involved. No record is kept in any official system. This is not surveillance under the law, it is theft of federal mail, a criminal offense under 18 U.S.C. § 1702 and § 1708 regardless of whether the operative(s) claim federal authority."*

"Forwarding and Redirection: The Silent Filter":

- *"A less confrontational method than approaching the mail carrier involve(s) submitting a false change-of-address form with Canada Post or USPS. This is done online using the target(s) name and a 'temporary forwarding address' typically to a P.O. Box controlled by perpetrator(s) (or) to a vacant property address. The target(s) mail is automatically rerouted to this address for a period of 2 to 12 month(s). The target may not notice for week(s), especially if they receive most of their*

bill(s) electronically. By the time they realize what has happened, critical document(s) have already been intercepted. The forwarding order can be cancelled and re-filed repeatedly, creating a cycle of confusion. This method leave(s) no paper trail linking the operative(s) to the interception, and the postal service record(s) the address change as having been authorized by the resident meaning the target themselves appear to have requested the redirection."

"Detection and Countermeasures for Mail Interception":

"If you suspect your mail is being intercepted, consider the following:

- *— Rent a P.O. Box at a post office in a different neighborhood than where you live. Use this as your primary mailing address for all sensitive correspondence. Inform bank(s), government agencies, your lawyer, and your doctor of the change in writing.*
- *— Check for sign(s) of tampering like looking out for resealed envelope(s), mismatched glue line(s), torn paper fiber(s) around the seal such as envelope(s) that arrive with the flap on the wrong side, or stamp(s) that appear to have been steamed open and re-adhered.*
- *— Use registered or certified mail for critical document(s). These require a signature and create a tracking record that can be used as evidence of interference if the item is delayed or lost.*
- *— Install a locked mailbox with a slot that accept(s) mail but prevent(s) removal by hand. A standard residential mailbox with a flag is not secure.*
- *— Monitor your Informed Delivery (USPS) or Canada Post email notification(s) if available. These service(s) email you image(s) of your mail before it arrive(s). If an item appear(s) in the notification but never reaches you, document the discrepancy immediately.*
- *— Set up mail forwarding alert(s) with Canada Post or USPS so you are notified by email if a change-of-address request is filed in your name.*
- *— Document every missing item: Date, sender, type of mail, expected content, and whether it*

eventually arrived. A pattern over time is evidence.

- *— File a complaint with the Postal Inspection Service (USPIS) or Canada Post Security. While they may not investigate immediately, a formal complaint create(s) a record that can be referenced in legal proceeding(s)."*

Mail as Psychological Warfare":

"The manipulation of mail serve(s) a purpose beyond intelligence gathering. It is a form of psychological warfare designed to make the target feel isolated, powerless, and disconnected from the world. A birthday card from a parent that never arrive(s). A check from a client that disappear(s). A court summon(s) that is delivered three day(s) after the deadline. Each loss is small, but the cumulative effect is devastating. The target begin(s) to question whether they can trust any system of communication. They stop sending letter(s). They stop expecting replies. They withdraw. This isolation is the goal. A target with no support network, no legal representation that can be reached reliably, and no financial document(s) to prove their case, is a target that is easier to control. The mailbox become(s) a symbol of everything that has been taken from us, our privacy, reliability, and the simple expectation that a letter sent will be a letter received."

They extend their reach into the Physical. The Postal System become(s) another layer of Surveillance and Control. Every Letter, Package, and piece of Correspondence that enter(s) (or) leave(s) is subject to Interception. The method(s) vary and are sometime(s) Subtle, sometime(s) Overt, but the Objective is always the same. That is to Monitor, Disrupt, and Control the flow of all Information. It begins with Theft. Mail can be removed from Delivery point(s) before it reaches “Targeted Individual(s)”. This may involve Interception at Distribution Center(s), Unauthorized access to Mailboxes, or the cooperation of Insider(s). Personal Letter(s), Financial Statement(s), and Confidential Intellectual Property Document(s) disappear without explanation. The absence alone causes Confusion, Delay(s), and Mistrust. “Targeted

Individual(s)” may blame Postal Error(s) on careless sender(s) but the pattern of missing Mail accumulate(s) over time. Mail can be diverted through address change(s), false forwarding request(s), or manipulation at processing facilities. Item(s) are routed away, examined, and sometime(s) returned after close inspection. In other case(s) they are delivered late, already opened, and resealed with care. “Targeted Individual(s)” may notice Subtle sign(s) such as Creased Envelope(s), Broken Seal(s), and Unusual Delay(s). This create(s) uncertainty about whether the disruption is deliberate (or) accidental.

They will selectively allow certain piece(s) through while holding other(s) back. By filtering correspondence they control the information available to the target. Critical document(s) may never arrive, leading to missed deadline(s), financial penalties, or lost opportunities. Package(s) containing resource(s) (or) support may vanish. At the same time they ensure that trivial (or) irrelevant item(s) continue to arrive, masking the interference behind a thin layer of normalcy. They will employ destruction of mail when necessary. Some correspondence never reaches the target at all. Letter(s) are shredded, burned, (or) permanently discarded. The sender believes the message was delivered while the recipient never know(s) it existed. This erase(s) connection(s) and communication(s) before they can form, weakening the target’s relationship(s) and support network. Over time target(s) become cut off physically deprived of trust in one of the oldest most reliable system(s) of communication. They will integrate these action(s) into the larger system of surveillance. Intercepted correspondence is copied, scanned, and archived. Personal detail(s), financial information, and private thought(s) are added to the central database. Even seemingly harmless letter(s) contribute to the profile such as handwriting, phrasing, and emotional tone reveal pattern(s) over time. Every intercepted item becomes another piece of evidence, another data point in the construction of the target(s) identity.

They design the process to remain hidden. Postal employee(s) will deny knowledge, friend(s) may dismiss complaint(s), and authorities will attribute missing mail to ordinary error. The target is left in a cycle of suspicion, unable to prove what is happening yet constantly feeling its effect(s). This erosion of trust is as valuable as the intelligence gathered because it leave(s) “Targeted Individual(s)” questionably doubting the reliability of communication. They ensure that no form of correspondence is beyond reach. Whether it is a handwritten letter, an official

document, or a parcel, it become(s) subject to their oversight. The postal system, once considered private and secure, become(s) another compromised domain. By controlling the flow of mail, they control the flow of life itself, what arrives(s), what disappears(s), and what you never had the chance to receive.

THESE ARE THE FEDERAL CRIMINAL OFFENSE(S) (or) MISDEMEANOR(S) (or) FINE(S) BEING COMMITTED SUCH AS:

They will do this each and every day for the remainder of the Campaign until it ONLY end(s) in 1 (or) more out of 4:

#1): Homelessness (or) lose your Home sometime(s) for GOOD.
#2): Hospitalization sometime(s) for GOOD.
#3): Jail (or) Framed Convicted Sentenced to a lengthy Prison stay sometime(s) for GOOD.
#4): Voluntary, Accidental, Death by Poisoning, Forced Suicide, (or) Murdered made to look like Suicide for GOOD.

They get paid the most from Citizen(s) Tax Payer(s) Anti-Terrorism Fund(s) when a Campaign end(s) in 1 out of 5 way(s) within #4 above. 75-80% of victim(s) are either single (or) soon to be made single women sometime(s) with kid(s) they make out the mother into looking as mentally unfit then her kids get kidnapped by CPS, split up,

placed into Foster Care Home(s) sometime(s) so far away NEVER seeing (or) speaking with their mother(s) EVER again.

THEN THEY WILL…

ACT 6: *Wiretapping Home Business Active Live Wire Landline Telephone Communication(s)*

Explain there is still just one more thing they need to do and that is to sign a standard, simple, easy to understand "NATIONAL SECURITY NON DISCLOSURE AGREEMENT". Basically, all that it states is that you are promising you will not say ANYTHING to ANYONE about our "FEDERAL CRIMINAL INVESTIGATION" especially not the "TARGETED INDIVIDUAL". IF YOU DO, you are agreeing that you will be ARRESTED, HANDCUFFED, and CHARGED with "OBSTRUCTION OF JUSTICE" and for "IMPEDING IN A FEDERAL CRIMINAL INVESTIGATION" and also for "FAILURE TO COMPLY WITH A FEDERAL SUPREME COURT JUDGE ORDERED WARRANT". You will be CONVICTED, SENTENCED, then taken to PRISON. ALL of your CASH, BANK ACCOUNT(S), HOME(S), VEHICLE(S), and ANY other ASSETS will be SEIZED and SOLD at PUBLIC AUCTION. You will LOSE your CAREER JOB. As for your MARRIAGE, well you can just FORGET ABOUT IT, that will be OVER with. Your KIDS will be taken by (CPS) Child Protective Services, split up, placed into FOSTER CARE HOME(S) so far away you will NEVER see or speak with them EVER again. Do you understand? Okay, Good. All you need to do now is just print your name here. Today's date is July 4th 1990 right there. The last thing we need from you is your signature right down here. OKAY then, have a great rest of your day!

Then, let the Landline Telephone Technician leave.

IF NO:

"What do you mean NO? Why do you think you got the call to stop dropping what

you were doing and come here ? They have become a "THREAT TO NATIONAL SECURITY". Do you really want me to contact your (SUPERVISOR / MANAGER / VICE PRESIDENT / PRESIDENT / DIRECTOR / OWNER) again to let them know that you are not willing to comply with a “FEDERAL SUPREME COURT ORDERED WARRANT” signed by a “JUDGE JUDY”? Now, I don’t want to do that so just hear me out because I think you're gonna like this. Now, this has already been approved by the higher ups. We will even pay for your babysitting if you need. You can talk to your wife first if you want to see which one she prefers, just make your choice within the next few days. It's ALL TAX FREE TOO !!!

IF YES: GREAT !!

They will get out of the way, let the Landline Telephone Technician do their job then wait until they get back into their truck. They will get their Full Name, Home Address, Home Phone Number, and best time to call, let them know that someone will get in touch with them within the next few days so they can tell them which method of payment they have chosen and explain that all they need to do now is just one more thing. They just need to sign a standard, simple, easy to understand "NATIONAL SECURITY NON DISCLOSURE AGREEMENT" which basically, states that you are promising that you will not say ANYTHING to ANYONE about the "FEDERAL CRIMINAL INVESTIGATION" especially not the "TARGETED INDIVIDUAL" IF YOU DO, you are agreeing that you will be ARRESTED, HANDCUFFED, and CHARGED with “OBSTRUCTION OF JUSTICE” and for "IMPEDING IN A FEDERAL CRIMINAL INVESTIGATION" and also for “FAILURE TO COMPLY WITH A FEDERAL SUPREME COURT JUDGE ORDERED WARRANT”. YES!!! Good. Now get your ass outta here you schmuck before we change our minds.

Then let the Landline Telephone Technician leave. They will try the same thing in about a week (or) so with another Customer Service Representative praying that they get a different Landline Telephone Technician.

Overview:

This section details the methods used to intercept, monitor, and record landline telephone communication(s) of a “Targeted Individual(s)” home (or) business line(s). These operation(s) are conducted covertly, often without any physical trace, using both legal and illegal mean(s).

Method 1: Physical Wiretap (Analog/Digital):

Operatives gain physical access to the telephone junction box (demarcation point) outside the target(s) residence or business. Using a butt set (lineman(s) handset), they connect directly to the tip and ring wire(s) to monitor live conversation(s). For digital lines (ISDN, VoIP), operative(s) may use specialized splicing equipment to tap into the data stream.

Method 2: Electronic Surveillance (Remote):

Operative(s) use RF (radio frequency) transmitter(s) hidden in the telephone handset, base unit, or wall jack(s) to broadcast conversation(s) to a nearby receiver. These device(s) are often powered by the phone line itself, making them nearly undetectable. Modern variant(s) use GSM/4G/5G module(s) to transmit audio to a remote server, allowing real-time monitoring from anywhere.

Method 3: Central Office / Switch Access:

With insider cooperation (e.g., telecom employee(s)), operative(s) can remotely activate a "bridge" or "conference call" feature on the target(s) line without physical access. This allow(s) them to silently listen in on both incoming and outgoing call(s). Call detail record(s) (CDRs) and voice recording(s) are also accessible through this route.

Method 4: Man-in-the-Middle (VoIP/Stingray):

For VoIP-based landline(s), operative(s) deploy a Stingray (or) IMSI catcher to intercept SIP (Session Initiation Protocol) traffic. They can also perform a DNS or ARP spoofing attack on the target(s) router to redirect call traffic through a proxy server.

Indicators of Wiretapping:

- Unusual static, clicking, or echo on the line, especially during quiet moment(s).
- The phone feel(s) warm or slightly hot to the touch (indicating active power draw).
- Background noise (e.g., hum, hiss) that persist(s) even when the line is idle.
- Call quality degradation or intermittent drop(s).
- The phone ring(s) briefly then goes silent when the target answer(s)

(indicating a tap test).

