## COMPLAINANT INFORMATION

**Name:** Karim Benitez **Location:** Las Vegas, Nevada **Contact Phone:** 725-284-0589

## SUBJECT OF COMPLAINT

**Allegation:** Continuous electronic torture, harassment, and assault using advanced neurotechnology and Directed Energy Weapons (DEW). **Duration of Alleged Activity:** Over three (3) years.

## STATEMENT OF ALLEGATIONS

I, Karim Benitez, a resident of Las Vegas, Nevada, submit this formal complaint regarding systematic and ongoing electronic harassment and physical assault that I have endured for over three years.

1. **Electronic Torture and Neurotechnology:** I allege that I have been subjected to continuous "brain jacking" via neurotechnology, specifically Remote Neural Monitoring (RNM). This technology is allegedly used to electronically torture and harass me 24 hours a day.
2. **Directed Energy Weapon (DEW) Attacks:** The harassment includes physical attacks utilizing Directed Energy Weapons (DEW), which I believe are being deployed through the Starlink and Starshield satellite networks.
3. **Specific Weapon Systems:**
    - **Voice-to-Skull (V2K):** I am connected to an Auditory Microwave Weapon (V2K), referred to as Voice-to-Skull, which serves as a redundancy for electronic communication and auditory harassment.
    - **Radar and Waves:** I am also being targeted with, and physically hit by, HAARP radar, Electromagnetic Pulses (EMPs), and ultrasonic waves.
4. **Alleged Orchestration:** I believe the entire sequence of events and the methods used against me are following the steps and procedures outlined in the referenced "Nevada electronic torture Act," which is being used as a template or script for the electronic torture and harassment.

# REQUEST FOR ACTION

I urgently request a comprehensive federal investigation into these allegations. The use of advanced neurotechnology and military-grade directed energy weapons against a civilian constitutes a severe violation of law and human rights, demanding immediate action by all relevant governmental agencies, including the Department of Defense, Department of Justice, and federal law enforcement agencies (FBI and DHS), as well as the Federal Communications Commission regarding the alleged misuse of satellite and radar technology.
I can be reached at the contact number provided above to offer further testimony and evidence.
