#18

REGARDING NEW EMF AND ACOUSTIC DEW AND INFRASOUND :

HHS SHOULD BE IN CHARGE OF ALL HUMAN SUBJECTS RESEARCH INVOLVING ELECTROMAGNETIC BIO-EFFECTS AND RADIATION SO ABUSE DOES NOT OCCUR.
REGULATIONS ARE NEEDED ON HOW OFTEN DIRECTED ENERGY OR INFRASOUND WEAPONS CAN BE DIRECTED AT A SUBJECT AND HOW STRONG EXPOSURE IS ALLOWED TO BE.
VICTIMS MAY NOT HAVE THE INTELLIGENCE TO EXPLAIN WHAT IS HAPPENING, BUT THEY SHOULD NOT THROWN INTO MENTAL HOSPITALS BECAUSE THIS RESEARCH IS ONGOING AND ABUSE EXISTS.