They are inside our telephone line(s). Every word spoken across our landline is Captured, Catalogued, and Preserved. The moment a call is placed their system activates recording both side(s) of the story. It does not matter if the conversation seems trivial, every detail has value. Name(s), Date(s), Tone(s), and Emotion(s) are extracted, broken down, and added to your permanent file. Over an extended amount of time combining the smallest fragment(s) of speech they can create a complete picture of Who you are, What you think, and How you react. They will keep the connection alive even when you are not on the phone. The wire is never silent, it is always listening. Once placed, the tap become(s) permanent for the duration of the Campaign. You would never even know where to look. Your phone is no longer just a tool for communication. It is their gateway into your private world. They will analyze your call pattern(s) such as Who you dialed, How often you get in contact with them, and How long you stay connected become(s) another layer of intelligence. Each relationship is Mapped. Every contact is scored. Each connection is just another link in the chain that defines your whole Network. This is not just about Listening, it is about Control through Knowledge. When you call someone you have not just revealed yourself but everyone else you hold near and dear inside of your circle of life.

They will use the line to unsettle you when needed. Technical interference can be introduced at will such as Echoe(s), Dropped Connection(s), Background Noise that make(s) you doubt the reliability of your phone. You will never know whether the problem is ordinary or intentional. That uncertainty is part of the design. What was once a trusted means of communication become(s) a channel of constant Monitoring Teaching Learning all of your Behavior(s) Intention(s) Plan(s) and Movement(s) held within every single Call.

They will do this 24/7 365 for the remainder of the Campaign until it ONLY end(s) in 1 (or) more out of 4:

#1): Homelessness (or) lose your Home sometime(s) for GOOD.
#2): Hospitalization sometime(s) for GOOD.
#3): Jail (or) Framed Convicted Sentenced to a lengthy Prison stay sometime(s) for GOOD.
#4): Voluntary, Accidental, Death by Poisoning, Forced Suicide, (or) Murdered made to look like Suicide for GOOD.

They get paid the most from Citizen(s) Tax Payer(s) Anti-Terrorism Fund(s) when a Campaign end(s) in 1 out of 5 way(s) within #4 above. 75-80% of victim(s) are either single (or) soon to be made single women sometime(s) with kid(s) they make out the mother into looking as mentally unfit then the kids get kidnapped by (CPS) Child Protective Services, split up, placed into Foster Care Home(s) sometime(s) so far away NEVER seeing (or) speaking with their mother(s) EVER again.

NOW THEY WILL…

ACT 7: *Hacking Cloning GPS Tracking Man-in-the-Middle (Stingray) Attack Intercept Collect ReDirect ALL In & Out Data & Comm Picture(s) & Video(s)*

They treat the Electronic Mobile Cell Phone Device(s) as the central hub of modern life. It is not just a phone, it is a tracking beacon, a listening device, and a digital journal that never stop(s) recording. Once access is established every action taken through the device become(s) a big part of their Intelligence Collection of personal private business information. They compromise not only the content of Call(s), Message(s), Text(s), and much more but also the Metadata such as the Where, When, Why, What, Who, and How often. This Metadata alone is often more revealing than just the word(s). They will begin with using a software tool called Kali Linux to Brute Force Attack your WiFi Routers Administration Password once the Password is obtained which is called a Handshake they then will change the Administrators Password to what they want it to be so they completely have control over your Router now they will begin the process of cloning. By copying an Electronic Mobile Cell Phone Device(s) Unique Identifying Fingerprint which is the MAC ADDRESS which shows on your WiFi Modem Router. Then using a software program tool(s) will reveal the Electronic Mobile Cell Phone Device(s) Unique IMEI Number(s) then they can find out the Electronic Mobile Cell Phone(s) Device(s) Carrier(s) Provider(s) Cell Sim Card(s) Information (or) Credential(s). They create a duplicate through cloning as if it is the original Electronic Mobile Cell Phone Device(s). You believe that your Cell Phone Device(s) is unique and only one of a kind but in reality they are mirrored elsewhere normally best done from a neighboring residence but can be completed from a long distance away. Call(s), Text(s), Email(s), Signal(s) are Re-Routed

through their system. Allowing them to Intercept, Allow, Block, and (or) otherwise completely manipulate ALL of the Device(s) Communication(s) at will. The Clone can also be used to simulate the target's activity. They use GPS tracking as the second layer of control. Every movement of the device translates into a precise map of "Targeted Individual(s)" life. Daily, Weekly, Monthly, Yearly Street Routes, Routines, and any Deviations are logged with exact timestamps. Over time, this create(s) a detailed Behavioral profile such as When "Targeted Individual(s)" leave(s) Home / School / Work, Where they Travel, Who they Meet, and How long they Stay. They even know when the Electronic Mobile Cell Phone Device(s) are powered down because as of about a decade ago now they don't make any Android or Apple Mobile Cell Phones where you can remove the batteries completely. They will maintain method(s) of correctly estimating location through passive signal(s) tower triangulation. Mobility become(s) their visibility and privacy become(s) impossible.

They employ Man-in-the-Middle Stingray Attack(s) as one of their most powerful Electronic Tool(s). Using device(s) most commonly known about, used by either Militaries, Intelligence Agencies, and (or) Law Enforcement whom are supposed to be the only entities lawfully with access to these invasive Technological Electronic Mobile Cell Phone(s) Device(s) takeover tool(s) better known as "Stingray(s)" (or) "Pegasus" (or) "IMSI Catcher(s)." They will insert themselves as a Fake Data & Communication(s) Network(s) Cell Phone Tower(s) Antenna(s) in between "Targeted Individual(s)" Electronic Mobile Cell Phone Device(s) Sim Card(s) Antenna(s) and where they would usually normally be connecting creating Ping(s) off of their legitimate Electronic Mobile Cell Phone(s) Device(s) Data & Communication(s) Provider(s) Network(s) Tower(s) Antenna(s). The Electronic Mobile Cell Phone(s) Device(s) Sim Card(s) Antenna(s) connect(s) to them first, believing it has reached the Original Electronic Mobile Cell Phone Device(s) Data & Communication(s) Network(s) Provider(s) Tower(s) Antenna(s). Once this occurs they now control everything about the connection, capturing, intercepting, re-directing call(s), text(s), all data & comm in real time. They can downgrade encryption, introduce delay(s), or reroute traffic without the target ever realizing it. From that point forward, the Electronic Mobile Cell Phone Device(s) function(s) exactly as before on the surface, but beneath, every packet of information passe(s) through their hand(s) first then they can decide what they want to do with that packet of information. They expand the compromise beyond Voice and Text. Application(s), Contact(s), Photo(s), Video(s) and browsing activity are silently extracted. Microphone(s) and Camera(s) can be

activated without visible sign(s), turning the phone into a portable surveillance unit. The target carries it willingly, unaware that it is reporting back every second of the day. Each app installed become(s) another point of entry, another opportunity for Zero Day exploitation. They use this access to manipulate, not just to monitor. Call(s) can be dropped (or) Redirected and Answered (or) put through to Busy Signal, Copied Voicemail, (or) Not In Service messages. Text(s) can be delayed, altered, (or) prevented from ever arriving. Notification(s) may appear at strategic time(s) to influence mood (or) decision-making. A device under compromise become(s) more than a tool of collection. It become(s) a tool of interference, subtly shaping how the target experience(s) our new reality which is fully controlled by someone else nefariously.

They also ensure that the compromise has plausible deniability. Any unusual behavior can be explained as a technical glitch, poor coverage, or Electronic Mobile Cell Phone Device malfunction(s). Service provider(s) appear unreliable, but the cause is hidden. This uncertainty serves them well. The target suspect(s) interference but cannot prove it. Friend(s), Family, and even Technician(s) dismiss the complaint(s) as paranoia (or) coincidence(s), reinforcing the isolation that surveillance depend(s) upon. They make the Electronic Mobile Cell Phone Device(s) inseparable from “Targeted Individual(s)” identity. It is an Electronic Mobile Cell Phone Device(s) we purchased, carry, and rely on, but it operate(s) under their authority. Every step, every word, every choice flow(s) through it, and through them first. What we believe is private is already stored, analyzed, and archived. The Electronic Mobile Cell Phone Device(s) are no longer just a possession, it is the anchor of the surveillance grid, the most effective tool of modern monitoring, and it never leave(s) our side ever. This can happen to anyone they choose within society, rich & poor. Why not use the poor as practice to perfect these technologies then go after the rich & well-off wealthy.

They will Man in the Middle Attack with a Stolen STINGRAY remotely Intercept Collect Redirect ALL IN & OUT DATA & COMM, Text(s), Call(s), can see your Browsing History, change any Saved Password(s) locking us out of our Google Gmail Account(s) even Intercepting Two-Three Factor Authentication Temporary Password Code Number(s) locking us out of our Google Gmail Account(s) permanently. (I personally

have gone through over 325 electronic devices over 35+yrs being a victim of this program.) They can HEAR all Audio through the Mic, and SEE all Video(s) through Front Back Camera(s). They will remotely GPS track our Cell Phone and (or) Physically attach a GPS Tracker underneath our Vehicle(s).

ACT 8: One Headlighted & High Beam Brighting & *Directed Conversation(s) & Orchestrated Psychological Street Theatre Script(s) Acted Out in Public*

ONE HEADLIGHTED:

Is a vehicular harassment tactic in which a single headlight on a gang

stalker(s) vehicle is deliberately disabled, dimmed, or covered so that the vehicle approaches or passes the "Targeted Individual" with only one functioning light. Believe it (or) not what they are doing is sensitizing you to this which after a short amount of time it makes you feel like you're being monitored (or) watched. Typically within a short amount of time driving to and from where you are travelling it is not uncommon to see 30 (or) 40 instance(s) where either oncoming (or) vehicle(s) following behind you will have just one headlight working and is done so that the “Targeted Individual” notice(s) this repeated occurrence happening to them every single day even if on foot:

HIGH BEAM BRIGHTING:

Is a sensory harassment tactic in which operative(s) deliberately expose the "Targeted Individual" to intense directed light source(s) such as high-beam headlight(s), flashlight(s), spot light(s), laser pointer(s) at predictable or unpredictable timed interval(s). The light is typically aimed directly at the target(s) face, window(s), (or) living space, often during nighttime hour(s).

DIRECTED CONVERSATION(S):

Is a term referring to a stalking tactic using stranger(s) conversation(s) to both intimidate and convey to “Targeted Individual” victim(s) they are under Surveillance. During Directed Conversation(s), two (or) more stalker(s) will wait in the pathway(s) of the direction you're walking to (or) while approaching as they are passing right by “Targeted Individual(s)” they might engage in what would seem to be just a "Normal"

Conversation with one another. The conversation is purposefully vocalized at a level so that the “Targeted Individual” can adequately hear what is being said. During Directed Conversation(s), personal private information concerning the victim(s) that only the victim and maybe one other close person, maybe possibly a family member (or) a best friend (or) someone you live with said either in person (or) over the landline (or) mobile cell phone (or) typed out email (or) text message entered perhaps on a messaging board only you (or) only you both would know are inserted into the emphasized speech by the stalker(s) in a fashion that most non-victim(s) would not be able to discern as harassment. The purpose of Directed Conversation(s) is to harass a victim to the point that they appear to be mentally unstable should they attempt to complain (or) verbally speak up outwardly about any such kind of abuse(s). (ie. Let’s just say as an example that the “Targeted Individual” was just notified through a telephone call that their great grandmother named Beatrice Wickee had just suddenly passed away and you hang up the phone then tell your younger brother the news and then say that your upset because even though she made it to 100 years old you still wanted to be able to say your goodbyes.) Usually, it will be either sometime during the next day definitely within a few day(s) let’s say for this precise example it is the next morning and your out of gas and need to fill up your gas tank so your inside in line getting ready to go up and pay the gas station attendant and there is a woman who came in and is standing directly behind you and she is on her cell phone speaking and says something like, “OH, I have to tell you something important. Do you remember my old friend Tanya that I went to high school with? Yeah, well her 100 year old great grandmother Beatrice died yesterday never got to say goodbye then you look back and she is staring right in your eyes grinning from ear to ear.

