Re: [REDACTED]: Excuse from Jury Duty

Participant Number: [REDACTED]

Pool Number: [REDACTED]

Juror Seq Number: 124

Dear Office of the Clerk; UNITED States District Court Eastern District of Michigan, Detroit Division,

I am writing to request an exclusion from jury duty for my patient [REDACTED]. She has been a patient since November 2007. Ms. [REDACTED] has a medical condition, electrosensitivity, which is characterized by significant biological illness and response to all wireless radiation that is emitted from: cell phones, Wi-Fi, routers, smart meters, all smart/wireless devices and cell towers. Electrosensitivity is formally recognized as a disability by the ADA.

Her condition necessitates that she is free from exposure and not in environments for any significant amount of time that have wireless radiation via any of these sources. This precludes her from being in public buildings for any duration of time and/or participating in jury duty.

Ms. [REDACTED] needs to make very high level accommodations in her own daily life to both treat and manage her condition and I ask that this be recognized by the court. I formally ask that she be exempted from jury duty; and as her physician I state that this is medically necessary.

Please feel free to contact me should you have any questions.

Sincerely,

Laura Kovalcik D.O.