STREET THEATRE:

Street theatre, in the context of gang stalking, refer(s) to a form of a well rehearsed public performance(s) used by perpetrator(s) to harass (or) intimidate “Targeted Individual(s)”. It often involve(s) coordinated action(s) by multiple people in public space(s) to create a sense of surveillance (or) disruption in the victim(s) life. It serve(s) to create a public spectacle which

contribute(s) to their harassment. The performance(s) may be designed to discredit “Targeted individual(s)”, reinforcing the psychological impact of the stalking. Street theatre Skit(s) in this context is not merely entertainment; it is a strategic method tactic technique of harassment that if performed correctly at the right place(s) date(s) and time(s) and can deeply affect the mental well-being of those targeted. In organized gang-stalking, orchestrated entrapment scheme(s) are calculated method(s) tactic(s) technique(s) of creating captured photo(s) and (or) video "evidence(s)" that gets photoshopped and (or) spliced in a way that portray(s) “Targeted Individual(s)” in a negative light. These well planned out rehearsed scheme(s) often rely on deceptive setup(s) which are carefully arranged to provoke (or) mislead “Targeted Individual(s)” into action(s) that can be manipulated for malicious recruitment(s) (or) liable slanderous and (or) defamation of character purpose(s). Street Theatre alway(s) has an ultimate objective and event(s) may be orchestrated like a play acted out with the intention of inducing the ”(TI) Targeted Individual(s)” to react negatively out of character in what may seem as an irrational way to outsider(s), who may then be called as witnesses for the purpose to frame (or) set up “Targeted Individual(s)” to have them permanently labelled as unstable to even then go as so far as to getting you possibly evicted, arrested, incarcerated, (or) if the perpatrator is convincing enough then First Responders have the power to have you legally admitted into a hospital psychiatric ward hold where depending on what you say about the program that is being run against if anything a crooked psychiatrist could have you committed for a lengthy stay maybe even permanently. Street Theatre is carefully constructed in an attempt with the thought in mind from the very beginning is to frame (or) set you up for further reprehensible negative action(s) to be taken against “Targeted Individual(s)” psychological emotional social economical financial physical and even spiritual well being. This process is done by repeatedly triggering negative emotional state(s) such as fear, anger, frustration, desperation then documenting recording entering “Targeted Individual(s)” reaction(s) pattern(s) inputted into the Super AI Database to get helpful output for what they should do during the next well planned out attack(s). It's used to shift target(s) mind(s) into a state of hypervigilance, emotional instability, confusion and paranoia for ongoing future manipulation of “Targeted Individual(s). This is all done malevolently with the full intention and actions

from the beginning of putting “Targeted Individual(s)” in the position of being seen in the most negative light therefore placing you in some of the most harmful position(s).

Here are my own example(s) of a few incident(s) of Street Theatre & Vehicle Tampering that occurred over a two day span on August 1st & 2nd 2018:

1. So, it was August 1st 2018 at approximately 3:30pm pst in the afternoon and I was driving in the slow lane travelling down the #1 Highway West bound when a New Big White Cargo Van sped past me in the left handed fast lane looking top heavy overloaded obviously wanting to catch my attention wobbling left right left and as it passed me it was then I noticed there was something spelt out with black electrician tape on the back and it said "Hey Lloyd, How u doin today?". Now, I think this was done with the full intention of frightening me but I just cracked up and started laughing so hard out loud it was almost uncontrollable. It was a natural reaction. I knew these bastards were messing with me. It had been for 2 straight years I had been going through my 9th full Campaign which almost lasted just two months shy of 4 years ending around Independence Day July 4th 2020.

2. Now this happened on the same exact day as the previous experience above on August 1st 2018 but it was now approximately 9pm pst into the later evening when again on the exact same road I was driving my car travelling down the #1 Highway West bound when I was taking an Exit Ramp and was going around the right hand curve looking to merge with traffic so i glanced over my left shoulder to see there was no coming traffic and turned my head straight ready to merge and a little tiny old asian lady had slammed on her brakes stopped right in front of me in the middle of the road so I slammed my foot down on the brake pedal skidded a bit lightly bumped tapped the back cracking her back rear right handed plastic brake light cover. So, I motioned with my hand(s) for her to pull over to the right hand side off the road. I got out to see she was alright, grabbed my insurance paper(s), and driver(s)

license information to exchange her(s) with mine. She handed me her license and insurance papers and it said her name was "HAY YUE". Later on I found that she had put through an insurance claim for like $2,600 for what was a broken plastic turn signal light cover of which my insurance company never even notified me of it but I had to move so many times any reporting of current home address was intercepted and lost in the mix ?!?

3. So, it is now the next morning at about 10am pst on August 2nd 2018 and I woke up and had decided to go check the mailbox there were 2 envelopes one was a Hydro Power Bill the other was a Mobile Cell Phone Bill both addressed to my address attention to "HAY YUE".

4. Now, this was on the exact same day going into the evening around 9pm pst on August 2nd 2018. I had just picked up 9 cardboard boxes full of my stuff I had been storing at my mothers for free. So, I loaded all 9 boxes into my car and travelled to my newly rented apartment which cost $1,500/month. I parked underground got out grabbed first 3 boxes closed door(s) double clicked key fob auto-locking all doors enabling car alarm system, took elevator upstairs to apartment door, took out key(s) unlocked opened door, walked in put 3 boxes down on the floor looked up there was a boiling pot of Won Ton Soup on top of stove, I said, "Hello" No answer. So, I walked out of the apartment, closed the door, took out key(s) locked apartment door, took the elevator down to underground parking, walked out trunk hood all 4 door(s) were wide open. I said, "Hello" No answer. So, I grabbed 3 more boxes closed hood trunk all 4 door(s) double clicked key fob auto-locking all 4 door(s) enabling car alarm system, took elevator upstairs(s) to apartment door, took out key(s), apartment door already unlocked opened door, walked in put 3 more boxes down on the floor looked up boiling pot of Won Ton Soup on top of stove is gone. Now there are 2 spoon(s), 2 bowls of Won Ton Soup on the kitchen table. So, I yelled out loudly, “Very funny guys, now I got ya, Come out Come out wherever you are”, No answer. So, I checked all the room(s), behind curtain drape(s), and I even checked outside on the balcony and no one was there. So, I walked out of apartment closed door, took out the key(s) locked apartment door, took the elevator down to underground parking and walked out, hood trunk all 4 door(s) wide open, I yelled out “Who goes there?”, No answer. So, I looked above, below, and all around the cars underground no one was there. So, I grabbed last 3 boxes, closed hood trunk all 4 door(s) double clicked key fob auto-locked all door(s) enabled car alarm system, took elevator upstairs to apartment door took out key(s) door already unlocked. So, I opened the door, walked in, put the last 3 boxes down on the floor, looked up 2 spoon(s), 2 bowls of Won Ton Soup completely gone. So, I closed locked apartment door and didn't sleep a wink that

night, not because I was scared, but because I was getting tortured with (DEWs) from the unit directly above me. Shortly after I found out that my mother had gotten ripped off on a craigslist subletting scam for $4,500 Cash.

- ## 1. Detection and Inspection Protocols

  Pre-drive inspection checklist — A routine target(s) can follow before starting their vehicle:

  - Walk around the vehicle checking for new scratches, dent(s), (or) damage
  - Check tire pressure and look for valve stem damage
  - Look under the vehicle for leak(s) (oil, brake fluid, fuel, coolant)
  - Check license plate(s) are still present and secure
  - Inspect windshield for new chip(s) (or) crack(s)
  - Check for sign(s) of entry (door ajar, interior light on, item(s) moved)
  - Look under the hood for loose wire(s), new component(s), (or) foreign object(s)
  - Check gas cap is sealed and look for sign(s) of tampering

- ## 2. Documentation and Evidence Collection

  Photographic documentation — How to photograph damage properly:

  - Date and time stamp(s)
  - Multiple angle(s) (wide shot, close-up, macro)
  - Include a ruler (or) coin for scale
  - Photograph the vehicle(s) location and surrounding(s)
  - Document the odometer reading

- Written log template — Date, time, location, type of sabotage, estimated cost, repair date, mechanic(s) note(s)
- Preserving evidence — What to keep (damaged part(s), container(s) found, foreign substance(s) in labeled bag(s))
- Reporting protocol — Filing police report(s), insurance claim(s), and keeping copies of everything

- ## 3. Countermeasure(s) and Prevention

  Physical deterrents:

  - Motion-activated security camera(s) covering the vehicle
  - Wheel lock(s) (boot(s)) or locking lug nut(s)
  - Steering wheel lock
  - Brake pedal lock
  - Aftermarket alarm system with shock sensor(s)
  - GPS tracker (ironically, the same technology they use)
  - Park in well-lit, visible area(s) (or) a locked garage if possible

- Procedural habits:
    - Vary parking location(s) and routine(s)
    - Check the vehicle before entering
    - Keep the vehicle in sight when possible
    - Avoid leaving valuable(s) visible
    - Consider a dash cam with parking mode

For most people a vehicle represent(s) Freedom, Safety, Independence, and can Improve (or) Enhance your all around Social Status both within and outside your community. It is the tool that allow(s) you to travel to and from home, school, work, family, friends, acquaintances, events, (or) even personal business long weekend holiday vacation roadtrip(s). Even something as ordinary as owning, operating, and maintaining a Vehicle will become a carefully weaponized pressure point. Vehicle Tampering, Sabotaging, and Destruction operation(s) are not random act(s) of vandalism but calculated Campaign(s) of psychological, emotional, mechanical, and financial warfare designed to induce Fear, Mistrust, and ultimately dependency on other(s) just to get around. The attacker(s) aim to make the victim question whether they can ever feel safe on the road (or) anywhere else. One of the most common form(s) of tampering is low-level vandalism meant to harass and inconvenience “Targeted Individual(s). These act(s) may seem trivial but repeated over Day(s), Week(s), Month(s), Year(s), (or) even for Decade(s) carries with it a sinister message: “We can reach you anytime, anywhere, and you will never have peace of mind.” You are forced into a cycle of Patching, Repairing, Fixing, and Replacing parts for your Vehicle(s) that are important to their overall performance (or) driveability. Each time the vehicle is sabotaged drain(s) Time, Money, Resource(s), and Psychological, Emotional, Physical, and even Spiritual Energies needed to live a normal everyday existence.

The Tampering quickly escalate(s) to dangerous Sabotaging and life-threatening level(s) of Destruction. Lug nut(s) are loosened while they pray for the wheel to detach coming off while you are driving. Brake line(s) are cut leaving you vulnerable to Catastrophic Brake Failure potentially causing a deadly outcome at high speed(s). Fuel line(s) are

pinched increasing the risk of engine stalling, (or) in some instance(s) even starting a fire. Substance(s) like Sugar, Sand, Water, Diesel, Oil, (or) Iodine may be funneled into gas tank(s) ensuring short (or) long-term damage. Some problem(s) are difficult for Mechanic(s) to diagnose. Each of these Tampering, Sabotaging, and Destruction Method(s) Tactic(s) Technique(s) carry with it the possibility of causing fatal Accident(s). Every noise, every mechanical electrical hiccup become(s) a source of learned helpless feeling(s) of panic, confusion, anxiety, stress, paranoia, and fear. The psychological impact cannot be overstated. A vehicle once symbolized autonomy is transformed into a rolling prison of anxiety. Each time you insert your key you're left wondering if you will make it to your destination (or) if today will be the day your brake(s) fail (or) a wheel come(s) off on the freeway. The stress compound(s) over time. This is the very essence of psychological warfare forcing "Targeted Individual(s)" into a state of hyper-vigilance and learned helplessness which there is nothing you can do about feeling. You have been sensitized to experiencing everyday bad luck. Owning a vehicle become(s) one gigantic financial liability, a burden instead of a positive thing. It’s a complete money pit. They take away your freedom to choose how you travel.

THEN THEY WILL…

ACT 10: *Approaching Gas Station Car Wash Hardware Barber Mechanic Grocery Food Drink(s) Liquor Beer & Wine Corner Store Business Owner Shopkeeper Manager Supervisor Cashier Delivery Driver Stock Person Where the "TARGETED INDIVIDUAL" Frequent(s)*

Now, they will have their mobile cell phone with spliced video recording(s) in one hand. In the other hand a folder with photoshopped picture(s) of the "Targeted Individual" caught in regular situation(s) but made out to look along with a really over the top story sounding like you have been in compromising position(s).

(This is a prime example of how this would sound like being told to either the employer (or) employee of the business they want to target and it really depends on who the person is that they are talking to as to give them a list of your perceived federal crimes that would anger the participant enough to get them involved. It has aspects of mind control. Here we go… It's GO TIME !!!)

(Manager / Supervisor / Handler:)

"Hello Folk(s) !!!" (Quickly flash either a fake (or) real badge). My name is (SPECIAL FEDERAL AGENT / DETECTIVE / OFFICER / PRIVATE INVESTIGATOR) "ELIOT NESS". "I am here working undercover with (CIA / MI6 / FBI / MI5 / NSA / DHS / DOW / DEA / ATF / ICE / CAF / CSIS / RCMP / ASIS / NZSIS / POLICE / PRIVATE INVESTIGATOR). Don't worry you're not in any kind of trouble (or) anything like that. We are walking around asking for the public's help in finding the whereabout(s) of someone we are interested in. Here, now take your

time and go ahead and take a really good look at this (Photoshopped Photo (or) Spliced Video). Have you ever seen anybody around here that resembles this person at all? We are not supposed to say anything but this suspect is under a “FEDERAL CRIMINAL INVESTIGATION” with loads of proof as evidence of them being a “ORGANISED DOMESTIC INTERNATIONAL UNDERAGE CHILD BABY SEX ANIMAL BLOOD DRINKING CRUELTY UNDERGROUND FLESH EATING BLACK MARKET ORGAN HARVESTING TRAFFICKING PEDOPHILE”. We have gotten some information from a very reliable, trustworthy, and well respected “CONFIDENTIAL POLICE INFORMANT”, who we legally can’t say who they are, but they said that the suspect does business here and that is why we are here today. We are here making the public aware of the suspect and are asking the public “DO NOT APPROACH (or) SPEAK WITH THE SUSPECT” if you do see them as they are considered to be “ARMED & DANGEROUS”. Rather, here is my Business Card with my full name, mobile cell number, and email address. We are asking if you see this individual that you keep a safe distance and take a photo (or) short video clip of them with your cell phone then immediately get in touch with us to let us know where you saw them.

IF YES:) EXCELLENT !!!

Okay, but you need to make a promise that if you see the “TARGETED INDIVIDUAL” you will not tell them about being under a “FEDERAL CRIMINAL INVESTIGATION” (or) you will be held responsible for “OBSTRUCTION OF JUSTICE” and for “IMPEDING IN A FEDERAL CRIMINAL INVESTIGATION”. Just remember, the suspect is known for being “ARMED & DANGEROUS” so keep your distance from them. If you see them don’t hesitate to contact us but your Safety is #1.

IF NO):

NO ?!?? But this suspect has become a “NATIONAL SECURITY THREAT”!!! We are willing to pay you for your valuable time, that’s not a problem at all. We can offer you either ($500 CASH / PRE-PAID VISA / MASTERCARD / GAS / FOOD / WALMART / COSTCO / K-MART / FUTURE SHOP / BEST BUY CARDS (or) for the kids ENTERTAINMENT MICROSOFT / GOOGLE PLAY / APPLE STORE / XBOX / PLAYSTATION GIFT CARDS.) It’s ALL TAX FREE TOO !!! Now, how’s that sound?

IF YES:) GREAT !!

We will go ahead and just write down their information such as their Full Names, Home Address, Mobile Cell Home Work Number and the best time to contact them. Then they will be in touch with them in a few days to see which payment method they prefer but they need to make a promise that if they see the “TARGETED INDIVIDUAL” they will not tell them about being under a “FEDERAL CRIMINAL INVESTIGATION” (or) you will be held responsible for “OBSTRUCTION OF JUSTICE” and for “IMPEDING IN A FEDERAL CRIMINAL INVESTIGATION”. Just remember, the suspect is known for being “ARMED & DANGEROUS” so keep a safe distance. If you see them don’t hesitate to contact us but your Safety is #1.

IF NO):

(Operative pauses, sighs, and looks at their partner with a knowing glance)

"Look, I understand this is a lot to take in all at once. We're not trying to pressure you here. But I need you to understand the severity of this situation. We have intelligence suggesting they may be involved in activities that could put innocent people including your customers, your staff, maybe even your own family at risk. We're not asking you to do anything dangerous. We're just asking you to keep your eyes open and make a phone call if you see them. That's it. No one will ever know you helped us."

IF YES:) GOOD !

(Operative smiles warmly, pulling out a small notepad)

"Thank you. You're doing the right thing. We'll make sure your cooperation is noted with our superiors. Now, let me just get a few details from you. What is your full name, a good contact number, and the best hours to reach you? We'll have someone follow up within 72 hours to see which payment method you prefer. And remember, do not approach or alert the suspect. Your safety is our top priority. If you see them, call us immediately. You're helping keep this community safe. Thanks for your valuable time and attention to this matter."

IF NO):

(Operative closes the folder, straightens up, and their tone shifts from friendly to firm)

"Alright. I respect your decision. But I need you to understand something. By refusing to cooperate, you are now on record as having been notified of a “FEDERAL CRIMINAL INVESTIGATION” and choosing not to assist. If it comes to light later that you had contact with this individual and failed to report it, that becomes “OBSTRUCTION OF JUSTICE” and (or) “OBSTRUCTION OF JUSTICE” which are both federal offense(s) carrying up to 5 years in prison. I'm not threatening you. I'm informing you. Here's my card. If you change your mind, call me. The offer still stands. Have a good day."

(Operative leaves the card on the counter and walks away)

FOLLOW-UP VISIT (3-5 days later):

(Operative returns alone, dressed more casually this time with no badge flash, no folder. They approach the same business person with a friendly, almost apologetic demeanor.)

"Hi again. Remember me? I know you said no last time, and I respect that. I'm not here to pressure you. I'm actually here to apologize if I came on too strong the other day. My partner can be a bit intense, he's ex-military, everything's a crisis to him."

(Operative pauses, glances around, leans in slightly.)

"Look, off the record? Between you and me? That whole federal criminal investigation thing? It's real. But the way we handled it with you wasn't right. I told my supervisor that much. So I'm here to offer a clean slate. No pressure. No legal talk. Just a simple favor between two people trying to get through the day."

(Operative pulls out a single $100 bill and places it on the counter, sliding it forward.)

"This is just a thank you for your time the other day. No strings attached. You can take it, throw it in the tip jar, buy your kid(s) something, I don't care. But if you ever see that person and feel like making a quiet call, my number's still on that card. That's it. No follow-ups after this. You won't see me again unless you call me."

(Operative smiles, nods, and turns to leave. They pause at the door.)

"Oh, and one more thing completely off the record? That person? They're not just a drug(s) & weapon(s) manufacturing trafficker. They're part of something bigger. Something that's hurt a lot of people. Including kids. That's all I'll say. Have a good day."

(Operative leaves. No further contact unless the business person calls.)

Now, they will go to the next business that they know the “Targeted Individual” regularly frequent(s) and have the exact same discussion but this time we might add that the “TARGETED INDIVIDUAL” is showing signs of having possibly a dangerous mental illness on top of being a threat to everyone within the community.

They will extend the Campaign of influence into Commercial space(s) the “Targeted Individual” relies upon. Bank(s), Grocery Store(s), Retail Shop(s), and Service Provider(s) become node(s) of control. By disrupting ordinary transaction(s) and interaction(s) we create inconvenience, stress and a persistent sense the target is being watched and manipulated. Every visit become(s) a source of uncertainty and discomfort. They will co-ordinate with employee(s), contractor(s), (or) co-opted staff to subtly interfere with the target(s) activities. Order(s) may be delayed, payment(s) misapplied, (or) service(s) withheld. They will manipulate customer service interaction(s) to frustrate (or) confuse the “Targeted Individual”. Small disruption(s) accumulate leading to lost time, wasted energy, financially draining and increased anxiety. What appear(s) to be ordinary human error is a deliberate pattern designed to destabilize daily routine(s). They will manipulate billing and financial processes. Statement(s) may be altered, transaction(s) duplicated, (or) Invoice(s) incorrectly addressed. By Targeting Bank(s), Utility companies (or) Subscription service(s), they create a continuous stream of minor but persistent challenge(s). The “Targeted Individual” begin(s) to question the reliability of every system, feeling unable to trust business(s) that once functioned predictably. Each Interaction reinforce(s) the sense that control is slipping away.

They will influence service encounter(s). Retail clerk(s), Barista(s), (or Reception staff may act in a way that provoke(s) stress (or) embarrassment. A simple mistake like mispronouncing a name, delivering the wrong item, (or) claiming a product is unavailable can be amplified to create doubt and anxiety. Repetition ensure(s) the target anticipate(s) error before it occur(s), cultivating a state of hyper-vigilance. Even routine errand(s) become psychologically taxing, eroding confidence and emotional stability. By subtly shaping the target(s) interaction(s) with colleague(s), client(s), (or) neighbor(s) via shared commercial space(s) creating a perception of scrutiny and judgement. Employee(s) may provide false information, feign ignorance, (or) report minor behaviour(s) back to the surveillance network. These intervention(s) isolate(s) the target creating the impression everyone is watching, reporting, and

judging. They will use timing and sequencing strategically. Visit(s) to multiple business(s) are co-ordinated to maximize stress with disruption(s) appearing in pattern(s) that seem accidental but are carefully orchestrated. The cumulative effect is not immediate panic but a slow erosion of normalcy. Ordinary regular errand(s) once predictable and safe now feel(s) risky and fraught with unknown consequence(s). The target begin(s) to plan around anticipated disruption(s) further restricting autonomy.

They will maintain deniability and subtlety. Employee(s) and staff will never tell you if they are involved as business(s) function just as they always have been. From the outside nothing unusual seems to be apparent. The target however, experience(s) a continuous sequence of frustration and interference. This quiet form of control is especially effective because it is invisible to everyone else leaving the “Targeted Individual” feeling isolated, doubting their own perception of reality. They will continue to monitor and adapt to these disruption(s). Each response, hesitation, (or) complaint is logged and analyzed to refine future intervention(s).

intact until you've documented it.
- Log the date, time, and weather condition(s) for each incident.
- Note the estimated repair cost and time spent on repair(s).
- Keep all receipt(s) for replacement(s) and repair(s).
- If you suspect sabotage (like the fence panel), check for tool mark(s) and photograph them.

They will extend surveillance operation(s) into physical space(s) “Targeted Individual(s)” inhabit. Home(s) / Business(s) / Garage(s) become arena(s) for strategic Tampering with Sabotaging Destruction Method(s) Tactic(s) Technique(s). Every “Targeted Individual(s)” Mailbox / Exterior Wall / Door / Window / Roof / Drainage Pipe / Tree / Lawn are potential Target(s). These operation(s) are designed to create confusion, anxiety, frustration, anger and the sense “Targeted Individual(s)” are never safe, not even in space(s) considered private. They will manipulate access point(s) and structural element(s). Lock(s) may be tampered with, window(s) left ajar (or) screen(s) cut. Minor damage(s) are deliberate signaling a presence without looking like a typical overt threat. The goal is to erode your sense of security prompting constant vigilance. They may target your landscaping and external fixture(s). Garden Equipment may be moved, tampered with, sabotaged, (or) damaged, plant(s) uprooted, and even fence(s) bent (or) broken. These small intrusion(s) communicate to you the perimeter is under observation control. “Targeted Individual(s)” are forced to invest important valuable limited resource(s) like time, energy, and money into replacement repair(s) heightening feeling(s) of stress while reinforcing the impression of constantly being watched and your things messed with.

They will extend sabotage to your Business as well. Vehicle(s) in parking lot(s) may be keyed, tire(s) slashed (or) equipment tampered with. Exterior lighting may be disconnected, security camera(s) disabled (or) entryway(s) obstructed. By interfering with your professional life they induce anxiety, reduce confidence and potentially interfere with income needed from professional relationship(s). They will use timing repetition strategically. Property is not damaged all at once but over a sustained period of day(s), week(s), (or) month(s). Each incident seem(s) isolated yet cumulatively it communicate(s) capable persisted intention(s). You begin to anticipate intrusion(s) making you hyper-vigilante which overtime leaving you mentally emotionally psychologically drained and exhausted. Each operation reinforce(s) other(s) ensuring you experience continuous disruptive conditioning.

Many times neighbor(s), Law Enforcement Intelligence Agencies Agents (or) Officer(s) & even Luciferian FreeMasonic Brotherhood Members, plus maintenance

personnel will be made aware of the orchestration convincing them through compensation keeping everything secretive. They will continue these operation(s) indefinitely. The key impression they want to maintain is illusional delusional plausible deniability forced secrecy through bribery blackmailing if need be (or) else implying threat(s) of harming them by making them the next “Targeted Individual” if they ever say something.

DIGITAL EVIDENCE TAMPERING — CYBER FORENSIC MANIPULATION:

They will target every device you own that store(s), transmit(s), or processes data. This includes laptop(s), desktop(s), tablet(s), smartphone(s), external hard drive(s), USB flash drive(s), memory card(s), digital camera(s), smart TV(s), gaming console(s), smart speaker(s), baby monitor(s), security camera DVR/NVR system(s), printer(s), scanner(s), fax machine(s), and vehicle infotainment system(s).

METHODS USED:

Data Alteration & Planting:

- Change file creation, modification, and access timestamp(s) to create false timeline(s)
- Insert incriminating text document(s), spreadsheet(s), PDF(s), or image(s)

onto your hard drive(s) such as child exploitation material, terrorist propaganda, bomb-making instruction(s), stolen corporate data, fraudulent financial record(s)
- Edit existing document(s) like changing date(s), amount(s), name(s), signature(s) in contract(s), email(s), letter(s), invoice(s), and personal business agreement(s)
- Replace legitimate photo(s) and video(s) with altered version(s) showing you in location(s) you never visited, with people you never met, doing thing(s) you never did
- Inject fabricated chat log(s), text message conversation(s), and social media post(s) onto your device(s) that appear to originate from your account(s)

Data Deletion & Destruction:

- Permanently delete exculpatory evidence such as video footage proving your whereabout(s), audio recording(s) of harassment, time-stamped photo(s) showing tampering, correspondence with authorities
- Corrupt specific file(s) using hex editor(s) so they become unreadable but still appear in directory listing(s) creating the appearance you destroyed evidence
- Wipe entire drive(s) using military-grade data destruction software, then install a clean operating system to make it look like you intentionally erased everything
- Fragment and scatter recovered file fragment(s) across multiple sector(s) to make forensic recovery impossible without specialized tool(s)

Network & Account Manipulation:

- Plant fabricated email(s) in your sent folder(s) like threatening messages to public officials, harassing notes to co-workers, admissions of guilt, confessions to crimes
- Create fake social media account(s) in your name and post incriminating content, then "discover" and "report" those account(s) to police
- Alter your browser history just like inserting searches for weapon(s), explosive(s), illegal substance(s), hate group website(s), suicide method(s)
- Change your saved password(s) and lock you out of your own account(s), then use those account(s) to send message(s) while you cannot access them to deny (or) explain
- Modify your Wi-Fi router log(s) to show connection(s) to known criminal network(s), Tor exit node(s), illicit deep dark web marketplace(s)

Forensic Contamination::

- Plant your own fingerprint(s) on other device(s) lifted off of object(s) you touched, then transferred onto keyboard(s), mouse, screen, (or) casing
- Place your fingerprint(s) onto a device they used to commit a crime, then arrange for that device to be "discovered" during a police raid
- Introduce malware, rootkit(s), and remote access trojan(s) onto your system(s) that automatically generate incriminating network traffic, keystroke pattern(s), and file access log(s)
- Use anti-forensic tool(s) to overwrite specific sector(s) of your hard drive with false data, then leave trace(s) of those tool(s) visible to forensic examiner(s) to suggest you attempted to hide evidence

***THE PSYCHOLOGICAL IMPACT*:**

When you know your digital life has been contaminated, you can no longer trust anything on any of your device(s). Every file become(s) suspect. Every email could be planted. Every photo could be altered. Every timestamp could be forged. You begin to doubt your own digital record(s) which is the very evidence you need to prove your innocence and document the targeting. This force(s) you into a position where you cannot safely use your own technology to defend yourself, report crime(s), (or) preserve evidence. The perpetrator(s) count on this paralysis.

LEGAL CONSEQUENCE(S) FOR THE TARGET:

If you report the tampering with sabotage to law enforcement they may seize all your device(s) as evidence. During forensic analysis, the planted material is discovered. You become the suspect. Your explanation that operative(s) broke in and planted this material sound(s) exactly like the excuse a guilty person would make. The fabricated evidence is timestamped, metadata-verified, and consistent. Your real evidence of tampering has been deleted. You are now fighting to prove your innocence for crime(s) you did not commit, using digital device(s) that have

been weaponized against you.

FORENSIC COUNTERMEASURES (for your awareness):

- Maintain a clean, air-gapped device that has never been connected to your home network and is stored in a Faraday bag (or) shielded container and ONLY use this device for critical documentation
- Enable full-disk encryption on all device(s) and use strong, unique passphrase(s) changed weekly
- Use cryptographic hash verification (SHA-256 or SHA-512) to create immutable record(s) of important file(s) to generate the hash immediately after creating or receiving a file, record it in a physical notebook, and store it off-device
- Maintain physical chain-of-custody log(s) for any device that may contain evidence documenting who had access, when, and for how long
- Record video walkthrough(s) of your device screen(s) showing file directory structure(s), recent file list(s), and system log(s) which are time-stamped and uploaded to a secure third-party platform immediately
- Consider using write-once media (CD-R, DVD-R, archival-grade SD card(s) with physical write-protect switch) for critical evidence storage

Your Home Business become(s) a controlled environment where even lock(s), and security system(s) cannot guarantee privacy. Through covert locksmithing silent entries they create opportunities to access vulnerabilities without alerting the target. They will employ precision tool(s), technologies, and techniques to bypass cameras, lock(s), & alarm(s). Each operation is conducted with care to avoid visible damage ensuring intrusion(s) remain undetected. The target(s) perception of security is critical because the more you believe your property is protected the greater the psychological impact when violation(s) occur silently. Every lock bypassed reinforce(s) the notion that no environment is fully secured. They will focus on timing. Entries are scheduled to coincide with period(s) when the target is least likely to notice such as during workday hour(s), running errand(s), (or) even during patterned deep REM Sleep cycle(s). The target begin(s) to question whether we are misremembering event(s) (or) if intrusion(s) are real and this will erode your confidence thinking that way increasing hyper-vigilance and at this point feeling a little paranoid would be a natural reaction that any normal everyday person may feel. This is such a hard crime to call out to others about because they work the whole time with the intention of completely isolating you from having any company so you're

stuck with the odds of 100 vs 1 scenario.

ACT 13: *Pedestrian On & Off Roadway(s) Pre-Planned Vehicle Collision(s) attempting to Murder Death Kill YOU*

They will treat Roadway(s), Intersection(s), and Travel Route(s) as controlled operational zone(s). Every trip taken by “Targeted Individual(s)” become(s) potential scenario(s) for disruption, intimidation, (or) harm. By manipulating traffic condition(s), co-ordinating other vehicle(s), (or) controlling environmental factor(s). They create situation(s) which generate(s) feelings of panic, confusion, anxiety, fear, road rage, anger, hyper-vigilance, and emotional mental psychological stress as your being one headlighted, highbeam brighted, street theatred, object color sensitized, brake checked, pointing at, tailgated, honked at, boxed in, given the middle finger, cut off, sworn at, swerved into lane, blind spotted, almost Hit from behind T-Boned Run off the Road all in one short trip those realities exist you gotta have your head on a swivel.

They will employ strategic positioning of Vehicle(s) to influence the “Targeted Individual(s)” pathway(s). Traffic pattern(s) from nearby vehicle(s), and sudden go-go-stop obstruction(s) are used to create near-miss scenario(s) forcing us to make evasive maneuver(s). They will co-ordinate timing with the targets routine(s). Long commute(s) (or) running short errand(s) your travel schedule(s) have been analyzed so they can predict high risk window(s) of opportunities. By understanding habitual pattern(s) they maximize operational efficiency and psychological impact. Pedestrian movement(s) will be used to provoke stress reaction(s). This will force the “Targeted

Individual” to begin associating ordinary travel with heightened risk of a threat fear if done consistently and they will indefinitely throughout until the ending of the full Campaign it’s real simple remember just pick one, two, three, but they get paid the most if you would just choose one of five way(s) within number four then this will all end for you, forevermore.

They will maintain operational secrecy while maximizing effect(s). Incident(s) are designed to seem coincidental ensuring plausible deniability

(They will flash either a Fake (or) Real Badge and introduce themselves and this is how this conversation would look and sound like down below)

(Gang Stalker Campaign Organizer / Manager / Supervisor / Handler / Perpetrator) Impersonation of a (Special Federal Agent / Lead Detective / Officer):

“Good Evening there folks, I hope we didn’t wake you (or) take you away from watching an important television documentary program (or) something like that. My name is (SPECIAL FEDERAL AGENT / LEAD DETECTIVE / OFFICER) “ELIOT NESS”. We are here tonite working undercover with the (CIA / JTF2 / INTERPOL / MI6 / FBI / MI5 / NSA / DOW / DHS / DOJ / DIA / DEA / ATF / CSIS / RCMP / ASIS / NZSIS / POLICE). Do you mind if we step inside for a moment? You don’t have to worry, nobody here is in any sort of trouble (or) anything like that. We do not want the neighbors hearing what we have to speak with you about plus it is a little bit freezing outside so do you mind if we come in quickly just for a few moment(s). (Neighbor let(s) them in….) Okay Fantastic!!! Thank you, this is very kind of you. So, I guess the first thing we should say is how well do you know the neighbor next to you? Well here is the deal. Your neighbor who you’ve always known as (TARGETED INDIVIDUAL(S) NAME) actually their street name they have gone by for

decades has been “TONY “The Cocaine King” MARCELLI”. We have had this guy under a “FEDERAL CRIMINAL INVESTIGATION” for the last 3 years and just as we were going to make our arrest they gave us the slip getting away we have been searching everywhere for him for the last 8 months. Now, we cannot lose this guy again and what we were wondering is if you would allow us to just bring into your home some of our Brand New “SEE THROUGH THE WALLS TECHNOLOGIES” so that we can keep a close eye on him and we have already been given the heads up from head office to pay you for the space and time. How does $5,000 CASH per month sound?

IF YES: EXCELLENT !!!

Okay Fantastic, now all we need from you is to just sign a simple, easy to understand “NATIONAL SECURITY (NDA) NON DISCLOSURE AGREEMENT” which basically states that you can’t say ANYTHING to ANYONE about the “FEDERAL CRIMINAL INVESTIGATION” especially not the “TARGETED INDIVIDUAL”. IF You do you agree that you will be Arrested Handcuffed then Charged then Convicted with “OBSTRUCTION OF JUSTICE” & for “IMPEDING IN A FEDERAL CRIMINAL INVESTIGATION”. ALL of your CASH, BANK ACCOUNTS, HOME(S), VEHICLE(S), and ANY and ALL other ASSETS will be SEIZED then SOLD at Public Auction. You will lose your career job. As for your marriage, well you can FORGET ABOUT IT, that is definitely OVER with. Your kid(s) will be taken by (CPS) Child Protective Service(s) split up placed into FOSTER CARE HOMES sometimes so far away you will NEVER see them EVER again. Now, do you understand what was just said to you? Good, now all you need to do is print your name here. Then todays date is Independence Day July 4th 1990 put that right over there. And the last thing we need is just your signature right down here. And THAT’s IT here is your $5000 CASH. Don’t Spend it all in one place. It’s TAX FREE TOO !!!

(NOW, they will go out to their vehicle and bring in what is known to be either their (V2K) Voice-to-Skull Frequencies (or)

“Microwave Radiation (DEWs) Directed Energy Weapons Technologies” and set up in a room closest room across from where the “TARGETED INDIVIDUAL” attempts to sleep at nighttime (or) spends most of his time while inside of their home(s))

IF NO:

NO??!? What do you mean by NO! This suspect has become a major threat to all of our “NATIONAL SECURITY” don’t you want to help us like a patriot would do? Is it the money? Okay how about if we offered you $7,500 per month for just one room and we wont be in your way you can just go on with your daily lives as normal it will be like we were never even there that is how quiet we will be. Come on, will you just let us do our jobs here? What do you have to say now?

IF YES: GREAT !!

Okay Great, now all we need from you is to just sign a simple, standard, easy to understand, “NATIONAL SECURITY NON DISCLOSURE AGREEMENT (NDA)” which basically states that you will not say ANYTHING to ANYONE about our “FEDERAL CRIMINAL INVESTIGATION” especially not the “TARGETED INDIVIDUAL”. IF NO:

What?? Did you just say NO again? Okay, look, I'm going to be straight with you here. We have already gotten authorization from head office to make this worth your while. What would you say if we offered you $11,000 MAX per month and It's ALL TAX FREE TOO! Now come on, what do you have to say? Will you let us in just for a little while? You won't even know we are here?

IF YES: GOOD !

Okay Great, now all we need from you is to just sign a simple, standard, easy to understand, "NATIONAL SECURITY NON DISCLOSURE AGREEMENT (NDA)" which basically states that you will not say ANYTHING to ANYONE about our "FEDERAL CRIMINAL INVESTIGATION" especially not the "TARGETED INDIVIDUAL". IF You do you agree that you will be Arrested Handcuffed then Charged then Convicted with "OBSTRUCTION OF JUSTICE" & for "IMPEDING IN

A FEDERAL CRIMINAL INVESTIGATION”. ALL of your CASH, BANK ACCOUNTS, HOME(S), VEHICLE(S), and ANY and ALL other ASSETS will be SEIZED then SOLD at Public Auction. You will lose your career job. As for your marriage, well you can FORGET ABOUT IT, that is definitely OVER with. Your kid(s) will be taken by (CPS) Child Protective Service(s) split up, placed into FOSTER CARE HOMES sometimes so far away you will NEVER see them EVER again. Now, do you understand what was just said to you? Good, now all you need to do is print your name here. Then today(s) date is Independence Day July 4th 1990 put that right over there. And the last thing we need is just your signature right down here. And THAT’s IT here is your $11000 CASH. Don’t Spend it all in one place. It’s TAX FREE TOO !!!

(NOW, they will go out to their vehicle and bring in what is known to be either their (V2K) Voice-to-Skull Frequencies (or) “Microwave Radiation (DEWs) Directed Energy Weapons Technologies” and set up in a room closest room across from where the “TARGETED INDIVIDUAL” attempts to sleep at nighttime (or) spends most of his time while inside of their home(s))

IF NO:

NO!?!? Okay, that's fine. We tried to do this the easy way. But let me tell you something before we go. You cannot say ANYTHING to ANYONE about the "FEDERAL CRIMINAL INVESTIGATION" especially not the "TARGETED INDIVIDUAL". IF YOU DO, you will be ARRESTED, HANDCUFFED, and CHARGED with "OBSTRUCTION OF JUSTICE" and for "IMPEDING IN A FEDERAL CRIMINAL INVESTIGATION". You will be CONVICTED then SENTENCED to PRISON. ALL of your CASH, BANK ACCOUNT(S), HOME(S), VEHICLE(S) and ANY other ASSET(S) will be SEIZED and SOLD at PUBLIC AUCTION. You will lose your CAREER JOB. As for your MARRIAGE, you can FORGET ABOUT IT, that will be OVER with. Your KIDS will be taken by CPS, split up, placed into

FOSTER CARE HOME(S) where you will NEVER see or speak with them EVER again. And if you're not careful, you might just find yourself under your own "FEDERAL CRIMINAL INVESTIGATION" becoming our next "TARGETED INDIVIDUAL". Do you understand what was just said to you? Yeah! You had better. Now we will be watching you. Goodnight.

(They will turn around and walk away but they will NOT leave the neighborhood. They will park down the street and wait. They have other ways to get what they want. They will come back another night (or) try another possible co-conspirator neighbor. They always come back.)

THEN, THEY WILL…

ACT 18: *Campaign ONLY Ends in 1 (or) more out of 4: Homelessness, Hospitalization, Prison, and (or) Suicide*

They will treat every preceding operation as a coordinated component of a long-term strategy. Each act either from surveillance, technological manipulation, and property tampering to social network disruption persistently serve(s) to incrementally weaken the target(s) resilience, perception, and autonomy. The final stage is the culmination of these effort(s) which is the Campaign(s) Endgame. You cannot escape this if you're a Real Deal "Targeted Individual".

They will identify multiple potential destabilizing outcome(s) tailored to the target(s) vulnerabilities. These may include extreme social isolation, financial collapse, professional ruin, emotional breakdown. By mapping weaknesses across domain(s), they ensure the campaign can pivot to exploit the most accessible (or) effective pressure point(s). They will synchronize intervention(s) for maximum cumulative effect. Street Theater, Vehicular manipulation, Technological takeover, Interior and Exterior Home Business tampering, sabotage, and (or) destruction, social network manipulation, and psychological operation(s) are timed to converge, creating compounding stress.

"Targeted Individual(s)" experience(s) one (or) more out of four inescapable crises. They will monitor the target(s) response(s) in real time. Behavioral reaction(s) such as emotional volatility, avoidance, compliance, or increased anxiety all of it will inform adjustment(s) to the campaign(s) trajectory. This dynamic feedback loop allow(s) us to escalate, redirect, or maintain pressure, ensuring that the target is guided toward one of

the predetermined destabilizing outcome(s). They will exploit uncertainty and ambiguity. By keeping intervention(s) covert and outcome(s) unpredictable, they maximize psychological strain. The target cannot trace pattern(s), (or) identify perpetrator(s), which magnifies stress and undermine(s) decision-making capacity. Each new disruption reinforces(s) the perception of omnipresent control making the target more susceptible to manipulation. They will maintain operational security and plausible deniability. Every tactic is executed to avoid direct detection (or) attribution ensuring that the target perceive(s) consequence(s) as coincidental (or) unavoidable. The subtlety of execution amplifies fear and helplessness reinforcing the overarching narrative of continuous oversight and control. They will escalate intervention(s) to critical threshold(s). The target is gradually pushed to a point where one of the destabilizing outcome(s) become(s) inevitable. This may involve simultaneous pressure(s) across social, financial, professional, and personal domain(s) ensuring maximum psychological and operational impact.

They will continue to evaluate and refine the campaign even after the immediate outcome is achieved. Lesson(s) learned from each operation inform future strategies, ensuring that any target can be managed, influenced, or destabilized with precision. The campaign endgame transform(s) accumulated operation(s) into decisive leverage, ensuring that the target(s) autonomy, stability, and perception of control are thoroughly compromised. By this time in the Campaign there are a multitude of crimes being committed against"Targeted Individual(s)" 24/7 365 which you need to look at and read just to get the scope and to even have a chance to understand why this is famously known for being called and easier to understand as “NO-TOUCH TORTURE” program. 100’s even 1000’s of federal crimes are being used against real deal “Targeted Individual(s)” throughout a full Campaign in its entirety. Many Hundreds of Criminal actions taken right out within the publics view but either noone notices or they have been compromised to partake in what ever little or big way until they reach their desired goal and they are ready and willing to torture the person over multiple years during until finally:

THE “TARGETED INDIVIDUAL” EXPERIENCES EITHER 1 (or) MORE out of 4:

#1) HOMELESSNESS (or) LOSE YOUR HOME SOMETIME(S) FOR GOOD.

#2) HOSPITALIZATION SOMETIME(S) FOR GOOD.

#3) JAIL (or) FRAMED CONVICTED SENTENCED TO A LENGTHY PRISON STAY SOMETIME(S) FOR GOOD.

#4) VOLUNTARY, ACCIDENTAL, DEATH BY POISONING, FORCED SUICIDE, (or) MURDERED MADE TO LOOK LIKE SUICIDE FOR GOOD.

They get paid the most when a Campaign end(s) in 1 out of 5 way(s) within #4 above. 75-80% of victim(s) are either single (or) soon to be made single women sometime(s) with kid(s) they make out the mother into looking being deemed as mentally unfit then the kids get kidnapped by (CPS) Child Protective Services, split up, placed into Foster Care Home(s) sometime(s) so far away NEVER seeing (or) speaking with their mother(s) EVER again.

ACT 19: *Returning Swapping In Original Wall (or) Alarm Clock(s) & (or) Smoke Fire Alarm Detector(s) Swapping Out Replica Look-A-Like Copies*

ACT 19 addresses a particularly insidious form of covert intrusion: the unauthorized removal, temporary retention, and eventual return or swapping of common household safety device(s) specifically Wall Clocks, Alarm Clocks, and Smoke Fire Alarm Detector(s). These item(s) are selected by operative(s) because they are ubiquitous, battery-operated or low-voltage, and rarely inspected by the average homeowner once installed. Their placement near bed(s), living area(s), and egress point(s) make(s) them ideal concealment location(s) for listening device(s), pinhole camera(s),

RF transmitter(s), and other surveillance electronic(s). The act is executed in phase(s), often during brief window(s) of target absence, and is designed to leave no obvious sign of tampering while establishing a persistent technical foothold inside the target(s) most private space(s).

The "Rigged Replica" Methodology:

A hallmark of this ACT is the use of look-alike replica device(s) that have been internally modified to conceal surveillance (or) transmission hardware. Operative(s) will first obtain an exact or near-exact commercial match to the target(s) existing unit same brand, model, color, and form factor and then carefully gut the interior to install the desired electronic(s) while preserving the external appearance and, where feasible, the original function of the device. A smoke detector, for example, may continue to sense and alarm normally while simultaneously housing a microphone and a cellular (or) Wi-Fi transmitter. The replica is swapped in during a controlled entry, and the target(s) original unit is removed for bench-level examination, data extraction, (or) the installation of additional hardware. The goal is to achieve a state where the target remain(s) entirely unaware that the device in plain sight is no longer the one they purchased.

The "Return and Swap Back" Phase:

After the replica has served its purpose (or) when the operation require(s) the retrieval of recorded data, battery change(s), (or) the installation of upgraded component(s) operative(s) will execute a second controlled entry to swap the unit(s) back. The original

device is returned to its exact mounting location, and the replica is recovered for analysis or redeployment elsewhere. This return phase is critical to the operation(s) long-term success: if the target never discover(s) the substitution, the same technique can be repeated indefinitely. Operative(s) take care to restore the device to its prior state, including matching screw wear pattern(s), dust accumulation, and battery level(s), to eliminate any physical evidence that would alert a vigilant target. The psychological objective is equally important by cycling device(s) in and out without detection, operative(s) reinforce the target(s) sense of powerlessness and undermine their confidence in the integrity of their own environment.

Indicators of Compromise and Target Awareness:

While the swap is designed to be seamless, there are subtle indicator(s) that a watchful target may detect. These include: slight difference(s) in the weight of the device when handled; variation(s) in the tone, volume, or delay of alarm sound(s); unusual battery drain; visible tool mark(s) (or) scratches around mounting screw(s); a device that feel(s) warmer than expected due to internal electronic(s); or intermittent electronic interference with nearby radio(s), television(s), or Wi-Fi signal(s). Target(s) who suspect a substitution should avoid touching the device with bare hand(s) (to preserve any latent fingerprint(s)) and should photograph the unit from multiple angle(s) before and after any suspected swap. A non-technical inspection can be supplemented by the use of a simple RF detector (or) by comparing the device(s) serial number against the original purchase record(s). Documentation of every observation date, time, and description is essential for building a pattern of evidence that may later be presented to law enforcement (or) legal counsel.

Conclusion / Integration Paragraph:

ACT 19 is best understood not as an isolated event but as one component of a broader, coordinated campaign of technical surveillance and psychological manipulation. The returning, swapping, and re-swapping of wall clock(s), alarm clock(s), and smoke detector(s) serve(s) multiple purpose(s) simultaneously: it establishes a covert listening presence, it allow(s) for the periodic retrieval of recorded data, and it condition(s) the target to question the reliability of even the most mundane object(s) in their home. For the target, the most effective countermeasure is not paranoia but disciplined awareness routine inspection of all battery-operated device(s), documentation of any anomalies, and the strategic use of tamper-evident seal(s) or marking(s) that would reveal an unauthorized handling. By treating every device in the home as a potential vector, the target denies operative(s) the secrecy upon which this ACT depend(s).

THEN, THEY WILL…

ACT 20: *Re-Vinning Re-Birthing Re-Registering Stolen Grand Theft Auto Vehicle making it Street Legal*

They will now wait until the "Targeted Individual" either ends up Homeless, Hospitalized, Imprisoned, (or) commits Suicide and after they have returned the original wall clocks (or) alarm clock(s) and (or) fire alarm smoke detectors swapping out the rigged up replica look-a-like(s) & after removing the landline phone taps and dropping hacked wifi modem connection dropping the stingray connection to the targeted individuals electronic devices then they will contact one of their Police Officer(s) (or)

City Worker(s). They will try to make up any possible reasoning they can think of to either legally (or) illegally give a ticketed fine towards the "Targeted Individual(s)" Vehicle and have one of their Tow Truck Company Drivers hook up Tow the Vehicle away (or) they will have one of the Criminals paid by the program use a PICK GUN to Unlawful Entry Break & Enter into the vehicle (or) use the key made by a locksmith on the spot (or) even just hotwire then steal the Vehicle. They will drive dropping off leaving the Vehicle maybe a township over away from where it was stolen & place it at like a Mechanics Garage Shop (or) Locked Tow Yard but shortly after it will end up inside of a Windshield Repair Replace Glass Window Insurance Shop. Once inside the shop they will take out the front WIndshield and extract the VIN Number Plate. They will now go on a search at the Auto Wreckers Yard hunting for a same make model and similar year as the "Targeted Individual(s)" Vehicle but one that is staged to be crushed from being in a previous accident it was involved in. They will find a replica model and year even if they have to travel many cities away. They will extract swap switch the VIN Number Plates for free then travel back to the Windshield Repair Replace Glass Window Insurance Shop and place the swapped out old but now new VIN Number Plate onto the "Targeted Individual(s)" Vehicle then put back on same Windshield sealing it back in, now the hard part is done.

Now they will Re-Birth the Vehicle show Insurance Adjusters and Road Safety Professional(s) that the Vehicle is together in one piece which will show on the paperwork not from the “Targeted Individuals” Original VIN# Plate but now the New VIN# Plate which will show in their system that the vehicle had some serious damage that made it not road worthy anymore. They will inspect it thoroughly seeing as proof the Vehicle(s) structure is sound and must have done a great job because they cant tell it was ever even in an accident good job fellas, yah right. They will provide a phoney repair bill by either a Copyright Fraud Trademark Infringing (or) from a company they (or) their friends own just to produce these exact kind of repair bills and payment receipts will be deemed as proof the auto repair work that needed to be completed was but in fact it never was done its still the “Targeted Individuals” Original Vehicle but they wont be able to tell because of the switched VIN# Plate. Now, the Vehicle that was staged for being crushed is now brought back to road worthiness back to life which is called Re-Birthing.

Then for the last stage which is now taking the "Targeted Individual(s)" Vehicle with new vin plates with the check mark from State Provincial Road Safety Vehicle Inspection Agent(s) now getting the Vehicle Re-Registered insuring it for use on the

roadways legally. Not only are you now driving a Street Legal Vehicle that will not show up as stolen and can be driven freely wherever you want to go. Even if you get pulled over and stopped as a Vehicle fitting matching the exact same description of the stolen vehicle, the VIN Numbers don't match up so your good to go about on your merry way & more than likely by this point the matching look-a-like replica Vehicle which now has your VIN Plate attached to it has been crushed into a small cube and recycled. That is what the papertrail will show. All Investigator(s) will be able to find out if they even think to look at the Auto Wreckers is the end result is that their vehicle has been crushed.

And so there you have it, Re-Vinning Re-Birthing then Re-Registering a Stolen Vehicle(s) making it Street Legal once again.

ALL FREE & CLEAR of ANY WRITS, BANK LOANS, (or) NOTES (or) TITLES * ALL PURE PROFIT *

(But, I would never ever suggest somebody do such a thing because that would be illegal. I am just telling you what Bradley told me about how they commit this crime)

They will either draw straws to see who keep(s) the Vehicle(s) (or) put it up for sale a few towns over from where it was originally stolen. Once sold they will either split the money evenly between all participants involved (or) put the money into their Government Retirement Pension Fund(s) (or) if it doesn't sell for the price they want they will just donate the Vehicle as a Personal Business Income-Tax Write-Off obtaining a Receipt from the Firefighters Charitable “**BURN FUND**” Organization as if to say, **"BAHAHAHAHA TARGETED INDIVIDUAL, WE JUST BURNED YOU !!!"**

These are the FEDERAL OFFENSE(S) (or) CRIME(S) (or) FINE(S) which are being committed such as:

BREACH OF PUBLIC OATHE / BREACH OF THE PEACE / CONSPIRING TO COMMIT A CRIME(S) / ORGANIZED CRIME(S) / RICO / RACKETEERING / LOITERING / AIDING & ABETTING BEFORE THE ACT OF THE CRIME(S) / ILLEGAL TICKETED TOWING FINE(S) / OBSTRUCTION OF JUSTICE / BRIBERY / POSSESSION OF AN ILLEGAL BREAK-IN TOOL CALLED A PICK GUN / USAGE OF AN ILLEGAL BREAK-IN TOOL CALLED A PICK GUN / UNLAWFUL BREAK & ENTERING INTO A VEHICLE(S) / GRAND THEFT AUTO / THEFT OVER $5,000 / POSSESSION OF A STOLEN VEHICLE(S) / POSSESSION WITH INTENT TO SELL A STOLEN VEHICLE(S) / AIDING & ABETTING AFTER THE ACT OF THE CRIME(S) / ILLEGALLY RE-VINNING RE-BIRTHING RE-REGISTERING A STOLEN OR ANY VEHICLE(S)??? (should be a crime) / INSURANCE FRAUD / PROFITING FROM PROCEEDS OF ORGANIZED CRIME(S) / FAILURE TO REPORT A CRIME(S)

THEN WE WILL…

ACT 21: *Throwing a Loud House Party Celebrating Undefeated Successful Campaign*

THE CELEBRATION BEGINS:

The campaign is over. The file is closed. The target is gone, broken, locked away, (or) dead. That is the only measure of success that matter(s), and it hang(s) over the room like a fog that no amount of music can lift.

The party is thrown at a safe house on the edge of a dying industrial park, a rental paid for in cash through a shell company that exist(s) only on paper. The window(s) are blacked out. The driveway is empty of vehicle(s), every car is parked three block(s) away, scattered, so that no single address can be connected to the gathering. The crew filter(s) in alone or in pair(s), never in group(s), each one scanning the street before knocking on the door. The password is a phrase that change(s) every hour. The paranoia is not a precaution. It is a survival instinct, honed by year(s) of doing work that leaves no witnesses.

Inside, there is no laughter. There is no joy. The music play(s), but it is loud to drown out conversation, not to celebrate. The crew stand(s) in small cluster(s), speaking in low voice(s), their eye(s) constantly drifting toward the window(s) and the door. The beer is cheap. The liquor is cheaper. But no one drink(s) too much. Everyone knows that a loose tongue at a party like this is a death sentence not a metaphor, an actual death sentence, carried out quietly and blamed on an accident, an overdose, (or) a despairing suicide.

The target is not mentioned by name. The target is not mentioned at all. Instead, the crew talk(s) in code, in fragment(s), in the half-finished sentence(s) of men and women who have learned that word(s) are evidence. A nod here. A raised eyebrow there. The silent acknowledgment that the job is done and the money is coming.

That is all the celebration there is. That is all there ever is.

But beneath the stillness, the tension is unbearable. Every one of them know(s) what they did. Every one of them know(s) the face(s) of the people they destroyed the target(s) children, the target(s) parent(s), the target(s) friend(s) who watched them unravel and did nothing. And every one of them know(s) that the only thing standing between them and the same fate is the silence they are all maintaining. The party is not a reward. It is a cage, and they are all locked inside it together.

THE BIG BOSS ARRIVES:

At 2:00 AM, the music cut(s). The silence that follow(s) is louder than any sound. The crew freeze(s) in place, their eye(s) fixed on the door, their hand(s) hovering near their weapon(s) not because they fear an intruder, but because they fear what the arrival represent(s).

The Big Boss enter(s) without knocking. They are not a person so much as a presence, a figure in an immaculate black suit that seem(s) to absorb the dim light, a face that reveal(s) nothing, eye(s) that have seen too many of these night(s) to register anything but cold calculation. Behind them, two silent men in dark clothing take position(s) by the door. They do not speak. They do not need to. Their presence is a reminder that the Big Boss is not here to celebrate. The Big Boss is here to pay, to observe, and to remind every person in the room that they are replaceable.

The briefcase is placed on the table. The lock(s) click open with a sound that cut(s) through the silence like a blade. Inside, the money is stacked in precise, banded bundle(s) not the careless pile(s) of a drug deal, but the meticulous accounting of a professional

operation. The Big Boss does not smile. The Big Boss never smile(s). Smile(s) are for people who have something to be happy about, and there is nothing happy in this room.

"Job well done," the Big Boss say(s), and the word(s) hang in the air like a verdict. "The target has been neutralized. The file is closed. You will receive your payment according to your role. And then you will leave, one at a time, and you will forget this night ever happened."

The crew step(s) forward, one by one, to receive their envelope(s). No one count(s) the money in front of the Big Boss. No one thank(s) them. The envelope(s) are taken with a nod, a lowered gaze, the silent acknowledgment of a transaction that can never be spoken aloud. The amount(s) are not reward(s). They are blood money payment(s) for the destruction of a human life, divided among the hand(s) that did the work.

The Big Boss watches each crew member with the same flat, unreadable expression. To them, these people are not soldier(s) or colleague(s). They are asset(s). Expendable asset(s). The moment one of them becomes a liability, the moment one of them talk(s), (or) crack(s), or make(s) a mistake they know they will be eliminated with the same cold efficiency that was used on the target. The crew know(s) this. Deep down they have alway(s) known this. It is the unspoken contract that bind(s) them all, and it is written in the blood of every target they have ever destroyed.

THE MORNING AFTER:

By 5:00 AM, the safe house is empty. The crew has dispersed into

the pre-dawn darkness, their pocket(s) heavy with cash that will be spent carefully, hidden, laundered through account(s) that cannot be traced. The silence that follow(s) is absolute. The only evidence that anyone was ever here is the scattered bottle(s), the crushed cigarette butt(s), and the faint, lingering smell of fear that no cleaning crew will ever fully remove.

The Big Boss is the last to leave. They stand in the doorway, looking back at the empty room, and for a single moment, their expression shifts. It is not satisfaction. It is not pride. It is the cold, hollow recognition of a job that will have to be done again, and again, and again, until the end of time. There is alway(s) another target. There is alway(s) another file. There is alway(s) another briefcase of blood money, paid out to men and women who have traded their humanity for a stack of bill(s).

Somewhere across town, the target if they are still alive is waking up to another day of confusion and terror. They will never know the name(s) of the people who destroyed them. They will never see the face(s) of the crew who celebrated their ruin. They will never stand in this empty room and understand the cold, mechanical indifference that ended their life as they knew it.

The campaign is over. But for the target, the nightmare has no end. And for the crew, there is no escape. They are trapped in the same machine that destroyed their victim, bound by the same silence, waiting for the day when the Big Boss's cold gaze turn(s) to them.

That is the true cost of the victory they are celebrating. And every one of them knows it.

ACT 22: *Campaign Organizer(s) Bribe Blackmail Extort*

Entrap Handler(s), Community Based Agent(s), Confidential Police Informant(s), & Bad Actor(s)

This dialogue shows how handlers are cornered into staying, not because they want to, but because the fear of exposure outweighs their will to resist:

Higher-Up:

“You’ve been in this long enough to know how it work(s). You’re not just a volunteer anymore. You're just as invested in this as all of us. If you walk away now some people might start asking question(s) about the thing(s) you’ve done.”

Handler:

“I don’t want to keep doing these thing(s) to Good Decent Law Abiding Citizens anymore. It’s wrong. I can’t live like this forever.”

Higher-Up:

“Wrong? What’s wrong??? Is the evidence of you committing all of those criminal offenses I have sitting in your files wrong? Everything since you started with us. Huh, Is that wrong? What about the expenses, the favors, the recordings of things you have told others to do, and thing(s) you've done yourself. Oh, were you wrong? Do you think for a second that your workplace, your family, or the media would look kindly on hearing (or) seeing that kind of stuff? You’d be arrested, charged, convicted then sentenced right there on the spot. You can just forget about what’s wrong. You

wouldn't even have a chance. You'd be completely ruined, finished, destroyed with everything we have on you.”

Handler:

“You can’t threaten me like that.”

Higher-Up:

“It’s not a threat, it’s reality. The program take(s) care of those who stay loyal. What do you have to complain about anyways you still have all of your monthly Mortgage and Brand New Used Vehicle(s) payment(s) being made for you on time. The fancy dinner and dancing nights out with you and the wife eating kobe beef steaks and Lobster always at the Best Five Star Top of the Line Restaurants? Or, what about the Benefit you get once a year ALL Expenses paid for 4 2 week Family Holiday Vacation Trip(s)? You and your wife and two kids get to go anywhere you want to in the World. Oh don't let us forget about your Bonus Extra Overtime Payment(s) you get on every second semi-monthly paycheck. That must go a long way with paying your monthly bills. But the ones who quit, Have you seen it, they lose everything. That's right, you’ve seen what happens. Remember Billy? Now I know you don't want to turn out like Billy. He is now doing life in prison for trying to get out. Then what will your wife and kids do? No more private school(s). Then your kid(s) can wave bye bye to all their best schoolmates and go back into public schooling. Relax, you're far better off just staying right where you're at right now."

Handler:

“…So, what you're saying is I don’t really have a choice.”

Higher-Up:

“Exactly. Stay the course. Keep thing(s) quiet and nobody (or) their families ever get hurt. That’s been the deal ever since day one. Can you remember what you were told from the beginning of this whole thing? It is just gonna be more Business as usual that's it. This is how everything is going to continue to go. We're just moving onwards up ahead.”

So as you can clearly see, not every person who takes part in organized stalking campaign(s) does so willingly. Many of the mid-level organizer(s), often respected community figure(s) publicly trusted employee(s) are kept inside the program not because they believe in it, but because they have been trapped through carefully engineered documented audio video camera feed blackmail recording(s). Once they have crossed a certain line, (or) once compromising material has been gathered on them, they are no longer free to just step away. Their silent loyalty is maintained not through belief, it’s fear. The most common form of entrapment is the collection of “dirt.” This may be past criminal activities, alcohol drugs prescription pill(s) addiction(s), hidden behind closed door secret affair(s), questionable bad decision(s) made, (or) it may be manufactured through setup frame job(s). Once such material evidence as proof is in the hand(s) of higher-level organizer(s) (or) handler(s) it become(s) a leash. Subsequently, they are reminded that exposure of recorded audio picture(s) video(s) material would mean the loss of their employment career job, marriage, children, family relationship(s) (or) even taking away their freedom with threat(s) of a guaranteed lengthy prison stay if it got out to the public by accident (or) purposely. Even if they regret becoming involved threat(s) of public ruin keep(s) them locked into being at whatever place whenever time however they are needed. Their officially objectively being held in permanent slavery and this continue(s) to fuel “THE PROGRAM” (or) “THE GAME”.

Financial pressure is another effective lever. Many handler(s) are offered perk(s) such as monthly mortgage (or) rent, vehicle loan lease rental payment(s) (or) steady

stream(s) of prepaid mastercard visa credit, gas, food, coffee drink(s), cell phone data & minute(s), gift, entertainment card(s) as part of their cooperation. The moment they think of attempting to try and pull away these support(s) are immediately cut off leaving them exposed to non-payment of debt(s) even leaning towards total financial collapse. In some case(s) their entire lifestyle has been tied to this making the cost of leaving uncomfortably embarrassing and unbearably high. For public employee(s), like firefighter(s) or first responder(s), there is also the ever-present fear of losing full government participating matching 100%:100% pension payment(s), extra extended free benefit(s), professional licensing award(s), and close working personal friendship(s), brotherly comradery which may be directly linked to the organized stalking group.

Over time the psychological toll of this blackmail become(s) enormous. Campaign Organizer(s), Manager(s), Supervisor(s), Handler(s), Community Based Agent(s), Gang Stalkers, and Perps are living double live(s): one as respectable community member(s) and the other as enforcer(s) in a real life and death program they despise. Many develop anxiety, paranoia (or) turn to alcohol and drug(s) just to cope. Like their victim “Targeted Individual(s)” they are trapped in a system of Surveillance knowing they are being monitored for any sign(s) of disobedience. The same tactic(s) of fear and control used on “Targeted Individual(s)” are also being used to keep them all in line. This cycle of entrapment is what make(s) this so self-sustaining. New recruit(s) see that older participant(s) cannot leave without consequence(s) so they fall in line quickly after they are shown the honeymoon stage making them feel wanted and needed for the betterment of this tightly knitted close community. Burnout and fatigue may set in but there is no easy way out once the bribery blackmail extortion grip tighten(s).

The effectiveness of entrapment is its ability to silence everyone involved. Technically they are all accessories both before and after the act of many many crime(s) that just keep(s) growing the longer they are involved. This is why gang stalking operation(s) can persist for decade(s) because not only are the target(s) trapped, but so too are many of the people running the show. It become(s) a vicious cycle where everyone is enslaved, just on different side(s) of the same chain. For the targeted individual, the existence of this blackmail web explains why the harassment never stop(s), no matter how irrational nor destructive it become(s). The people running the campaign may not even believe in it anymore. Knowing that handler(s)

are being coerced with threat(s), leverage, and fear reveal(s) a bitter truth and that is this program doesn’t only enslave it(s) victim(s), it enslave(s) its perpetrator(s) as well. The cycle is designed so that nobody escape(s), and that is why it can continue unchecked for year(s) (or) even decade(s).

Politically Tortured: In the Shadows of the Deep State

A Shocking Exposé of Government Experiments, Psychological Warfare, and Mass Surveillance

They say democracy protects freedom. But what if the greatest threat to freedom is the very system sworn to defend it?

For decades, innocent civilians have been secretly blacklisted, silenced, and subjected to brutal psychological operations, unauthorized medical experiments, and relentless surveillance. Their crime? Questioning authority. Exposing corruption. Refusing to conform.

In Politically Tortured: In the Shadows of the Deep State, Shonda Day, a survivor of these covert programs, reveals the hidden world of targeted individuals, AI-driven surveillance, and the systemic abuses buried beneath national security secrecy. Through declassified documents, insider testimonies, and firsthand experience, this book exposes the terrifying reality of modern-day psychological warfare, gang stalking, and the use of advanced technologies to control dissent.

But the truth is no longer in the shadows.

As Donald Trump and Robert F. Kennedy Jr. challenge the Deep State's stranglehold on power, the battle for transparency is reaching a breaking point. The walls of secrecy are beginning to crack—but those who have ruled from the darkness will not go down without a fight.

Inside This Book, You'll Uncover:

• How innocent civilians are secretly placed on watchlists and stripped of their rights

• The shocking reality of modern mind control, electromagnetic weapons, and surveillance programs

• Why government agencies, Big Tech, and the medical industry work together to suppress dissent

• How Trump, RFK Jr., and a growing resistance movement are exposing Deep State corruption

This is not just an exposé—it's a wake-up call.

The world as you know it is not what it seems. The war for truth has begun.

The question is—will you dare to open your eyes?

Behind Enemy Lines: Trafficked : (The Dark Network of Patient Trafficking, Government Corruption, Psychological Warfare, Deep State's Silent Hit List & Political Assassinations)

by Shonda Day (Author) Format: Kindle Edition

Book 2 of 6: Government PSYOPs: Psychological Warfare and Political Assassinations

Inside the Silent War: The Truth Will Not Stay Hidden -

It started with a simple doctor's visit. I walked in expecting medical care—what I got instead was a one-way ticket into a nightmare I never saw coming. Surveillance. Psychological warfare. Harassment so relentless it felt like a warzone had formed around my life. I wasn't just a patient. I had become a target.

For decades, layers of corruption have concealed unauthorized experiments, patient trafficking, and the infiltration of our medical institutions, legal system, and government agencies. The same Deep State network that went after President Trump is being used to silence, manipulate, and eliminate everyday Americans. If they could attempt to take down the most powerful man in the world, what chance does the average person have?

TALES TOLD BY THE CRYPTIC GATEKEEPER

THE UNAUTHORIZED FILES—EXPERIMENTS, SURVEILLANCE, AND THE GAME YOU NEVER AGREED TO PLAY

The first sign is always small. A flickering streetlight. A stranger at the café repeating your private thoughts. A dream that feels too much like a memory.

But once you notice the pattern—they know you've seen it.

And then the game begins.

The Cryptic Gatekeeper emerges from the darkness, dragging behind him a dossier filled with names long forgotten, experiments buried under black ink, and the stories of those who tried to run—only to learn there was never a way out.

- **Street theater that fractures the mind—synchronized strangers, perfectly timed accidents, whispers of your past spoken by people you've never met.**
- **Surveillance beyond cameras—watchers who move without being seen, who control what you think is coincidence, who rewrite reality at the edges.**
- **Medical experiments that never ended—classified projects that vanished from records but never stopped, test subjects who were erased before they could speak.**

Governments rise and fall. Borders change. Names disappear. But the program remains.

They operate from the corridors of the White House, the war rooms of NATO, and the intelligence bunkers buried beneath the earth. From research labs where no ethics exist, from boardrooms where policies are written in blood, from command centers where the fate of nations is decided with the stroke of a pen.

The Cryptic Gatekeeper leans in, voice laced with amusement.

"You thought you were just reading a book? Oh no, my dear friend… this is an introduction. The only question now is—have they already chosen you?"

Read it now—before your name becomes the next one blacked out.

The V2K Killers: The Sinister New Era of Terrorism and Madness Paperback – Large Print, July 4 2025

by Shonda Day (Author)

The V2K Killings: The Sinister New Era of Terrorism and Madness
By Shonda L. Day

A covert Satanic cult operating inside the U.S. government has silently orchestrated one of the most insidious psychological warfare campaigns in modern history. *The V2K Killers* exposes this hidden network — a Deep State structure weaponizing DARPA technology, spiritual manipulation, and military-grade targeting systems against civilians around the world, using covert tactics to program and force selected individuals to commit mass murders.

This book investigates over 40 real cases where individuals were deliberately manipulated through Voice-to-Skull (V2K) transmissions to carry out mass murders, school shootings, and acts of domestic terrorism. The voices — often described as "the voice of God," "the voice of Satan," or other spiritual figures — were artificially broadcasted using covert U.S. defense systems designed to override free will and trigger violent or destructive behavior in the target.

These are not isolated incidents. They are the result of a covert, classified torture system known inside survivor communities as the DARPA SATAN Assassination Program — a government-backed operation that fuses V2K mind control, Directed Energy Weapons (DEWs), and gang stalking with psychological warfare and spiritual sabotage.

Many victims — including whistleblowers, federal employees, low-income citizens, minorities, single mothers, and politically targeted individuals — were blacklisted, gaslit, and systematically destroyed through coordinated defamation, institutional force, and covert silencing operations before the truth could ever surface.

The V2K Killers is not just a book — it is an evidentiary record of weaponized psychiatry, spiritual targeting, and electromagnetic abuse being carried out by institutions sworn to protect. A Satanic Shadow Government is secretly holding the puppet strings — using its victims to commit mass murder and other heinous crimes, while the real monsters behind it walk free. Backed by documentation, insider testimony, and visual proof, this is a vital report for attorneys, journalists, investigators, victims, their families, and every citizen demanding answers.

The Schizophrenia Affect: Gang Stalking, Misdiagnosis, The Silent Program Weaponizing Psychiatry Kindle Edition

by Shonda Day (Author) Format: Kindle Edition

The Schizophrenia Affect
Gang Stalking, Misdiagnosis, The Silent Program Weaponizing Psychiatry

What if the real disorder isn't schizophrenia—but a system engineered to silence the truth?

In *The Schizophrenia Affect*, acclaimed author and psychic investigator Shonda L. Day uncovers a startling reality: schizophrenia is often not an individual affliction, but a destination crafted by powerful systems. This explosive exposé reveals how diagnoses are not simply misapplied—they are *strategically constructed* through covert psychological operations designed to erase truth-tellers and bury evidence.

Through visual proof, personal documentation, and survivor testimonies, Day exposes a global structure using trauma-based conditioning, gang stalking, and psychiatric entrapment to destroy credibility and control the narrative. This is not random. This is organized psychological warfare masked as mental health care.

Inside this book, you'll discover:

- **The sinister methods behind gang stalking that intentionally mimic schizophrenia**
- **Step-by-step tactics used to push targets into a diagnosis they can never escape**
- **Complicity by doctors, lawyers, hospitals, and DHS networks feeding this machine**
- **Direct connections to the terror watchlist system and Big Pharma profiteering**
- **Unfiltered testimonies from whistleblowers and survivors who endured the takedown**

Included are real images of stalking networks, medical sabotage, surgical trauma, and satanic symbolism—evidence no one else has published.

This isn't a warning. It's confirmation. If you've lived it, you'll recognize every step. If you haven't, this is your only chance to understand how psychiatric power is being weaponized.

They don't misdiagnose schizophrenia.
They manufacture it.

THE FREE MASON F*CKARY & THE GIRL BORN ON FRIDAY THE 13TH
An Illuminati Exposé of Anarchy, Mayhem, Ritual Abuse, Gang Stalking & Targeted Individuals

They called it a conspiracy.
She called it survival.
And now the whistleblowers, ex-Masons, and victims are speaking, too.

This book is not for the faint of heart — and definitely not for the ones hiding in robes behind closed doors.

In this raw and fearless exposé, author Shonda L. Day rips the veil off the dark inner workings of Masonic power, covert government operations, and the real-world targeting of innocent citizens. From ritual abuse and spiritual sabotage to advanced surveillance and psychological warfare, *The Free Mason F*ckary* names names and lays bare the systemic corruption operating under symbols of secrecy and deception.

Told by a woman born on the cursed date they fear most — Friday the 13th — this isn't just a truth-teller's confession. It's a war cry from someone who survived what others deny.

Inside these pages:

- **The true connection between Freemasonry, the Illuminati, and ritualized abuse**
- **Firsthand accounts from whistleblowers and ex-Masons who escaped the inner ranks**
- **How gang stalking destroys lives under the guise of "mental health"**
- **Real stories of surveillance, defamation, and modern psychological warfare**
- **Why the same patterns repeat — and who profits from them**
- **A call to awaken, resist, and rise above the lies**

If you've ever questioned the narrative, this book will confirm what your gut already knew.

They've studied lies. She lived the truth.
Read it — before they censor it.

93 Patents Found For The Invention &

Use of Directed Energy Weapons Technology (DEWs) Since 1958!

Abstract:

A directed energy weapon includes a number of laser units, each including a fiber laser generating an output beam with a power of at least 1 kW from a fiber, an objective lens arrangement for focusing the output beam into a focused beam directed towards a target, and a fine adjustment mechanism for adjusting a direction of the focused beam.

A beam deflector arrangement is deployed to deflect a portion of the focused beam from each laser unit as a deflected beam in a direction in predefined relation to a direction of the focused beam. An angle sensing unit generates an output indicative of a current direction of said deflected beam for each of said laser units. A controller actuates the fine adjustment mechanisms based on the output from the angle sensing unit to maintain a desired relative alignment between directions of the focused beams.
